

Catalog 2017-2018

LET'S GET ASSOCIATED.

The statements set forth in this Catalog are for information purposes only and should not be construed as the basis of a contract between the student and this institution. While the provisions of this Catalog will ordinarily be applied as stated, East Georgia State College reserves the right to change any provision listed herein, including but not limited to academic requirements for graduation, without actual notice to the individual student. Every effort will be made to keep students advised of such changes. Information on changes will be available in the Office of the Registrar. Ultimately, each student is responsible for staying apprised of current graduation requirements in their particular degree program. While academic advisors should be consulted regularly, students are responsible for the completion of their chosen degrees.

East Georgia State College
131 College Circle
Swainsboro, Georgia 30401
General Information: (478) 289-2000
Admissions: (478) 289-2169
URL: www.ega.edu

Hello and welcome to East Georgia State College! We are excited that you have chosen our institution and we welcome the opportunity to assist you in furthering your education. In an effort to better educate you to college life in general and this institution in particular, we have attempted to tailor this document to what we perceive to best suit 'your' needs, those of a student. You will find general information at the front, followed by area specific information concerning Admissions, Financial Aid, Academic Policy, Fee Payment, Student Services, Certificates, Associate and Bachelor Degree Information, Transfer Pathways and an alphabetical listing of course offerings with course descriptions. Please take time to read this information. It will offer valuable insight regarding policies, procedures and services provided by East Georgia State College. We hope you enjoy your time with us and if there is anything we may do to assist you, please do not hesitate to contact us. Should you have any suggestions for ways to improve this publication please email the Registrar at tross@ega.edu.

Catalog Editions

Students will normally satisfy the curricular degree requirements of the catalog in effect at the time they enter. It must however be recognized that revisions may be required to provide more effective programs. Changes in academic regulations affect all students. Examples include the academic honesty policy, procedures for removing incomplete grades, and appeals procedures. There are several instances, however, when students will be required to "change catalog editions." This means that students will be required to satisfy the curricular degree requirements of the current catalog in effect when/if they: change their degree program, re-enter the college after a period of two or more consecutive years in which they have earned no academic credit, or have not graduated by the time their catalog edition is 10 years old. The curricular degree requirements of more than one catalog edition cannot be combined. Students who choose to satisfy requirements of a later catalog must notify the Registrar's Office.

Americans with Disabilities Act

In compliance with the Americans with Disabilities Act (ADA), East Georgia State College will honor requests for reasonable accommodations made by individuals with disabilities. Students must self-disclose their disability to the counselor before academic accommodations can be implemented.

Equal Opportunity Policy Statement

East Georgia State College is an affirmative action, equal opportunity educational institution. Admissions, treatment, and employment at the college will not be influenced by race, sex, color, religion, national origin, age, veteran status, or disability.

Annual Notice of Student Rights under FERPA

This institution is covered by the Family Educational Rights and Privacy Act of 1974 (FERPA) as amended, which is designed to protect the student's rights with regard to education records maintained by the institution. Under this act, a student has the right to inspect and review education records maintained by this institution that pertain to the student, to challenge the content of records on the grounds that they are inaccurate, misleading or a violation of privacy or other rights, control disclosures of education records with certain exceptions and the right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. 'Directory information' will be treated as public information and will generally be available on all current and former students at the discretion of the institution. This includes the following: student's name, address (local, home and email), telephone number (local and home), date and place of birth, major field of study, participation in officially recognized activities and sports programs, age, hometown, hobbies, and general interest items of members of athletic teams, dates and status of attendance, degrees, certificates, honors, and awards and awards applied for and/or received, and previous educational institutions attended by that student. Any student who does not wish directory information disclosed must file a written request with the Records Office. For more information concerning FERPA, refer to the Academic Policy and Procedure section of this catalog.

General Information

East Georgia State College (EGSC) is a unit of the University System of Georgia (USG). University System of Georgia offices are located at 270 Washington Street, S.W., Atlanta, Georgia 30334. The USG includes the following institutions: 4 research universities, 4 comprehensive universities, 9 state universities, 12 state colleges as well as Georgia Public Library Services and Georgia Archives. These public institutions are located throughout the state. A 15-member constitutional Board of Regents governs the University System, which has been in operation since 1932. Appointments of Board Members are made by the Governor, subject to confirmation by the State Senate. The regular term of Board members is seven years. The Chairman, Vice Chairman, and other officers of the Board are elected by the members of the Board. The Chancellor, who is not a member of the Board, is the chief executive officer of the Board and the chief administrative officer of the University System. The overall programs and services of the University System are offered through three major components: Instruction, Public Service/Continuing Education, and Research.

Instruction consists of programs of study leading to degrees, ranging from the associate (two-year) level to the doctoral level. Requirements for admission of students to instructional programs at each institution are determined, pursuant to policies of the Board of Regents, by the institution. The Board establishes minimum academic standards and leaves to each institution the prerogative to establish higher standards. Applications for admission should be addressed in all cases to the institutions.

Research encompasses investigations conducted primarily for discovery and application of knowledge. These investigations cover matters related to the educational objectives of the institutions and to general societal needs.

Governance by the Board of Regents provides a high degree of autonomy for each institution. The executive head of each institution is the President, whose election is recommended by the Chancellor and approved by the Board. State appropriations for the University System are requested by, made to, and allocated by the Board of Regents. The largest share of the state appropriations is allocated by the Board for instruction.

East Georgia State College's main campus is located at 131 College Circle, Swainsboro, Georgia 30401. The College offers a Certificate Program, an Associate of Arts and selected baccalaureate degrees. Additionally, East Georgia State College operates external campuses in Statesboro and Augusta.

Mission Statement

East Georgia State College is an associate degree granting, liberal arts institution of the University System of Georgia providing its students access to both academically transferable transfer pathways and collaborative programs in occupation related fields. The College also offers targeted baccalaureate level degrees that support the University System's initiative to expand educational opportunities. The College prepares traditional and nontraditional students for success in the global 21st century through a technologically advanced teaching and learning environment that fosters personal growth by utilizing an expanding range of resources and amenities, including an on-campus student residential option. The College also continuously engages the communities it serves through public service and cultural enrichment.

Accreditation

East Georgia State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates, associate and baccalaureate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of East Georgia State College.

EGSC Foundation Inc. is engaged in community outreach and is a member of several area chambers of commerce.

The Main Campus - Swainsboro

East Georgia State College's main campus is comprised of 249.62 beautiful acres, many undisturbed, on land that was gifted in large part by Luck Flanders Gambrell. The campus contains a mixture of buildings that are original since its opening in 1973 and new, state of the art modern ones. The campus also contains two small lakes and outdoor venues to promote student engagement and enrichment, as well as physical exercise.

Several buildings are key components to the educational experience on campus:

- The Jean Anderson Morgan Student Activities Center (referred to as the JAM by students) is the hub of student life. It is a One-Stop Shop for future and current students. The building houses Enrollment Management (Admissions, Registrar, Financial Aid), Student Life, Information and Help Desk, Student Disability and Counseling Services, CHOICE Program, Office of Student Conduct, Business Affairs (the Vice President, Business Office and Auxiliary Services), Police Department, the College Café and Cyber Café dining area, the Richard L. Brown Dining Hall, the college bookstore, student recreation room, student government office. It also houses the campus Art Gallery.
- Bobcat Villas South and West, EGSC's convenient on-campus apartments, feature 103 four-bedroom, two-bath suites with common living area and full kitchen. Each suite is fully-furnished with modular furniture, cable, microwave and refrigerator. Each private bedroom is furnished with a bed, desk, chair and a laptop safe. Residents also enjoy use of the L.C. "Shot" and Jean Strange Clubhouse directly behind Bobcat Villas for relaxing, exercising, playing games and studying.
- The Walker Academic Building is the primary facility for all things academic. The building is home to the College's three schools (Mathematics and Natural Sciences, Humanities, and Social Science) and contains faculty offices, classrooms, computer labs, modern science labs, an instructional greenhouse the Student Health Clinic., and the Center for Teaching and Learning.
- The George L. Smith Building is home to Information Technology, the IT Help Desk, and the Office of Institutional Advancement.
- The Physical Education Building houses the College's gymnasium (home of the BOBCAT Athletics), Physical Education classes, Bobcat Basketball games and is used by the student population for free time exercise. The building also contains the Humanities Art Department, a state of the art Fitness Center, the Military Resource

Center, and classrooms. The original Physical Education Building is connected to the gym and houses the Athletic Department, athletic and general student locker rooms, classrooms, faculty offices and Athletics Weight Training room. Adjacent to the PE Building is the Athletic Complex which serves the Bobcat baseball and softball teams and the College's tennis courts.

- The Luck Flanders Gambrell Building boasts classrooms, a computer lab, the Auditorium, and the Learning Commons. The Office of Human Resources, as well as the offices of the President, Vice President for Academic Affairs, Vice -President for Student Affairs, Legal Counsel/Chief of Staff, Institutional Research, and Event Planning are also located here.
- The Sudie A. Fulford Community Learning Center is a beautiful facility at the campus' main entrance made possible by a generous gift from Pete and Ada Lee Correll in memory of Ada Lee's mother, Sudie A. Fulford. The Center is a multidisciplinary, community-focused learning facility open to all Emanuel County and surrounding county residents. The facility provides space for individual and small group learning opportunities and serves as an educational resource center for teacher education students, K-12 students and teachers, and college faculty. Tutoring, group studies and flexible classroom style areas for meetings, workshops, and small conferences are just a few of the services provided by the Fulford Center, The Center provides community outreach services including a lunch and learn series, youth camps, and the Youth Leadership Academy. The Fulford Center is also home to a 20-foot, full-dome planetarium. Also housed within the center is the office of Magnolia Midlands Georgia Youth Science Technology Center. Magnolia Midlands offers teacher professional development courses. Frequently requested teacher courses are integrating Math and Science into Children's Literature, STEM-u-lating Science, and Process Skills for grades K-8.
- Outdoor venues also have a presence and play a large part in a student's academic and social experience on campus. An 18-hole disc golf course is located near the entrance to the campus and is host to the state collegiate tournaments each year. Both a 5K and 10K cross country course are enjoyed by students and visitors, as well as high schools from around the state. The campus has a high and low ropes course and a nature trail, along with two small lakes. Outdoor seating and picnic areas are available for students to interact, study, and reflect in the peaceful surroundings of native pines and beautiful landscape. The campus' entrance along Madison Dixon Drive is an educational corridor which is home to several protected species (gopher tortoise, eastern indigo snake, red-cockaded woodpecker and flatwoods salamander), as well as natural landscape (upland sandhills, bottomland hardwood forest, swamp forest and bog type pine forest). Additionally, the campus has been certified as an affiliate of the Bee Campus USA due to the addition of the Bobcat Apiary, as well as, participation in Arbor Day Foundation activities.

The Learning Commons

The Learning Commons is centrally located on the Swainsboro campus in the heart of the Luck Flanders Gambrell (LFG) Center. The Learning Commons consists of the Library, Academic Center for Excellence (ACE), the Heritage Center, and Common Grounds, the campus coffee shop.

The Library provides students a welcoming atmosphere in which to gather and collaborate using advanced technological resources. These resources include access to computers, printers (including a 3-D printer), scanners, a reader- printer for microfilm and a small group presentation room. The Library maintains an estimated thirteen-thousand reels of Microfilm and numerous Microfiche holdings. The Learning Commons continues to develop its non-print resources, which include Lib-Guides, Films on Demand, DVD's, and cassette tapes. Currently electronic resources are an estimated thirty-six thousand volumes and growing. In addition, GALILEO, a World Wide Web based virtual library, provides access to multiple information resources, including secured licensed products which can be accessed from any internet connection on or off campus. GALILEO Interconnected Libraries (GIL), the Library catalog, provides access to more than forty-four thousand titles, which include bound periodicals, the Ehrlich collection (military history), nursing and educational materials. To find out the collection, the library also provides numerous periodical subscriptions and access to local and national newspaper publications. To supplement the available resources at EGSC, resource sharing is available through other Universities via InterLibrary Loan (ILL) and GIL Express services.

The ACE serves as the College's tutoring center, testing center, advisement center, and houses the Director of Learning Support. Student use and interaction is encouraged, and the ACE staff administers student participation in the Service Seal of Distinction program.

The Heritage Center houses a special collection of materials dedicated to the history of Emanuel County and surrounding areas. This collection contains genealogy resources, civil war documents, census records, a variety of maps, and a unique collection of East Georgia State College's memorabilia, dating back to the college's founding in 1971.

