Michael Luzzi, and Valerie Czerny

Members Absent: Larry Braddy

I. Called to Order: 1:00 PM

II. New Business:

- i. Meghan Crews shared the Library's Technology Circulation Policy with proposed modifications to the committee members. The changes include longer loan times, specific means of communication with patrons, and a patron's eligibility for a technology ban. An additional clause states that failure to return an item may result in the filing of a police report with the EGSC Police Department.
- ii. All members agreed to the changes and the inclusion of this clause.
- iii. Meghan Crews asked Mike Luzzi if he was happy with the current system of tracking graphing calculator checkouts in Statesboro. Though he is currently happy with the system in place, the Library's ILS will be changing in June. Meghan may meet with him later to discuss future options.
- iv. The policy and its changes were approved with all in favor.

III. Adjournment: Meghan Crews adjourned the meeting at 1:20 PM
