He then asked Mr. Coleman to check with Victor Poole about the posting of an updated *Academic Program Assessment Guide* on the College Website.

A new assessment guide for general education was then discussed and Dr. Chevalier noted that he had revised the guide in December to include a description of how the general education SLOs are assessed in the School of Mathematics and Natural Sciences. Dr. Sharman noted that both schools would be providing Mr. Gribbin on January 10<sup>th</sup> several files documenting how general education assessment was being conducted. After discussion, the members agreed that a special committee meeting be scheduled in January to discuss the preparation of the College's *Response Report* to the SACSCOC Reaffirmation Committee's recommendation concerning *8.2b General Education Assessment*.

The meeting concluded at 2:33 pm.