East Georgia State College Statesboro

East Georgia State College has had a presence in Statesboro since 1997. Students can earn an Associate of Arts degree in General Studies, Psychology, and Sociology with a seamless transfer option to Georgia Southern University. Instructional classes are taught at EGSC's state of the art academic facility located at 10449 US Highway 301 South. Through a collaborative program with Georgia Southern University, some EGSC Statesboro classes may be taught in classrooms at Georgia Southern and bus transportation between the two locations is available to students. EGSC Statesboro is home to the Academic Center for Excellence (ACE), faculty offices, classrooms, computer labs, a small bookstore and Common Grounds II coffee shop.

East Georgia State College Augusta

In May, 2013, East Georgia State College extended its access mission to the Augusta area through a cooperative academic program with Augusta University (AU). EGSC Augusta operates on AU's Summerville campus, and the program enrolled its first students fall 2013. Following the completion of 30 credit hours in the program, students with a cumulative Grade Point Average of 2.2 or higher are eligible to transfer into a bachelor degree program at AU. Classes are taught in several buildings (Allgood, Washington Hall, Science Hall and Galloway Hall) by EGSC Augusta faculty. Payne Hall is home to EGSC Augusta's administrative offices. The Academic Center for Excellence (ACE), and a computer lab are located in Galloway Hall. EGSC Augusta students may co-enroll in courses with AU and also participate in the Army ROTC program at AU. Additionally, EGSC Augusta students may apply for on-campus AU Housing.

Tobacco Free Campus

East Georgia State College, one of the first USG institutions to adopt a tobacco free campus, prohibits the use of any tobacco products on campus as a means to foster the health and safety of our students, faculty, staff, and visitors and to promote the cleanliness of our facilities and grounds.

On-Line Degrees

East Georgia State College offers an on-line Associate of Arts degree as well as a Bachelor of Arts in Fire and Emergency Administration and a RN-to-BSN Bridge Program. Pursuing an on-line degree at EGSC is resourceful, flexible and convenient: individualized learning and accessible faculty enable students to study and learn at their own comfortable and successful pace, which often translates into goals being reached in a shorter period of time; and often, when the cost of gas, parking, housing, and other fees associated with a traditional campus-based education are eliminated, students can save money by earning an on-line degree. There may be instances when students may have to come to a campus location at the discretion of the instructor; however, instructors work with students in an attempt to make reasonable accommodations for students not physically located within driving distance of the institution.

Collaborative Agreements

A cooperative Bachelor of Business Administration degree program with emphasis in Management, Accounting or Human Resources is in place between East Georgia State College and Georgia Southwestern State University in which EGSC provides the AA degree and Georgia Southwestern provides the BBA degree. Students must meet eligibility requirements in order to be accepted into the BBA program. All courses for this cooperative program are offered via interactive video and on-line classes.

East Georgia State College Foundation

The primary purpose of the East Georgia State College Foundation is to promote higher education in the region through development of the local college. The Foundation is empowered to create scholarships and/or endowments and to furnish grants for research or scholarly work in arts, science, education or other fields in which East Georgia State College has an interest. Established in 1975, the Foundation is governed by a Board of Trustees whose officers are: Mr. Denny Key, Chair; Mr. Richard McNeely, Vice Chair; Mrs. Harriet Ray, Secretary; Cliff Gay, Treasurer; EGSC President Bob Boehmer, Executive Director; and Mr. Bill Rogers, Jr., Past Chair. Other members of the Board are: Dr. Jean Bridges; Dr. John Derden; Mr. Dustin Durden; Mr. Milton Gray, Jr.; Mr. Donald Jenkins; Ms. Juanita Porter; Mr. Wade Johnson; Mr. Bobby Reeves; Mr. Scott Rosenau; Dr. Bobby Sasser; Mr. Charles Schwabe; Mr. Bill Simmons; Mr. Larson C. (Shot) Strange; Mrs. Lynda Talmadge; Mrs. Toni Terwilliger; Mr. Ken Warnock; Mrs. Tammy Wilkes; and Mrs. Carol Yeomans. Mrs. Marcile Bird, director emeritus; Mr. Bill Devane, director emeritus; Mrs. Caroline Harless, director emeritus; Mr. Phillip

Jennings, III, director emeritus; Representative Larry J. "Butch" Parrish, director emeritus; Senator Jesse Stone, director emeritus; Mr. Henry Gambrell, director emeritus, Mrs. Paula Karrh, director emeritus; Mrs. Jean Morgan, director emeritus; Mr. Nick Herrington, director emeritus; Dr. John Black, honorary director emeritus.

East Georgia State College Academic Scholarships

An array of scholarships from civic clubs, organizations, individual donors and the East Georgia State College Foundation are awarded to students annually. Scholarships may be need-based (based on financial need), merit-based (based on academic achievement), or merit-based with consideration given to financial need. Criteria and the East Georgia State College Scholarship Application may be obtained from the Office of Financial Aid. All scholarships are applied for online at the college website. Current available scholarships include: the Beta Sigma Phi Scholarship, Betty Colston Scholarship, Dekle-Lamb Scholarship, Bryant, Dorothy and John Black Scholarship, Kiwanis Circle K Scholarship, Gambrell Scholarship, Herrington Scholarship, James W. Buckley Scholarship, Jennings Scholarship, Jerry Ashcroft Scholarship, Livingston Scholarship, Richard L. Brown Scholarship, Hubert and Nell Reeves Family Scholarship, Rountree Family Scholarship, Walker Scholarship, the Deveraux, Haigh, Lippett Scholarships, Sallie Canady Scholarship, Charles Eames Scholarship, Vendie Hooks Scholarship, Ray Scholarship Jean and Shot Strange Scholarship and Willie D. Gunn Scholarships.

The Correll Scholars program is an annual opportunity for 20 incoming freshmen each year to obtain a \$5000 annual scholarship for each year they attend EGSC. The criteria include academic achievement, leadership skills and service to mankind. Applications and criteria are found online ([here](#)). Students are encouraged to explore all possible scholarship opportunities to assist in meeting financial obligations during college.

The CHOICE Inclusive Learning Program

The CHOICE program is a two-year, non-degree college inclusion program at East Georgia State College that received approval as a *Comprehensive Transition Program (CTP)* in Spring 2017 by the U.S. Department of Education. Students with an intellectual disability may receive funding from the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant and Federal Work-Study. For more information on CTP please click [here](#).

The CHOICE program is designed to provide students, who may traditionally be excluded from post-secondary education, the opportunity to participate in college classes and develop work-readiness employment skills. Students with Intellectual and Developmental Disabilities may qualify for this program. East Georgia State College staff and faculty strive to help students succeed by approaching Education, *with a Personal Touch*. The CHOICE program's staff and faculty embrace this approach and strive to provide participants with a rewarding college experience filled with student activities and small classes with faculty who are dedicated to teaching and preparing them for whatever challenges they wish to pursue beyond the CHOICE experience.

The CHOICE program provides instruction in the following areas: Career Development and Employment, Academic Enrichment, Campus and Community Engagement, Self-Determination, and independent living. The CHOICE Program staff creates a unique and customized plan for achievement using a person-centered planning approach. Student participants audit traditional courses, complete specialized CHOICE courses, and participate in job shadowing/internships experiences on and off campus to support career exploration and development of employment skills. In addition to the academic program, CHOICE participants have access to the Jean Anderson Morgan Student Activities Center, recreation and exercise activities, sporting and entertainment events, student clubs and organizations, as well as on-campus housing. Upon successful completion of the program requirements, participants are eligible for the CHOICE Certificate of Accomplishment in Work Readiness Skills. For more information, please visit the CHOICE program website ([here](#)).

The Vision Series

The Vision Series at East Georgia State College is a college initiative that brings programs of intellectual and cultural enrichment to the college and its broader constituency. Since its inception, the Vision Series has brought to our community outstanding personalities-authors and newsmakers-musical performances, dance companies, and theatrical productions. Through sponsored field trips, students and community members have had numerous opportunities to attend exhibitions and dramatic productions, not only in Georgia, but in neighboring states, as well. The Vision Series has deepened and broadened the East Georgia State College experience for students and enhanced their aspirations. Additionally, faculty, staff, and community members have benefited from these events.

Admissions

The Office of Admissions is located in the Jean Anderson Morgan Student Activities Center and can be contacted by telephone at (478) 289-2169, by mail at East Georgia State College, Admissions Office, 131 College Circle, Swainsboro, Georgia 30401-2699 or visit our website ([here](#)).

General Admissions Information

Applications and all required documents should be returned to the college five days prior to the registration date for the semester in which the student wishes to enroll. Applicants are encouraged to apply or update their applications well in advance of the deadline. Late applications may be considered at the discretion of the Director of Admissions. All applicants will be assessed a \$20 non-refundable application fee.

The College has the right to cancel admission prior to or following enrollment if the applicant becomes ineligible as determined by the standards of the Board of Regents for the University System of Georgia. Final acceptance or denial of each applicant is determined by the Director of Admissions. This decision may be appealed by the applicant under provisions set by the College and the Board of Regents of the University System of Georgia. Applicants can check their admissions status on the Admission webpage under "Check Your Admissions/Financial Aid Status".

Applicants have a responsibility to inform the College if they have been convicted of certain crimes. These convictions shall include: a finding of guilty by a judge or jury, or a plea of nolo contendere, irrespective of the pendency or availability of any appeal or application for collateral relief. Students with criminal convictions must complete a CBI form with an attached explanation of the charges and pay the \$25 processing fee. Applicants will not be admitted until documentation has been submitted pending review.

Students seeking careers and/or professional licensure in certain fields, including—but not limited to— nursing, education, criminal justice, social work, psychology, law, or medicine, may be required to submit a future background check prior to a clinical assignment, internship, and/or professional licensure. It is the student's responsibility to check the requirements of his or her degree program and professional licensing board. Successful completion of a degree program in any of the above fields at any University System of Georgia institution does not guarantee licensure or employment in that respective profession.

**Refer to Student Handbook ([here](#)) for more information about the criminal background process.*

An application is valid for the semester for which it is submitted. A student desiring to reactivate an application for a future semester, he or she must complete an Application Update form and return it to the Admissions department. If the applicant has attended another college during the past year, an official transcript must be sent from that college. The applications and records submitted to the College become the property of the College and will not be returned to the applicant or sent to another institution.

Lawful Presence

Please review the institution's policy regarding Lawful Presence on the President's Policies and Procedures webpage ([here](#)).

Mandatory Orientation

EGSC requires all new incoming freshman students to participate in one of our scheduled orientations prior to the beginning of each semester. Register for the orientation date you will plan to attend, using the "REGISTER FOR ORIENTATION" link available on the East Georgia State College Orientation webpage ([here](#)). Each new student will be charged a \$25 Orientation Fee. The mandatory orientation acquaints new students with the staff, faculty, services and facilities of East Georgia State College. Registration, academic advisement, student code of conduct and academic affairs are discussed during orientation.

Enrollment Categories

Freshman Applicants

Those students who have never enrolled in a regionally accredited college or university who plan to transfer to a four-year institution to pursue a baccalaureate degree.

***Requirements listed on the next page.*

The following minimum requirements must be met in order for a student to be considered as a freshman:

1. Must submit a completed East Georgia State College application for admission.
2. Have graduated from an accredited or approved high school or high school equivalency diploma.
3. Request a copy of high school transcript to be mailed directly from the high school to the East Georgia State College Office of Admissions or a copy of high school equivalency test scores approved by the Board of Regents mailed from their test center to the East Georgia State College Office of Admissions.
4. Students graduating from high school before 2012 must have the following HSGPA:
 - Students graduating with a Required High School Curriculum (RHSC) Diploma must have a 2.00 HSGPA calculated on the grades in the 16 required units of the RHSC
 - Students graduating with a Technical/Career Program (TCP) Diploma must have a 2.20 HSGPA calculated on the grades in the 12 academic units of the TCP.
5. Students graduating from high school 2012 or later must have a 2.00 HSGPA calculated on the grades in the required 17 units of the RHSC (Required High School Curriculum).
6. SAT and/or ACT scores are no longer required for admission to EGSC; however, students who score ≥ 24 on the Reading section of the SAT or ≥ 22 on the Math section of the SAT, or ≥ 17 on the English section of the ACT and ≥ 17 on the Math section of the ACT and are not RHSC deficient in English or Math will be exempt from the entrance exam in the applicable area(s). Students who have met these SAT and/or ACT score requirements should request official SAT and/or ACT scores be sent to EGSC by their counselor or from the Educational Testing Service.
7. Submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
 - Swainsboro or Augusta locations ([here](#))
 - Statesboro location ([here](#))
8. Complete seventeen courses of the Required High School Curriculum. Any student who does not have seventeen RHSC courses is encouraged to apply and will be considered on a case-by-case basis.

**NOTE: Freshman applicants who score less than 24 on the Critical Reading SAT (17 on the ACT) or less than 22 on the Math portion of the SAT (17 on the ACT) or have a RHSC deficiency in English or Math will be required to take an entrance exam in the applicable area(s) to determine placement in first semester courses. These exams in Writeplacer, Reading Comprehension, and Elementary Algebra are given 8:00 am – 3:00 pm Monday through Thursday and 8:00 am – 10:00 am Friday of each week, excluding holidays. There is no cost to take this exam if the application fee has been paid.*

Jump Start Summer Academy

Must meet freshman requirements to gain regular admission. Any student who placed in all three areas of learning support may gain provisional acceptance. If students are provisionally accepted, they must meet minimum scores and exit one area of learning support to gain admission for the proceeding fall semester.

Maymester: Attendance in Maymester is only a consideration for those students who are considered to be continuing their attendance at East Georgia State College. This is not an option for students whose graduation date is after Maymester begins. Any student who graduates in May will be able to attend the regular Summer semester that begins in June.

Baccalaureate Applicants (Biology or FESA)

Listed below are the admission requirements:

1. Completed application for admission
2. Certificate of immunization required prior to registration
3. Application fee (\$20)
4. Official high school and/or college transcripts (mailed directly from sending institution) showing date of graduation and successful completion of high school testing requirements
5. Student must have a 2.5 Academic Core GPA and Zero college preparatory deficiencies.
6. Scholastic Aptitude Test (SAT) scores must be ≥ 24 Verbal and ≥ 22 Math or American College Testing (ACT) scores must be ≥ 17 English or ≥ 17 Math.
7. Transfers must have 30 hours and a 2.5 GPA.
8. Transient permission letter (if applicable)
9. International applicant documents (if applicable):
 - TOEFL score(s)
 - Financial statement
 - Officially translated and evaluated transcripts
 - Copy of visa or alien resident card
10. Some pre-requisite courses apply.

Transfer Applicants

Students who have previously attended another college or university and are enrolling at East Georgia State College for the first time. Students who are enrolled in other institutions are reminded that they may not disregard their records at these institutions. Failure to report previous college attendance is considered to be sufficient cause for cancellation of the student's registration and of any credits earned.

The following minimum requirements must be met in order for a student to be considered as a transfer:

1. Must submit a completed East Georgia State College application for admission.
2. Must be a graduate from an accredited or approved high school or have earned a high school equivalency diploma.
3. Must request a copy of final high school transcript or a copy of high school equivalency test scores approved by the Board of Regents mailed from their test center to the East Georgia State College Office of Admissions.
4. Provide official transcripts from all college and technical institutions previously attended. Prior post-secondary coursework earned from accredited institutions will be evaluated and the student will be notified of work accepted. Students who are not considered to be in good academic standing at prior University System of Georgia institution(s) will be considered on a case by case basis.
5. Be eligible to continue or return to sending institution.
6. SAT and/or ACT scores are no longer required for admission to EGSC; however, students who score ≥ 24 on the Reading section of the SAT or ≥ 22 on the Math section of the SAT, or ≥ 17 on the English section of the ACT and ≥ 17 on the Math section of the ACT and are not RHSC deficient in English or Math will be exempt from the Accuplacer entrance exam in the applicable area(s). Students who have met these SAT and/or ACT score requirements should request official SAT and/or ACT scores be sent to EGSC by their counselor or from the Educational Testing Service.
7. Submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
 - Swainsboro or Augusta locations ([here](#))
 - Statesboro location ([here](#))
8. Learning Support placement at a prior University System of Georgia institution will be honored and must be completed at East Georgia State College. For the complete policy regarding Learning Support for Transfer/Returning students, please refer to the President's Policies and Procedures webpage ([here](#)).
9. Courses accepted in transfer must have been earned at a Southern Association of Colleges (SACS) accredited institution, or an institution accredited by another regional accreditation body recognized by SACS as an equal.

Transfer credit is evaluated upon receipt of official college transcripts. Grades accepted for transfer will include grades of "D" or better in core curriculum courses except in ENGL 1101 and 1102; MATH 1001, 1111, 1121, 1113, 1540, 2012 or 2013. A grade of 'C' or higher is also required of all students who enroll in EDUC 2110, 2120 or 2130 (see Course Descriptions section of the catalog). Grades below a "C" in these courses will not be accepted to satisfy a degree requirement. Learning Support courses from out-of-state and private colleges do not transfer to East Georgia State College. Out-of-State students who have taken Political Science, United States or American History will need to take a proficiency exam to receive credit for the course(s) as well as satisfy the Georgia and United States History and Constitution requirements.

Special Admission for Adult, Non-Traditional Students

Applicants for adult, non-traditional admission must have been out of high school or college for at least five (5) years and those applicants who attended college must have earned fewer than 30 semester hours of transferable college credit.

The following admission requirements must be met by adult non-traditional applicants:

1. Must submit a completed East Georgia State College application for admission.
2. Must request a copy of final high school transcript or a copy of high school equivalency test scores approved by the Board of Regents mailed from their test center to the East Georgia State College Office of Admissions.
3. Applicants must submit an official college transcript for each college attended.
4. Non-traditional applicants are NOT required to take the SAT or ACT.
5. Non-traditional applicants will be required to an entrance exam prior to being accepted and registering for classes. Applicants required to take a Learning Support course will be required to enroll in and satisfactorily complete this course prior to taking regular credit coursework.

**NOTE: Non-traditional applicants who have scored 500 or higher on the SAT within the past seven years may exempt appropriate sections of the entrance exam.*

6. Submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
 - a. Swainsboro or Augusta locations ([here](#))
 - b. Statesboro location ([here](#))

Transient Students

Students who are regularly enrolled at another institution and who expect to return to that institution, but who desires to enroll temporarily at East Georgia State College.

The following admission requirements must be met by transient applicants:

1. Must submit a completed East Georgia State College application for admission.
2. Submit a letter of transient permission stating the student is in good academic standing at the home institution and be signed by either an Academic Dean or the Registrar.
3. Submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
 - a. Swainsboro or Augusta locations ([here](#))
 - b. Statesboro location ([here](#))
4. Documentation of lawful presence or documentation of an exception.

Credit earned at East Georgia State College will be forwarded to the student's home institution upon completion of a transcript request. Transient students desiring to continue enrollment as transfer students must submit a Former Student Application ([here](#)) and satisfactorily complete all transfer requirements. East Georgia State College students desiring to attend another college as transient students must initiate procedures with their advisor at East Georgia State College prior to attending that institution.

Move On When Ready / Early Admission Students

SB 132, "The Move on When Ready Act," permits 9th through 12th grade students to leave their assigned high schools and attend postsecondary institutions full-time to earn course credit that will apply towards high school graduation and college. The "Move on When Ready Act," is intended as another option (not a replacement) for second semester 9th graders through 12th graders, in addition to other regular dual enrollment programs, residential programs, early college, career academies and charter schools. MOWR program is available to students entering the second semester of 9th grade, who have achieved the appropriate GPA requirement and are on track in attendance at a Georgia public high school.

The following admission requirements must be met by MOWR applicants:

1. Must submit a completed East Georgia State College application for admission.
2. Minimum SAT scores of 970 on the combination of the Critical Reading and Mathematics sections or an ACT composite score of 20.
3. Minimum cumulative high school grade point average of 3.00 on a 4.00 scale in Required High School Curriculum courses (RHSC) or a minimum of 80 on the high school calculation completed through the sophomore or junior year of high school.
4. A minimum Reading SAT of ≥ 24 or ACT English of ≥ 17 is required for a joint enrollment course in English 1101. A minimum Math SAT of ≥ 22 or ACT Math of ≥ 17 is required for a joint enrollment course in Math 1111.
5. Applicants must be "on-track" in completing the Required High School Curriculum (RHSC) requirements.
6. Submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
 - a. Swainsboro or Augusta locations ([here](#))
 - b. Statesboro location ([here](#))
7. Must submit an MOWR Program application each semester of enrollment (which is obtained from his/her high school counselor or via the GaFutures URL).
8. Students seeking admission to the MOWR program must also submit a copy of the MOWR Participation Agreement, signed by the high school guidance counselor, parent(s) and student along with the MOWR Checklist.

**NOTE: The Required High School Curriculum (RHSC) requirements for admission to a University System institution may be satisfied in English, Mathematics, and/or Social Science in the MOWR program. The RHSC requirements in natural science and foreign language must be completed in high school.*

Application/Document Deadlines

Fall semester	August 1
Spring semester	December 15
Summer semester	June 2

Home School/Non-Accredited High School

An applicant who completed high school graduation requirements under a home school program or graduated from a non-accredited high school may be considered for admission. According to the policies of the Board of Regents of the University System of Georgia, an applicant whose SAT I combined (Reading plus Mathematics) score is at or above the

SAT I score of the previous year's fall semester first-time freshmen admitted to the USG institution to which he or she is applying and who has completed the equivalent of each of the College Preparatory Curriculum areas as documented by a portfolio of work and/or other evidence that substantiates College Preparatory Curriculum completion qualifies for consideration for admission.

Home school applicants, regardless of age, must submit the following documents:

1. Must submit a completed East Georgia State College application for admission.
2. Submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
 - a. Swainsboro or Augusta locations ([here](#))
 - b. Statesboro location ([here](#))
3. Official SAT or ACT scores – Student must have ≥ 24 Reading and ≥ 22 Math on the SAT or 17 English and 17 Math on the ACT. *Information for requesting official scores can be found at www.collegeboard.com or www.act.org*
4. Home School Portfolio – Applicants who were home schooled must submit a Home School Portfolio Summary form along with supporting documentation.
5. Letter of Completion from the primary teacher or program administrator certifying completion of high school and date of high school graduation.
6. Official College Transcripts from any and all college, university, or technical college(s) attended.

Home school applicants who receive earned a high school equivalency diploma will need to submit official passing high school equivalency test scores as well as a Home School Portfolio for College Preparatory Curriculum Evaluation. SAT/ACT scores are not required for applicants with a high school diploma equivalency. Placement Testing (Accuplacer) may be required prior to acceptance.

Auditors

Students who wish to enroll in regular academic classes, but receive no college credit. Admissions requirements are the same as those expected of regular freshman and transfer students. Auditor applicants must submit an official transcript showing evidence of graduation from an accredited or approved high school or an earned high school equivalency diploma. Students may not change from audit to credit status, or from credit to audit status after the last day of late registration for that semester. The auditor may not use any audited course for credit unless he/she repeats the course for credit as a regularly enrolled student. The college will consider the acceptance of auditors only when their enrollment will cause no hardship or inconvenience to the institution or the regularly scheduled students. An auditor may or may not, as he/she wishes, participate in all activities of the course including taking examinations and submitting of papers for evaluation. Regular matriculation fees will be charged for courses which are audited. An application for admission must be filed with the Office of Admissions prior to the opening of the semester for which the auditor plans to enroll. Be aware that financial aid will not pay for audited courses.

Persons 62 Years of Age or Older

Must be residents of Georgia, 62 years of age or older at the time of registration and present a birth certificate or other comparable written documentation of age to enable the institution to determine eligibility. Individual may enroll as regular or auditing student in courses offered for resident credit on a "space available" basis during the final former student registration date without payment of fees except for supplies, laboratory or shop fees.

These applicants must meet regular admission requirements as follows:

1. Must submit a completed East Georgia State College application for admission.
2. Must request a copy of final high school transcript or a copy of high school equivalency test scores approved by the Board of Regents mailed from their test center to the East Georgia State College Office of Admissions.
3. Applicants must submit an official college transcript for each college attended.
4. Applicants are NOT required to take the SAT or ACT.
5. After registering for class(es), the student must submit a copy of their schedule to the Records Office each semester to implement the waiver.
6. Applicants will be required to take an entrance exam prior to acceptance and registering for classes. Applicants required to take a Learning Support course will be required to enroll in and satisfactorily complete this course prior to taking regular credit coursework.

**NOTE: Applicants who have scored 500 or higher on the SAT within the past seven years may exempt the appropriate sections of the entrance exam.*

7. Submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
 - a. Swainsboro or Augusta locations ([here](#))
 - b. Statesboro location ([here](#))

International Students

In addition to the requirements for beginning students and transfer students as outlined in this catalog, students from countries other than the United States must meet the following requirements for admission to East Georgia State College:

1. Present TOEFL (Test of English as a Foreign Language) scores that demonstrate proficiency in the English language, if English is not the native language. The following minimum TOEFL scores are required for admission consideration: Paper version- 523 or computerized version- 193. Minimum IELTS score required is (6). Any student who has successfully completed a program or coursework of English as a second language, that is SEVIS approved, may be exempt from the TOEFL or IELTS requirement. Each exception must be approved by the AR Appeals Committee.
2. Must present official secondary (high school) or post-secondary (college or university) transcripts, diplomas, certificates including grade reports and courses completed. An official English translation must accompany all academic documents. Please contact the Admissions Office for approved agencies.
3. Must have achieved a level of education equivalent to high school graduation in the United States.
4. Must submit a completed East Georgia State College application for admission and pay a \$20 application fee.
5. Must submit the "SEVIS Data Form".
6. Must submit a financial statement outlining student's ability to pay all East Georgia State College expenses in full (at least \$20,000). International students are not eligible for financial assistance. The College reserves the right to request funds for one year from countries in which students experience unusual difficulty in sending money out of their country.
7. Must present evidence of personally acquired health and accident insurance from an approved college agency. International students who have personal insurance coverage through private sources or sponsors and would like to apply for an exemption of the school plan may do so. Insurance must be acquired within 30 days of the first day of classes.
8. Must submit SAT scores (≥ 24 Reading / ≥ 22 Mathematics), ACT (17 English/17 Math) or take an entrance exam in the areas of Writing, Reading, and Mathematics before gaining admission and registration. Students scoring below the minimum required score will be placed in the appropriate learning support courses designed to teach the skills needed to pass college level coursework. Any student who has successfully completed a learning support course in English and/or reading as part of a program of English as a second language will not be required to take a placement exam in English and/or reading.
9. It is the policy of East Georgia State College not to issue any Certificate of Eligibility for non-immigrant (F-1) student status (Form I-20) until all international student admission requirements have been met. Since no Form I-20 will be issued within thirty (30) days prior to the date of registration, international students are encouraged to have their admissions file completed at least 60 days in advance of the start of their semester of entrance.
10. International students with student (F-1) visas are required to take a full course load (12 semester hours) spring and fall semester.
11. East Georgia State College reserves the right to admit only an international applicant who is academically qualified, who has proven his/her ability to meet the financial requirements while in attendance, and who has qualified for the appropriate visa type.
12. East Georgia State College has on-campus housing. Any student interested in on-campus housing must submit their application 60 days prior to their term of entry. Students assume responsibility for their own housing.
13. Submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
 - Swainsboro or Augusta locations ([here](#))
 - Statesboro location ([here](#))

International Student Application Deadline

Fall semester	July 1
Spring semester	November 15
Summer semester	May 2

Non-Degree Seeking Students

The Director of Admissions may, under special circumstances, allow students to enroll as non-degree seeking students when they are taking courses to pursue some special interest or for self-enrichment and do not wish to work toward a degree.

The following minimum admission requirements will be applied to non-degree admission students. Additional admission requirements may be required:

1. Must submit a completed East Georgia State College application for admission.
2. Must request a copy of final high school transcript or a copy of high school equivalency test scores approved by the Board of Regents mailed from their test center to the East Georgia State College Office of Admissions.
3. The Required High School Curriculum (RHSC) requirements and SAT/ACT test scores are not applicable.
4. All applicants in this category may be required to take a placement exam unless previously exited at a prior college. A transcript from the prior college is required.
5. Students who will take a course which has a Learning Support prerequisite in an area (or areas), all Learning Support requirements in that area (or areas) must be met.
6. Students enrolled in this program are limited to twelve (12) semester hours of coursework. Students may not enter degree programs until regular admission requirements for this institution have been satisfied.
7. Submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
 - a. Swainsboro or Augusta locations ([here](#))
 - b. Statesboro location ([here](#))

RN to BSN Bridge Nursing Program Students

The East Georgia State College (EGSC) RN to BSN Bridge Nursing Program entails a total of 120 credit hours (including 60 core credit requirements hours, 30 credit hours of lower level nursing credits and 30 upper division nursing credit hours). The EGSC RN to BSN Bridge Nursing Program requires students to have an unrestricted State of Georgia registered professional nursing license. Upon meeting criteria for admission into the RN to BSN Nursing Program, proof of a valid and unrestricted Georgia registered professional nursing license and submission of all nursing program documentation, RN to BSN students will receive the 30 credit hours of lower nursing credits that are held in escrow toward the BSN degree. The remaining 30 credit hours earned through successful completion of EGSC upper division nursing courses will make the RN to BSN Bridge nursing program student eligible for graduation with a Bachelor of Science in Nursing (BSN) degree from EGSC.

Admissions Criteria: Students seeking admission into the RN to BSN program must meet all requirements and be accepted into East Georgia State College under regular admission status with RN to BSN Bridge Nursing Program as the designated major. The student must complete an application for admission to the Nursing Department prior to the application deadline. At the time of application to the nursing program, students must meet the criteria for full and unconditional admission to the college and satisfy all admission criteria for the RN to BSN Bridge Nursing Program for which the student seeks application. Students are admitted into the RN to BSN Bridge Nursing Program based on competitive selection process and space availability.

These applicants must meet the following minimum requirements for admission to the RN to BSN program:

1. Regular unrestricted admission into East Georgia State College with evaluation of transcripts.
2. Graduation from an associate degree or diploma registered nurse program.
3. Documentation of proof of valid and unrestricted Georgia registered professional nurse licensure.
4. Submission of EGSC admissions application by the deadline.
5. Submission of EGSC Nursing Department application by the deadline.
6. Minimum 2.50 GPA (cumulative and nursing).
7. Minimum grade of 'C' or higher in all pre-requisite courses.
8. Completion of all required core courses. ****NOTE: Students may petition the nursing program director for special consideration if all core courses are not completed.**
9. Courses taken at other accredited institutions may be used to satisfy pre-requisite course requirements.
10. Pre-check® criminal background checks are required of all students accepted into the nursing program.
11. Substance (drug) screens including random screens are required of all students accepted into the nursing program. ****NOTE: All screens must be completed at designated service provider only.**
12. Students are admitted into the RN-BSN Bridge Nursing Program based on competitive selection and space availability.

East Georgia State College Statesboro / East Georgia State College Augusta

The primary purpose of East Georgia State College Statesboro and Augusta programs is to accommodate students who, due to rising admissions standards throughout the University System of Georgia, do not meet regular freshman admission requirements for universities. These programs provide this population of students the opportunity to become academically successful and earn a liberal arts degree. It is understood that the majority of the students who attend East Georgia State College Statesboro desire to transfer to Georgia Southern University and East Georgia State College Augusta students desire to transfer to Augusta University. All institutions work closely together to ensure students receive the best in academic and student services support.

Students accepted for East Georgia State College Statesboro or East Georgia State College Augusta are coded according to their location of attendance and during the registration process they are assessed the university and technology fees that are currently being charged all students attending either Georgia Southern University for Statesboro or Augusta University for Augusta. These additional fees result in a higher total cost when compared to students taking courses on the Swainsboro campus. East Georgia State College Statesboro and Augusta students can take coursework on the main campus in Swainsboro or online, and are encouraged to do so in the event that course availability limitations prevent students from attaining a desired course load in Statesboro or Augusta.

Following registration, East Georgia State College Statesboro or Augusta students may present proof of registration to the either the Russell Student Union or the Jaguar Student Union, in order to receive a Student ID Card. This ID card allows access to Student Life activities on the Georgia Southern University or Augusta University campus and is considered to be one of the many benefits of the programs.

Students enrolled at East Georgia State College Statesboro or Augusta are a-part of those campus communities, and are therefore subject to the provisions of the Georgia Southern University and Augusta University Student Handbook and Catalog.

To be eligible to transfer into baccalaureate programs, students must have satisfied all Learning Support and Required High School Curriculum (RHSC) requirements and must have earned at least 30 semester hours of degree credit, with a cumulative grade point average of 2.0 or higher (if transferring to Georgia Southern University and we offer a seamless transfer to Augusta University after 30 hours of credit successfully earned and a GPA of 2.2 (Fall 2015); and 2.3 (Fall 2016), grades earned in courses taken at GSU or AU are not calculated into the transfer GPA). Each semester, an East Georgia State College Statesboro / Augusta –Transfer Meeting is held for students who anticipate transferring the next semester. Specific details concerning these meetings are sent to East Georgia State College Statesboro / Augusta students via the East Georgia State College Cat Mail email system.

College Credit for Military Education

Students should refer to the institution's policy for College Credit for Military Education on the President's Policies and Procedures webpage ([here](#)).

Credit by Examination

College Level Examination Program (CLEP): Students may earn up to 18 semester hours of college credit by making satisfactory scores on the Subject Examinations of the [College Level Examination Program \(CLEP\)](#). The CLEP Subject Examinations measure achievement in specific subject areas. These exams require college-level knowledge and critical-thinking ability; sufficient preparation is required to do well. CLEP tests are given at many colleges and universities nationwide. A list of test centers is available at the CLEP Website ([here](#)).

To earn CLEP credit a student must earn a score of 50 or above. Students earning a score of 50 or above on the College Composition Subject Examination must also write an essay, which will be graded by the English Department. The English Department must approve and "pass" the essay only before credit for College Composition I will be awarded. CLEP credit is not awarded for any science-related course that has laboratory requirements. A student may not attempt a CLEP examination for a course in a field in which credit has been earned for a more advanced course. No examination may be repeated in an attempt to receive credit. Hours earned by examination are recorded on a student's permanent record with the notation "credit by examination" with the course name and number. Grades are not given; therefore, credit by examination does not affect a student's grade point average.

Departmental examinations are available in certain subject areas not included as a part of the College Level Examination Program. An example of a departmental examination is the First-Aid examination. Permission must be

granted by the Vice President for Academic Affairs for a student to attempt a departmental examination. The Vice President for Academic Affairs along with the Deans and faculty members of the respective subject area will grade and review the examination to determine if the student meets the competencies and course knowledge to be granted credit for the course.

Advanced Placement: Subject to approval by the appropriate East Georgia State College academic department, high school students who participate in an Advanced Placement Program will be awarded appropriate course credit provided a score of three (3) or better is earned on The College Board Advanced Placement Test (AP). Official test scores should be mailed directly from The College Board to the Office of the Admissions/Records Office for review. Each student will receive confirmation of credit awarded. Advanced Placement tests and the equivalent East Georgia State College courses are listed on the EGSC Website ([here](#)).

International Baccalaureate Test: Students should refer to the institution's policy for credits awarded through the International Baccalaureate Test posted on the President's webpage ([here](#)).

Required High School Curriculum

Completion of the USG's Required High School Curriculum ("RHSC") requirements and graduation from a high school accredited by a regional accrediting association (such as the Southern Association of Colleges and Schools) or the Georgia Accrediting Commission or from a public school regulated by a school system and state department of education.

Students applying to any institution must present credit for sixteen (16) specified units. Students who graduate from high school in 2012 or later must present credits for seventeen (17) specified units.

The 16 (17 for students who graduate in 2012 or later) specified USG units are:

- **MATHEMATICS:** Four (4) units of Mathematics, including Algebra I, Algebra II, and Geometry. For students who graduate from a Georgia Public School in 2012 or later, the 4 units of Mathematics must include a course at the level of Math 3 or higher.
- **ENGLISH:** Four (4) units of English which have as their emphasis grammar and usage, literature (American, English, World), and advanced composition skills.
- **SCIENCE:** Three (3) units of science, with at least one laboratory course from the life sciences and one laboratory course from the physical sciences. Students who graduate in 2012 or later must have four (4) units of science. Georgia Public High School graduates must have at least one (1) unit of biology, one (1) unit of physical science or physics, and one (1) unit of chemistry, earth systems, environmental science, or an advanced placement science course.
- **SOCIAL SCIENCE:** Three (3) units of social science, with at least one (1) course focusing on United States studies and one (1) course focusing on world studies.
- **FOREIGN LANGUAGE:** Two (2) units in the same foreign language emphasizing speaking, listening, reading, and writing. Two (2) units of American Sign Language may be used to satisfy this requirement.

Students, graduating from high school within the past five years who have not followed the Required High School Curriculum, must complete the deficiencies in the following ways:

English: Students graduating with fewer than the four required Carnegie units of English will be required to take the placement exam in English and Reading.

Based upon the student's score, the student would either:

1. Be exempt from Learning Support English and/or Reading OR
2. Be placed in Learning Support English and/or Reading at the appropriate level. Upon completion of the Learning Support course, the deficiency would be satisfied.

Mathematics: Students graduating with fewer than the four required Carnegie units of mathematics will be required to take the placement exam in Mathematics.

Based upon the student's score, the student would either:

1. Be exempt from Learning Support Mathematics OR
2. Be placed in Learning Support Mathematics at the appropriate level. Upon completion of the required Learning Support, the deficiency would be satisfied.

Science: Students graduating with fewer than three Carnegie units of science will be required to complete an additional four-semester hour course in laboratory science chosen from the approved laboratory sciences in Area D of the System Core Curriculum.

Courses that will satisfy this deficiency are:

BIOL 1103/1104	Introductory Biology I/II
BIOL 1107/1108	Principles of Biology I/II
CHEM 1211/1212	Principles of Chemistry I/II
GEOL 1121	Physical Geology
GEOL 1122	Historical Geology
ISCI 1101	Integrated Science
PHYS 2211	Physics I: Classical Mechanics
PHYS 2212	Physics II: Electricity and Magnetism, Optics

Social Science: Students graduating with fewer than three Carnegie units of social science will be required to complete one additional three-semester hour course chosen from the approved social science in Area E of the System Core Curriculum.

Courses that will satisfy this deficiency are:

ECON 2105	Principles of Macroeconomics
ECON 2106	Principles of Microeconomics
HIST 1111	Western Civilization to 1648
HIST 1112	Western Civilization since 1648
HIST 2111	U.S. History to 1865
HIST 2112	U.S. History since 1865
PSYC 1101	General Psychology
SOCI 1101	Introduction to Sociology

Foreign Language: Students graduating with fewer than two Carnegie units of the same foreign language will be required to complete an additional three-semester hour introductory foreign language.

Courses that will satisfy this deficiency are:

FREN 1001	Elementary French I
SPAN 1001	Elementary Spanish I

The following provisions apply to the Science, Social Science, and Foreign Language requirements: The student must earn a 'C' or better in each of these courses. The course should be taken with the idea of expanding the student's previous exposure to the disciplines. Grades assigned to students satisfying Required High School Curriculum deficiencies in science, social science, and foreign language will be in conformance with the Uniform Grading Policy of the University System. Such grades will be included in the student's semester and cumulative grade point average, and credit hours earned for these courses are to be counted in the student's total hours earned for student classification and reporting purposes and they may be counted towards the completion of the Core Curriculum or other graduation requirements.

Required High School Curriculum (RHSC) Completion Requirements

Please refer to the policy regarding Required High School Curriculum (RHSC) requirements located on the President's Policy and Procedure webpage, found [here](#).

Learning Support Placement Policy for Mathematics, Reading and English

Students who score ≥ 24 on the Critical Reading SAT (17 on the English ACT) or ≥ 22 on the Math portion of the SAT (17 on the Math ACT) and who do not have a RHSC deficiency in English and/or Math will not have to take the placement exam in the applicable area. The entrance exam consists of three parts: Writeplacer, Reading Comprehension, and Elementary Algebra. These exams are given 8:00am – 3:00 pm, Monday – Friday, excluding holidays on the Swainsboro campus. Students must contact EGSC – Augusta or EGSC – Statesboro to schedule testing. Transfer students from other University System institutions that have previously exempted, placed, or exited Learning Support requirements from the transferring institution will have this status honored by East Georgia State College. International students will be required to take the placement exam in all three areas, unless they have completed a Learning Support course as part of an English as a Second Language program at another University System institution.

Listed below is the placement index range information for Learning Support placement.

Math Placement Index (MPI) Range	Course Placement
928—1164	MATH 0989 Foundations for College Algebra
1165—1264	MATH 1001 Quantitative Skills & Reasoning OR MATH 1111 College Algebra with MATH 0999 College Algebra Support
1265+	MATH 1111 College Algebra OR MATH 1113 Pre-Calculus (with SAT MATH ≥ 530) or by approval of the instructor

English Placement Index (EPI) Range	Course Placement
3032—4200	ENGL 0989 Foundations for College English
4201—4229	ENGL 1101 Composition I with ENGL 0999 Composition I Support
4230+	ENGL 1101 Composition I

Student Immunization Policy

All beginning students (freshmen, transfer, and others) attending regularly scheduled classes or receiving resident credit are required to submit a Certificate of Immunization prior to attending classes. Students admitted to the EGSC – Statesboro must complete the EGSC – Statesboro immunization form. The Certificate of Immunization will be kept on file and will be valid throughout the tenure of the student.

Exceptions to the policy are students who have religious objections and students whose physicians have certified that they cannot be immunized because of medical reasons. Students who have not presented evidence of immunization as set forth above will be denied admission to East Georgia State College or other facilities of the University System until such time as they present the required immunization certificate.

The Certificate of Immunization must be on a form provided by the University System of Georgia and signed by a physician or an official of a County Health Department. The Certificate of Immunization can be obtained by referring to the following links:

- Swainsboro/Augusta ([here](#))
- Statesboro ([here](#))

Student Residency

East Georgia State College is required, under the guidelines established by the Board of Regents of the University System of Georgia, to determine the residence classification of all applicants and students of the institution for fee payment purposes. The priority deadline for submitting a *Petition for Classification of Students for Tuition Purposes* is as follows:

Fall semester	August 1
Spring semester	December 15
Summer semester	June 1

Petitions or waivers are not applied retroactively to past semesters.

For an in-depth description of the Board of Regents policy regarding Classification of Students for Tuition Purposes, please refer to the University System of Georgia—Board of Regents Policy 4.3.2 ([here](#)).

Waivers

Students not eligible for in-state tuition may be eligible for an out-of-state waiver. Waiver applications should be submitted at least two weeks prior to the first day of the term for which the out-of-state tuition is to be waived. Applications received after this deadline will be considered as time permits. Tuition waivers are valid for a limited period of time, usually up to 12-consecutive months or as long as the student remains continuously enrolled. Students can review available waivers and their specific requirements on the *Waivers and Tuition Classification* webpage ([here](#)). The Institution's policy regarding Presidential Waivers can be reviewed on the President's Policies and Procedures webpage ([here](#)).

Students will receive a decision regarding the out-of-state tuition waiver via email.

Right to Appeal: Any student has the right to appeal the classification as a non-resident for tuition purposes. The burden of proof rests with the student. The College reserves the right to acquire any documentation it deems necessary for the classification of students as residents. Students are responsible for notifying EGSC of incorrect residence classifications and will be liable for additional fees. Individuals who are classified non-resident by the College, but who claim to qualify as legal residents, must file a "Petition for Classification of Students for Tuition Purposes" form with required supporting documentation to the Office of the Registrar by the deadline listed on the petition form. Resident status is not changed automatically, and the burden of proof rests with the student to demonstrate that he or she qualifies as a legal resident under the regulations established by the Board of Regents of the University System of Georgia. Students should be prepared to pay out-of-state tuition rates pending the outcome of their petition. East Georgia State College will consider and evaluate petitions within the first 45 days of the semester as time permits. All requests after that period will not be considered for the next term. Students may file a petition once a semester. EGSC does not retroactively consider requests for in-state tuition (waivers or petitions) for completed terms.

Petition for permanent in-state (Georgia) classification

Students seeking consideration for permanent in-state classification should review the required conditions and multiple types of required supportive documentation necessary to prove their eligibility. The *Petition for Classification for Tuition Purposes* can be found on the *Waivers and Tuition Classification* webpage ([here](#)).

Office of Financial Aid

Mission Statement

Through the financial aid program, East Georgia State College strives to provide deserving students from all economic levels and opportunity for higher education. Every effort will be made to provide assistance to students, who, without such aid, would be unable to attend college. Financial aid is awarded on the basis of need, scholastic achievement, or promise of academic success.

East Georgia State College financial aid programs are administered according to nationally established policy and philosophy of financial aid for education. Financial aid is available from a variety of federal, state, institutional, and private sources and may be in the form of a scholarship, loan, grant, employment, or a combination of these. Students may apply for financial aid online.

Code of Conduct

As representatives of East Georgia State College and the University System of Georgia, it is vital that all employees in the Office of Financial Aid maintain the trust of current and future students as well as their parents and the general public. To fulfill that obligation, it is vital that this office and the staff function in a manner consistent with the highest ethical standards.

In performing our official duties, the Office of Financial Aid will work to provide excellent customer service and avoid actions motivated by private or personal interest. We will safeguard our ability to make objective and impartial decisions based on Federal and State guidelines and shall not accept benefits of any sort under circumstances in which it could be inferred by a reasonable observer that the benefit was intended to influence our personal decision making process. The Office of Financial Aid staff will maintain a professional relationship with lenders, guarantors, or other third parties to address servicing issues related to a student's financial aid.

How to Apply for Financial Aid

1. Begin by completing an application for admission to East Georgia State College and submit an official high school transcript or high school equivalency diploma test scores and SAT scores (if applicable). Applications are available on the Office of Admissions webpage ([here](#)).
2. If you have attended another college/university/technical institution, please submit official copies of **ALL** academic transcripts to the Office of Admissions, 131 College Circle, Swainsboro, GA 30401.

The financial aid application will include the following disclaimer for the applicant certification:

"I certify that documentation submitted by me or any other person in my behalf, for the purpose of qualifying and awarding student aid is true and complete to the best of my (our) knowledge. I understand that East Georgia State College determines financial aid eligibility based on all data available including any data that I and others provide. I understand that any inaccurate data, false, statements or misrepresentation may be cause for denial, reduction, withdrawal, and/or repayment of financial aid, and I may be subject to a fine, imprisonment or both, under provisions of the United States Criminal Code. I agree to repay any awards I receive based on inaccurate data and/or funds I receive for which I am not eligible. I also understand that my Cost of Attendance (COA) may increase due to new budget regulations issued by the Board of Regents".

3. Request a Federal Student Aid ID for yourself and one parent (if you are a dependent) from the Federal Student Aid website ([here](#)).
4. All financial aid applicants must complete and submit the Free Application for Federal Student Aid (FAFSA). Complete the *FAFSA on the Web* provided by the U.S. Department of Education at www.fafsa.gov and put the East Georgia State College school code (Code: 010997) as the receiving school.

If you are a HOPE Scholar, complete the Scholarship Application (GSFAPPS) on the GAFutures website ([here](#)).

5. **Completed** financial aid applications will be processed when East Georgia State College has received your FAFSA and/or HOPE Scholarship information as well as any and all other required documentation.
6. Financial aid recipients must re-apply for assistance each year beginning **October 1**.

Recommended Application Priority Filing Dates

It is important for students to apply for financial aid as early as possible so that financial need for all applicants may be determined prior to registration. The recommended time for completing the FAFSA is as soon as possible after January 1st of each year. Students and parents are advised not to wait until April 15th to complete their Federal Income Tax Return since this information is needed to complete the FAFSA.

All required documents as well as official acceptance to East Georgia State College must be filed by the following priority file dates:

Fall Semester	June 1 st
Spring Semester	October 1 st
Summer Semester	March 1 st

Students who are not "officially accepted" and do not have a complete file, including all Student Aid Report Corrections and request for documents required by the above dates, may be required to pay ALL educational expenses incurred out-of-pocket until applications are processed and eligibility is determined.

Tax Transcript Explanation

Beginning FALL 2012, students who are selected for financial aid verification and chose not to use the IRS data load or completed their FAFSA without having filed their taxes will no longer be able to submit regular 1040 tax forms. Per federal regulations, schools may only accept **TAX RETURN TRANSCRIPTS** from the IRS for verification purposes which may take 6-8 weeks (or longer) to receive via mail. EAST GEORGIA STATE COLLEGE CAN **NO LONGER** ACCEPT 1040 TAX FORMS FOR FINANCIAL AID VERIFICATION.

IRS tax transcripts may be obtained by one of the following:

1. Pick-up at your regional IRS Office. A local address and phone number for an IRS office in your area can be found on the IRS website ([here](#)).
2. Online IRS Transcript Request using the "Get Transcript" request form ([here](#)).
3. IRS by phone (1-800-908-9946).

****NOTE: Students may return to www.fafsa.gov and link FAFSA with the IRS Data Retrieval to avoid submitting tax transcripts.**

Applications received after these dates will receive consideration as time permits. All financial aid awards are made for one academic year only. The East Georgia State College financial aid award year begins in the fall semester and ends at the conclusion of the summer semester. Beginning freshmen who plan to enroll during the summer semester must complete the current academic year financial aid application as well as the next academic year application. Example: summer 2013 is for the 2012-2013 academic year and fall 2013 is during the 2013-2014 academic year.

Student Financial Aid Budget Cost of Attendance (COA)

In developing a COA for students applying for financial aid, allowances for tuition & fees, books, supplies, room & board, and other miscellaneous expenses are included.

The following is an example of a budget for dependent students applying for aid at East Georgia State College:

\$2,920	Tuition and Fees
\$1,200	Books and Supplies
\$7,128	Room and Board
\$3,000	Miscellaneous

Award Packages

***NOTE:** This information is provided as a guide and is subject to change without notice to comply with federal, state, and institutional policies.

Once students have been awarded aid, they will receive an electronics award letter that lists the various types of aid they are eligible to receive during the award year. Awards are based on full-time (12 or more hours) status; some awards may be adjusted if the student does not enroll as a full-time student. However, aid will automatically be prorated at disbursement if the student is not full-time.

If it is determined that the student is not eligible for aid after it is awarded, the Financial Aid office is required to adjust the student's award.

Students will automatically be reviewed for Federal PELL Grants and FSEOG because they are considered gift aid and do not have to be repaid. Students also will be reviewed for Federal Work-Study at the student's request. HOPE Scholarships are automatically reviewed for freshmen students who have met the HOPE requirements from high school. Continuing students currently receiving HOPE are automatically reviewed. Transfer students must complete the online HOPE/ZELL Requestform.

Students may be awarded grant funds up to the cost of college attendance. If they still have unmet financial needs, students may apply for loans under the Federal Stafford Loan and/or the Federal Unsubsidized Stafford Loan programs. **These loan programs require a separate loan request form in addition to the FAFSA.** These online loan request forms can be completed on the financial aid website ([here](#)). **Loans are NOT automatically awarded.**

Students who apply by the priority processing due date will be considered for all available funds. Some funds are limited and are awarded to eligible students based on greatest need and meeting the deadline.

Verification Process

The federally mandated verification process uses documentation to confirm that the information provided on the FAFSA is correct. Verification ensures that eligible students receive all the federal financial aid to which they are entitled. Below are answers to commonly asked questions about the verification process:

- **How will I know if I am selected for verification?**

If you are selected for verification by the federal processor, there will be an asterisk next to your Expected Family Contribution (EFC) on your Student Aid Report (SAR). You will also be informed of having been selected for verification in the SAR Acknowledgement Letter. If you are selected for verification by the EGSC Office of Financial Aid, you will be notified of any additional documentation that is required. If you have a Federal PELL Grant estimated in your financial aid award, you will be selected for verification.

- **Why was I selected for verification?**

Reasons vary; it may be that your FAFSA was incomplete or contains estimated or inconsistent information. You may have also been chosen randomly. Verification is a federal regulation. Students selected for verification are not being punished; rather verification prevents ineligible students from receiving aid by reporting false information and ensures that eligible students receive all the aid for which they qualify.

- **How will I know what additional documentation is required for verification and where/when to send it?**

If your SAR indicates you were selected for verification or if the EGSC Office of Financial Aid determines that your application needs to be verified, you and your parent(s) will be required to provide supporting documents to the EGSC Office of Financial Aid.

The Department of Education has changed the verification process. As a result, depending on certain financial indicators, the category of verification you were selected for and the specific documentation required will vary. You will receive an electronic letter from the EGSC Student Affairs Office of Financial Aid outlining your requirements. Below is a breakdown of each verification category.

- **If I am selected for verification, am I required to submit additional documentation?**

Yes. Participation in the verification process is not optional. If a student who is selected does not submit the required documentation by the established deadline, he or she will not be eligible to receive federal financial aid as an EGSC Student.

Should the verified financial information differ significantly from the original information provided on the FAFSA, your aid may be adjusted, in which case you will be notified.

Verification Categories:

Standard Verification (V1)

What is required?

- For tax filers, successfully utilize the IRS's Data Retrieval Tool on the FAFSA (preferred option). Step- by- step

instructions for using this tool are available by video ([here](#)) or you may choose to request a hard copy of your federal tax return transcript from the IRS website ([here](#)).

- For non-tax filers, provide a copy of W-2 statement(s).
- If anyone in your household received SNAP benefits at any time during the past two years, provide a signed statement indicating receipt of such benefits.
- If anyone in your household paid child support to another household at any time during the tax year in question, provide a signed statement indicating the amount of child support paid, to whom it was paid and for whom it was paid.

Custom Verification (V4)

What is required?

- You must appear in person at one of the Student Affairs campus locations, present a valid government-issued photo ID and a signed statement of educational purpose (to be submitted in person upon your arrival on campus).
- If anyone in your household received SNAP benefits during the past two years, provide a signed statement indicating receipt of such benefits.
- If anyone in your household paid child support to another household during the tax year in question, provide a signed statement indicating the amount of child support paid, to whom it was paid and for whom it was paid.

Aggregate Verification (V5)

What is required?

- You must appear in person at one of the EGSC Student Affairs campus locations, present a valid government-issued photo ID and a signed statement of educational purpose.
- For tax filers, successfully utilize the IRS's Data Retrieval Tool on the FAFSA (preferred option). Step-by-step instructions for using this tool are available by video ([here](#)) or you may choose to request a hard copy of your federal tax return transcript from the IRS website ([here](#)).
- For non-tax filers, provide a copy of W-2 statement(s) and non-tax filer statement from the IRS (if other than a dependent student).
- If anyone in your household received SNAP benefits at any time during the past two years, provide a signed statement indicating receipt of such benefits.
- If anyone in your household paid child support to another household at any time during the tax year in question, provide a signed statement indicating the amount of child support paid, to whom it was paid and for whom it was paid.

To avoid delays, all verification documents should be submitted immediately.

If the federal processor selects your application for verification, you do not have to wait for the Office of Financial Aid to request additional documentation from you. It is your responsibility to review your SAR, which will list the specific verification category you were selected for, to determine if you are selected and submit additional documentation to the Office of Financial Aid by the suggested priority deadline for the semester you are entering for that academic year.

If the EGSC Office of Financial Aid selects your application for verification, you will be informed that you have been selected and that additional documentation is required. Be sure to provide documentation by the deadline to avoid delays in crediting your financial aid to your student account.

Financial Aid Policies

1. The family is primarily responsible for helping students meet educational costs. Financial aid fills the gap between the student's resources and educational expenses.
2. For selecting financial aid recipients, the college places primary emphasis on financial need, academic achievement, or future academic promise.
3. Students receiving financial aid must notify the Office of Financial Aid of any changes that may affect their financial aid eligibility (ex. Additional scholarships).
4. Students receiving financial aid who withdraw before completing the semester may be expected to repay a portion of their award. Refer to the Institution's *Return to Title IV Official and Unofficial Withdrawal Policy* located on the page 29.
5. Students who have defaulted on a loan or owe a refund on a grant are ineligible to receive financial aid.
6. Students who expect to receive financial aid for the summer semester must complete the Office of Financial Aid application for summer aid.

Satisfactory Academic Progress Policy (SAP)

The complete policy regarding *Satisfactory Academic Progress* can be found on the President's Policies and Procedures page ([here](#)).

Distribution of Financial Aid

Financial aid is disbursed proportionally according to the number of semesters enrolled during the academic year. First-time borrowers of a William D. Ford Federal Direct Loan Program will receive their first disbursement 30 days after classes begin.

Students employed in the student assistant program and Federal Work-Study Program are paid once every two weeks.

Financial Aid Programs

Financial aid is available from a variety of federal, state, institutional, and private sources and is awarded in the form of scholarships, loans, grants, employment, or a combination of these. Grants and scholarship awards usually do not have to be repaid. Most loans are repayable by students in monthly installments beginning 6 months after graduation or withdrawal from school, or drop below half-time enrollment.

Grants

Federal Supplement Educational Opportunity Grant (FSEOG): Federal Supplemental Educational Opportunity Grants are awarded to students with exceptional financial need. Eligible students who are enrolled at least half-time, maintain good academic standing and maintain SAP standards may receive FSEOG as funds are available.

Federal Pell Grant: The Federal Pell Grant Program is a federal aid program designed to provide financial assistance to those students with exceptional financial need as determined by the Expected Family contribution (EFC) reported on the Student Aid Report (SAR).

HOPE Scholarship: Helping Outstanding Pupils Educationally (HOPE) is funded by the Georgia Lottery for Education and is available to eligible 1993 or later Georgia high school graduates. Others are eligible to receive the HOPE Scholarship as a renewal of their HOPE award, or by having a 3.0 cumulative GPA at the 30th, 60th, or 90th attempted hour benchmark. Full time enrollment is not a requirement. The HOPE Scholarship will cover tuition, a portion of institutional fees and provide a book allowance each semester for those working on an undergraduate degree. Eligibility for entering freshmen is based on final high school core curriculum Grade Point Average (GPA) of 3.0 or better as determined by the Georgia Student Finance Commission (GSFC). Questions regarding the HOPE Scholarship Program should be directed to the Office of Financial Aid or the Scholarship and Grants Office at the Georgia Student Finance Commission. Further HOPE information can be accessed on-line at www.gafutures.org.

ZELL Miller Scholarship: Eligibility Requirements - Incoming Freshman entering fall 2011 or later and graduating from high school with a GPA of 3.7 or higher as calculated by GSFC. And, students must receive a combined score of 1200 on the critical reading and math section on a single test administration of the SAT or received an ACT composite scale score of 26 on a single test administration. Incoming Freshman entering fall 2011 reported as Valedictorians and salutatorians to GSFC will be classified as Zell Miller Scholars regardless of GPA or test scores. Currently enrolled students must have meet the above requirements at the time of high school graduation and they must have a 3.3 college GPA at the 30th, 60th, or 90th checkpoint to qualify for the Zell Miller Scholarship starting fall 2011.

Loans

Beginning with the 2010-2011 academic year, East Georgia State College began participating in the William D. Ford Federal Direct Loan Program (Direct Loans): Direct Loans are low-interest loans for students and parents to assist with payment of a student's educational costs. The lender is the U. S. Department of Education rather than a private bank or other financial institution.

The Direct Loan program offers three types of loans: Direct Subsidized and Unsubsidized Loans, and Direct PLUS loan (Parent Loan for Undergraduate Students). Direct Subsidized are low-interest; need-based loans for students enrolled at least half-time in an eligible institution. Subsidized means that the federal government will pay all interest on your loan until you begin repayment which starts six months after you graduate or cease to be enrolled at least half-time. Direct Unsubsidized Loans are not based on need. The program is open to all students who do not qualify for other

Direct Subsidized Loans. You are responsible for all interest from the day the loan is made; however, the interest can be capitalized if requested.

Direct Parent Loan for Undergraduate Students (PLUS): A Direct PLUS Loan is a loan made to the parents of undergraduate students who are enrolled at least half time at an eligible institution. Eligibility is not based on need, but the parent is subject to a credit check. Parents may borrow up to the cost of education less any other financial aid awarded with repayment beginning within 60 days of loan disbursement.

For more information on types of student loans, please visit the Federal Student Aid website ([here](#)).

Federal Work-Study Program

Federal Work-Study is a federally funded program designed to help create jobs for students who have qualified for financial assistance and who need to work in order to attend college. To be eligible for Federal Work-Study a student must be enrolled in at least 6 credit hours and be in good academic standing. The jobs are located in various departments and offices on campus. Under present arrangements, students may work ten to nineteen hours per week during the regular academic semester until the awarded amount has been earned. Some students are eligible to work between semesters and during vacation periods.

Student Assistance Program

This program is financed entirely by the college. Students under the program generally work ten to nineteen hours a week. Positions are available in most departments on campus. Financial need is not a major determinant of qualifying for work as a student assistant. To be eligible for Federal Work-Study a student must be enrolled in at least 6 credit hours and be in good academic standing. All employment at the college operates in compliance with Title IV of the Civil Rights Act of 1964.

Leadership Scholarships

Several civic clubs, organizations, and individual donors in the area served by East Georgia State College make awards for scholarship purposes to the college on a yearly basis. Scholarships from these funds are awarded to students on the basis of high school achievement, college academic promise, and positions of leadership held while a high school student. Students interested in applying for a leadership scholarship should complete the Leadership Scholarship Application which may be obtained from a high school counselor or from the Office of Financial Aid beginning January 1st. The application deadline is April 1st. Refer to the Office of Financial Aid webpage for additional details ([here](#)).

Veterans Administration (VA) Benefits

East Georgia State College actively encourages former service personnel, children of permanently disabled veterans, and war orphans to take full advantage of benefits available through the Montgomery GI Bill. Those persons eligible should apply for admission to East Georgia State College and complete the admission process. Certification of the enrollment must be made to the Department of Veterans Affairs by the VA Certifying Official after enrollment is verified. Students must submit a VA Enrollment Pre-Screen Form, Certificate of Eligibility/NOBE and a copy of the DD-214 (if applicable) in addition to other requested documents.

Vocational Rehabilitation

Through the Vocational Rehabilitation Services, a student with a physical disability may obtain grants-in-aid to cover tuition and possibly books and supplies. The State of Georgia provides the financial assistance for this program. Students who believe they may qualify for vocational rehabilitation services should contact: Georgia Department of Human Resources, Office of Rehabilitation Services, 47 Trinity Avenue SW, Atlanta, Georgia or call 1-800-869-1150.

Return to Title IV Official and Unofficial Withdrawal Policy

****NOTE:** This policy is applicable to all East Georgia State College (EGSC) students, regardless of their location in attending classes, who receive Federal Student Aid (FSA) at EGSC.

If a student who is an eligible recipient of FSA Title IV grant or loan funds withdraws from academic study after beginning attendance in scheduled credits, EGSC is required to determine the amount of Title IV grant or loan assistance earned by the student. If the amount disbursed to the student is greater than the amount the student earned, the amount of

unearned funds must be returned. If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a Post-withdrawal disbursement of the earned aid that was not received. If a student does not receive all of the FSA Title IV funds during their attendance period, the student may be due a post-withdrawal disbursement. EGSC must get permission before disbursement can be made if the disbursement is from any of the eligible Federal Direct Loan program fund sources. The student has the right to decline part of or all of the loan funds to keep from incurring additional debt. EGSC may use all or a portion of the student's post withdrawal disbursement of grant funds to pay for tuition, fees, and room and board.

In compliance with Federal Regulations relating to Student Assistance General Provision [34 CFR 668.22], EGSC must determine whether a return of Title IV federal funds is necessary when a student fails to attend or ceases to attend class and does not withdraw. This situation is referred to as an "unofficial withdrawal." Please note that if a student never actually began attendance for the payment period or period of enrollment, the student is not eligible for Title IV funds, and adjustments to awards must be made.

Official Withdrawal Policy

When a student chooses to officially withdraw from EGSC, prior to the end of an academic term, they must first complete a "Withdrawal" form. The student should obtain this form from the Records Office or from the Records Office Webpage. This form must be completed and returned to the Records Office no later than the Last Day to Withdraw without Academic Penalty, which is noted on the academic calendar.

Unofficial Withdrawal Policy

When a student stops attending classes and did not complete the official withdrawal process or provide notification of his or her intent to withdraw or leave the school, the date of the institution's determination that the student withdrew would be the date that the school becomes aware that the student stop attending classes. In most of these cases students will receive all F's at the end of the semester. The last date of attendance will be provided by faculty for courses the student failed to complete. In instances where there are multiple withdrawal dates, some before and some after the 60% point, it is the policy of EGSC to base the Title IV calculation on the maximum last date of attendance.

Return of Title IV (R2T4) Funds

If a student withdraws from EGSC, then the school, or the student, or both may be required to return some or all of the Title IV grant or loans funds awarded to the student for that semester. The federal government requires a return of Title IV federal aid that was received if the student withdrew on or before completing 60% of the semester. EGSC is required to complete a federal R2T4 calculation to determine if an adjustment should be made to a student's Title IV aid if that student ceases enrollment after beginning attendance in at least one class. If completion of the semester can be confirmed for at least one class a R2T4 calculation is not required and the student is deemed to have "earned" all funding for which they are eligible. This is called a Return of Funds calculation or R2T4. As a part of the Higher Education Amendments of 1998, Congress passed provisions governing what must happen to federal financial assistance if a student completely withdraws from school in any term. The policy governs all federal grant and loan programs including the Federal Pell Grant, Academic Competitiveness Grant, Federal Supplemental Educational Opportunity Grant, Federal Perkins Loan, Federal Subsidized and Unsubsidized Stafford Loan, The Federal PLUS Loan and any new programs introduced in the future. The Return of Title IV Policy does not affect the Federal Work-Study Program.

In general, the law assumes that a student "earns" federal financial aid awards directly in proportion to the number of days of the term the student attends. A student "earns" financial aid in proportion to the time s/he is enrolled up to the 60% point. The percentage of federal aid to be returned (unearned aid) is equal to the number of calendar days remaining in the semester when the withdrawal takes place divided by the total number of calendar days in the semester. If a student was enrolled for 20% of the semester before completely withdrawing, 80% of federal financial aid must be returned to the aid programs. If a student stays through 50% of the semester, 50% of federal financial aid must be returned. The portion of federal grants and loans a student is entitled to receive is calculated on a percentage basis by comparing the total number of days in the term to the number of days completed before the student withdrew or stopped attending. For a student who withdraws after the 60% point-in-time, there is no unearned aid. However, a school must still complete a Return calculation in order to determine whether the student is eligible for a post-withdrawal disbursement.

Academic Policy and Procedure

The Academic Year

The academic year is divided into three standard terms of instruction which includes two semesters of approximately 15 weeks each and a shorter summer semester. Academic calendars for each semester are available on the College's main webpage. Students may enter East Georgia State College at the beginning of any semester; including the *summer semester.

**Summer maymester enrollment is only a consideration for those students who are considered to be continuing their attendance at East Georgia State College. This option is not available for students whose high school graduation date is after Maymester begins. Any student who graduates in May will be able to attend the regular summer semester that begins in June.*

Student Email Account

EGSC assigns each attending college student an email account (Cat Mail) which both the student and the school will use as the official form of communication when sending communication to each other. Students are expected to **check** their Cat Mail Account on a daily basis to stay informed about important messages from various departments on campus including but not limited to the Business Office, Registrar's Office, Admissions Office, Financial Aid Office and Student Life.

Academic Credit Units

The unit of credit is the semester hour. A semester hour of credit represents 750 minutes of instructional class time, which generally consists of one 50-minute class per week for 15 weeks. Two hours of laboratory or physical education work per week are considered the equivalent of one semester hour credit. For example, a course offering 3 hours of semester credit would need to meet for a total of 2250 minutes during the semester. To do this, the course must meet 3 times a week, for 15 weeks, 50 minutes each class meeting or twice a week, for 15 weeks, 75 minutes each class meeting.

Student Classifications

Classification is based on the number of cumulative degree credit hours earned by the student. Institutional credit and Learning Support courses are examples of courses that do not count toward a student's classification. The breakdown by classification is as follows:

Freshman	0-29 hours
Sophomore	30-59 hours
Junior	60-89 hours
Senior	90+ hours

Course Load

Twelve to seventeen hours is considered a normal course load. Students who enroll for twelve or more hours are considered full-time students. A minimum of twelve credit hours is considered full-time for fall, spring and summer semesters. Students who wish to take more than seventeen hours and who have demonstrated exceptional academic achievement may apply for approval of an overload to the Vice President for Academic Affairs. A form for this purpose must be submitted and approval granted prior to the completion of the registration process. Approval requires the signature of the student's academic advisor, the Vice President for Academic Affairs, and the Registrar.

**NOTE: Students should be conscious of their academic course load. If a student chooses to register for only 12 hours a semester, it will require 6 semesters to complete an A.S. or A.A. degree, which at East Georgia State College requires 64-65 hours. Excluding summer semester, those 6 semesters will require 3 years to complete.*

Academic Advisement

Academic advisement is required at East Georgia State College. An academic advisor is assigned to each student upon admission or readmission to East Georgia State College. Advisor assignment is based upon a student's declaration of degree, as well as the campus location that the student is accepted to attend. Each advisor will provide guidance in planning and monitoring the student's progress toward a degree. While this guidance is very important, ultimately each student is responsible for knowing and completing all degree requirements as outlined in this catalog.

Students should obtain a copy of the degree checklist with assistance from their advisors and maintain record of each course taken and the grade earned. Students should consult with their advisors for advice on course sequences and develop a long term plan that will lead to graduation in a timely manner. Career plans should be discussed honestly and openly with each academic advisor and input sought for any problem (academic or nonacademic) encountered.

If the advisor is unable to help the student, the advisor will direct the student to an appropriate source of help. Recent literature indicates that the strongest correlation for student success in college is a good relationship with an academic advisor. Newly-admitted students should meet with their advisors as soon as possible to simply get acquainted. Students should openly discuss their interests and future plans and let their advisors know that they are serious about their education. This early visit will make it easier for the student to seek an advisor's help in the future. With any problem, students should go to their advisors first.

Registration Procedures

Continuing enrolled or returning former students may create their class schedule for upcoming semesters during an open registration event prior to the start of a semester. Since Academic advisement is required at East Georgia State College, work with your advisor to develop your current and long range academic plan toward graduation. Registration dates are published at least a year in advance and can be found on the Academic Calendar ([here](#)).

Former students returning to EGSC after an absence of two or more semesters must apply for readmission using the EGSC Admissions Application ([here](#)) and indicate they are a former student. Applicants seeking Financial Aid will need to complete the Free Application for Federal Student Aid listing (FAFSA) listing East Georgia State College on the application (Federal School Code -- 010997) by the financial aid deadline for the anticipated term of enrollment. If returning students have attended other institutions during their absence from EGCS, they **must** provide an official college transcript(s) from each college, university or technical school attended. Applicants must be eligible to return to the institution they last attended and applicants must be in good academic standing.

New students to EGSC refer to the Admissions Office website ([here](#)) for the admission process.

Transient Student Permission

Please refer to the institution's policy for transient student permission policy posted on the President's Policies and Procedures webpage ([here](#)).

Class Attendance

Courses at East Georgia State College are provided for the intellectual growth and development of students. To attain maximum success, students should begin by attending the first day of class and attend regularly and are expected to attend all scheduled course activities including, but not limited to, field trips, seminars, study sessions, individual conferences, and lectures. Regular and punctual attendance at all classes is the student's responsibility. Students are expected to account for absences to each instructor and, at the discretion of the instructor, to make up all work missed because of the absence.

Final approval for any class absence remains with the individual instructor. At the beginning of each semester, instructors will clearly explain to each of their classes specific attendance requirements. The general attendance policy at East Georgia State College is that after the equivalent of one week of absences, regardless of cause, instructors may penalize the student. The "one-week equivalent" means three absences in a three-hour credit course that meets three times a week during a fifteen-week semester; however, the "equivalent week" will vary depending on the class meeting schedule and the length of the term. A student penalized for excessive absences may appeal to a board of review appointed by the Academic Policies Committee.

Cancellation of Registration

Students who wish to cancel their registration for all courses for a given semester prior to the first day of classes, must complete and submit the *Registration Voluntary Cancellation Form* ([here](#)) prior to the first day of class. Cancellation of your classes in a timely manner will prevent being invoiced by the Business Office for class hours and will release students from monetary obligation for those courses.

Drop/Add (Schedule Adjustment)

Students may make changes to their class schedules during the announced dates, which are published each semester on the Academic Calendar found ([here](#)) on the College's website.

Students who register for classes during Drop/Add after the first scheduled meeting of a course are responsible for making up assignments missed and should contact the instructor via email **immediately**. Course access to D2L may take 24-48 hours depending on the hour you registered for the class. Days missed during the drop/add period may be counted as days absent by the instructor. Classes dropped during this period will be deleted from the student's schedule. Students will not be held academically or financially responsible for dropped courses.

Academic Honesty

The Institution has an established policy regarding Academic Honesty and it can be found on the President's Policies and Procedures webpage ([here](#)).

Declaration: Change of EGSC-Location (Swainsboro, Statesboro or Augusta)

At the time students apply to East Georgia State College, they will indicate on the admission application the location they plan to attend (Swainsboro, Statesboro or Augusta). The location along with the number of credit-hours students enroll in will determine their cost of tuition and fees for any semester. Fees assessed to Statesboro or Augusta students remain higher over students attending in Swainsboro due to additional fees assessed by Georgia Southern University and Augusta University.

If students wish to change from their original or latest assigned location, they must complete and return the "Declaration: Change Location" form for processing at documents@ega.edu. Approval is required by the Financial Aid and Records Office. The form must be received two-weeks prior to the start of the semester or two weeks prior to open registration events for an upcoming semester in which the student wishes to execute the change. A declaration form is usually reviewed once during an academic aid year, which runs from fall semester through summer semester. The Financial Aid Office will access the student's request; determine if there is sufficient aid to accommodate the change; and notify them if it will present a problem. Students deciding to request another change at the start of the next academic aid year, you must complete a new request a new form.

Tests and Examinations

Students are expected to be present for all announced examinations. Make-up examinations may be given, when in the instructor's judgment, the absence was caused by personal illness or other circumstances beyond the control of the student. A student will not be permitted to take a final examination at a time other than the regularly scheduled dates unless extraordinary circumstances suggest a departure from this schedule to be recommended by the instructor and approved by the Vice President for Academic Affairs.

Grading System

Academic standing is determined by the student's grade point average at the end of each semester. The grade point average is computed by equating letter grades to the following numerical code:

Letter Grade	Grade Description	Equals	Quality Points
A	Excellent	=	4 points
B	Good	=	3 points
C	Satisfactory	=	2 points
D	Passing	=	1 point
F	Failing	=	0 points
WF	Withdrew Failing	=	0 points

Each point represents a quality point earned per semester credit hour. Quality points are determined by multiplying the number of semester credit hours listed for the course by the number of points awarded for the grade earned in the course.

The following symbols are used as indicated, but are not included in the determination of the grade point average:

- I Indicates that course work numbered 1000 and above was completed satisfactory; but for non-academic reasons beyond the student's control, the student was unable to meet the full requirements of the course.

The instructor for the course may issue the student an Incomplete grade ('I') and the student must fulfill the remaining assignment by the end of the next semester of enrollment to remove the 'I'. Without regard to enrollment, an 'I' must be removed within one calendar year. If the faculty instructor has not submitted a Grade Change Form for the course, the Records Office will replace the Incomplete Grade with a Grade of 'F' and recalculate the student's GPA.

- W Indicates a withdrawal without penalty. Grades of 'W' are posted to the course if the student officially withdraws **on or before the Last Day to Withdraw without Academic Penalty**. 'W' grades do not count as an attempt in a Learning Support course. 'W's do however count in attempted hour calculations for the purposes of Financial Aid.
- WF Indicates a withdrawal with penalty. Total withdrawals received **after the Last Day to Withdraw Without Academic Penalty** are posted to the course with a grade of 'WF' (withdraw failing) and are calculated in the GPA as 'F' grades. Withdrawal requests received after the Last Day to Withdraw related a hardship will be considered by the Vice President of Academic Affairs Office, if there is adequate supportive documentation for extenuating circumstances.
- WM Indicates that the student received emergency orders to active duty in the military and withdrew from all classes. Students who receive a Military Withdrawal are withdrawn as of the first day of classes. A 100% refund is issued to the student or whoever has paid the student's tuition. The student will receive "W" grades for all courses that he/she registered for and all hours are counted as attempted on the student's record.
- NR Indicates that no grade has been reported for the course. The student should contact the course instructor.
- V Indicates that a student was given permission to audit the course. Students may not change from audit to credit status or from credit to audit after the first day of classes.
- K Indicates that a student was given credit for the course via a credit-by-examination program approved by the faculty (CLEP, AP, Proficiency, etc.).
- IP Indicates that, for a course designed to extend over more than one semester, the student did not satisfactorily complete requirements for the course. At East Georgia State College, Learning Support courses would be an example. These courses may require more than one semester to satisfactorily complete requirements and exit the course.
- S, U S is for satisfactory and U is for unsatisfactory.

Grade Point Average

The grade point average (GPA) is the numerical average computed by dividing total quality points by total credit hours attempted in a semester. In calculating grade point averages, the student should be aware that grade points are awarded for each hour earned. In other words, a three-hour course in which a student earned an 'A' grade would total 12 quality points (3 hours multiplied times 4 quality points =12) Semester and cumulative GPAs are not rounded up. See example below:

Grade	Numerical Equivalent		Credit Hours Accepted		Quality Points	GPA
A	4	X	3	=	12.00	
B	3	X	3	=	9.00	
C	2	X	3	=	6.00	
D	1	X	3	=	3.00	
F or WF	0	X	3	=	0.00	
Total			15		30.00	2.00

****NOTE:** Learning Support coursework is not computed in the GPA.

Academic Progress

A following system of academic warning, probation, and dismissal is designed to inform students that their academic performance is unsatisfactory.

- If, after attempting 1-17 semester credit hours, a student's cumulative GPA falls below 2.0, the student is placed on Academic Warning (AW).
- If, after attempting more than seventeen credit hours, the student's cumulative GPA falls below 2.0, the student is placed on Academic Probation (P1).
- The student must then make at least a 2.0 term GPA during the next and any subsequent semester until the cumulative GPA is 2.0 or more, or the student will be placed on Academic Exclusion for one semester (AQ).
- **Upon** return, the student's readmission status is Continued Probation (P2) until the student achieves a cumulative GPA of 2.0 or greater.
- Failure to earn a term 2.0 GPA in any semester while on Continued Probation will result in the student being placed on Academic Exclusion for one year (AY).

Withdrawal Policy and Procedures

Informing your instructor that you will not return to his/her course, does not constitute as a withdrawing from the instructor's course. The approved withdrawal procedure is outlined in this section of the catalog. Abandoning a course(s) instead of following official withdrawal procedures will result in a grade of 'F' being assigned by the instructor.

- Withdrawal from a Portion of your Semester Class Schedule
Withdrawing from a course after the last day of registration (Drop/Add) can be done by submitting The "Course Change Form" **on or before *The Last Day to Withdraw without Academic Penalty*** from the current term:
 1. Complete a 'Course Change Card.' The course change card can be found:
 - At the front desk in Enrollment Management located on the Swainsboro campus; or
 - At the Statesboro or Augusta locations; or
 - The Registrar's Office Forms webpage ([here](#))
 2. The student must arrange to meet with their instructor to sign-off on the form indicating their approval of the withdrawal (this step does not apply to web courses).
 3. The form must be submitted to the Registrar's Office by midnight the Last Day to Withdraw without Academic Penalty date and can be submitted to documents@ega.edu for processing; by turning the card into the Office of Enrollment Management (Swainsboro); or at the front desk (Statesboro & Augusta).
 4. Before withdrawing from a class, it is important students consult with their academic advisor and Student Affairs Counselor to discuss the impact of a 'W' grade on their record and understand the consequences of how a final grade of 'W' may impact their financial aid.
 5. Withdrawing from a course does not constitute a refund for partial reduction of hours.
 6. Withdrawing from a Learning Support course does not count as one of the allowed attempts
- Total Withdrawal From All Classes for the Semester
Students desiring to withdraw from all classes in a specific semester following registration and after drop/add must complete the *Total Withdrawal Form* ([here](#)) before the Last Day to Withdraw without Academic Penalty. Any refund due to the student will be based on a percentage of attendance calculated by the Business Office. Please contact them for more detailed information concerning refund percentages.
- Withdrawal Prior to the First Day of Class
Students withdrawing prior to the first day of the term should complete the *Registration Voluntary Cancellation Form* ([here](#)) indicating they do not wish to attend the upcoming semester. All courses will be deleted for the semester. If the student has made a payment for tuition and fees, a 100% refund will be issued.
- Withdrawal as of the First Day of Class
Any student wishing to withdraw from all classes during the drop/add period complete a *Registration Voluntary Cancellation Form* ([here](#)) before or by the last day of Schedule Adjustment (Add/Drop). All courses will be deleted for the semester and a 100% refund will be issued if the student has made a payment for tuition and fees.
- Withdraw due to extenuating circumstances
Under extenuating circumstances after midterm, a student may be granted a withdrawal without academic penalty. Typically, this involves hardships relating to medical reasons which are beyond the control of the student. **Failing the course(s) is not to be considered extenuating circumstances.** Students will not be allowed to withdraw for academic reasons.

Students who find themselves in this situation and are requesting special consideration must:

1. Make their request by completing a Total Withdrawal Form explaining the situation and attach supportive documentation.

2. This documentation and form must be submitted and received by the Registrar's Office before the last day of classes for the requested semester.
3. If the extenuating circumstances pertain to medically related information, your documentation and form must be received by the Director for Counseling and Disabilities Office before the last day of classes for the requested semester.
4. The information will be reviewed by the Vice President for Academic Affairs and a grade of 'W' or 'WF' will be assigned by the Vice President of Academic Affairs.

Final Grades

Faculty will report student final grades to the Registrar's Office by the end of the final exams week. Grade information including a student's academic standing will be available to students at the end of each semester. Students are expected to actively use their BannerWeb Account to access their grades through their myEGSC portal. New and returning students receive login credentials to their Cat Mail account at the start of the students' first semester.

Dean's List (Honor or Merit)

1. A student with a semester grade point average of 3.5 or higher in 15 or more hours of course work will be placed on the Dean's Honor List for that semester.
2. A student with a semester average of 3.5 or higher in at least 12 semester hours, but less than 15 semester hours of course work, will be placed on the Dean's Merit List.
3. Institutional credit hours do not count for the purposes of the Dean's Honor or Merit List. Only degree credit is used in these calculations.

Learning Support Policies and Procedures

USG access institutions must offer a learning support program which will include foundations and/or co-requisite options in learning support English and Mathematics. Students required to take learning support foundation courses are allowed a maximum of two attempts in both English and Mathematics course before being placed on a one-year exclusion period. All current and returning EGSC students are subject to the current learning support policies.

1. Students entering EGSC must meet the following minimum Accuplacer scores in order to be admitted into any college in the University System of Georgia.

46	Reading
3	English (WritePlacer)
32	Mathematics
2. In addition, students who test into all three areas of learning support (reading, English (writing), and mathematics) will not be admitted.
3. Students with high enough SAT or ACT scores and who do not have a Required High School Curriculum (RHSC) deficiency in English and/or Math will be exempted from taking the placement exam and will, thus, be admitted without placement exam testing. A SAT of 430 on the Critical Reading (17 on the English ACT) will exempt both the Reading and English Accuplacer Test and a 400 on the Math portion of the SAT (17 on the Math ACT) will exempt the Math Accuplacer Test.
4. East Georgia State College has a limited number of Presidential Exceptions available to students who show high potential of completing learning support classes. These exceptions will be reserved for those students who show significant improvement upon Accuplacer retesting. The exceptions will also be used for those students who take advantage of special programs designed to improve placement exam scores and who show significant improvement in retesting scores.
5. Based upon their English and Mathematics Placement Index, students will be placed in the foundations learning support class in English and/or Mathematics, be given the pre-requisite option in English and/or Mathematics, or be exempted from any learning support requirements.
6. Once admitted, student placed in the learning support foundations course will have only two attempts to complete foundations learning support English and two attempts to complete foundations learning support mathematics.

Students not completing the area in the allowed number of attempts will be placed on learning support exclusion for one year, with no appeal. Learning support exclusion is also suspension from the college. Learning support attempts are cumulative across University System institutions. Students placed in the co-requisite learning support option will not be limited in the number of attempts and will not be subject to learning support exclusion.

7. A student placed in the co-requisite option in English and/or Math or who exits the foundations courses in English and/or Math and become eligible for the co-requisite option will take ENGL 1101 and its accompanying co-requisite, ENGL 0999, and/or MATH 1111 and its accompanying co-requisite, MATH 0999, or MATH 1001 and its accompanying co-requisite MATH 0997.
8. Students who place in the foundations learning support courses will proceed to the co-requisite option after completing the foundations course and must successfully complete the co-requisite option before exiting learning support. Students placing in the co-requisite option must successfully complete the option before exiting learning support.
9. The student may qualify for readmission before the end of one year of the suspension if the student can provide evidence that he/she has taken measures to improve his or her skills. It is expected that the student will take advantage of programs to improve their skills in the learning support area.
10. Upon returning from exclusion, student will be allowed to retake the appropriate placement exam to attempt to exempt learning support in that area. If the Accuplacer score is not high enough, the student will take the learning support course again to attempt to exit.
11. In the case where students are taking college-credit with their learning support courses, the students should complete all of their learning support courses before accumulating 30 hours of college credit.
12. Returning and readmitted students who have learning support requirements are subject to the fall new policy. Students returning from academic suspension will follow the new learning support policy.

Learning Support Policy for Transferring/Returning Students

Please refer to the institution's Learning Support Policy for Transferring/Returning students ([here](#)) on the President's Policy and Procedure webpage.

Registration and Learning Support Coursework

All students must exit or exempt Learning Support English and/or Learning Support Mathematics to take credit courses for which learning support courses are a pre-requisite. In order to exit learning support, the student must complete or exempt both the foundations and co-requisite option in the appropriate area of learning support.

The East Georgia State College courses open to learning support students are listed below:

Course	Title	Credit Hours
All Art Classes	(see catalog for complete list of courses)	3
COMM 1010	Intercultural Communication	3
COMM 1110	Public Speaking	3
CATS 1101	Critical & Academic Thinking for Success	1
EGAC 1010	Basic Computer Skills	1
ENGL 0989	Foundation for College English	3
FREN 1001	Elementary French I	3
HLTH 2181	First Aid	1
MATH 0989	Foundations for College Algebra	3
MATH 0997	Quantitative Skills and Reasoning Support	1
MATH 0999	College Algebra Support	1
MUSC 1100	Music Appreciation	3
All PHED Classes	Physical Education Activity Courses	1
SPAN 1001	Elementary Spanish I	3
THEA 1100	Theatre Appreciation	3

(institutional credit only)

(institutional credit only)

(institutional credit only)

(institutional credit only)

TABLE 2

Students placed in ENGL or MATH 0989 are eligible for all courses **EXCEPT** those listed below:

Course	Title	Credit Hours
BIOL 1103	Introductory Biology I	4
BIOL 1107	Principles of Biology I	4
BIOL 2511	Anatomy & Physiology I	4
BIOL 2611	Microbiology	4
CHEM 1211	Principles of Chemistry I	4
GEOL 1121	Physical Geology	4
ISCI 1101	Integrated Science	4
MATH 1001	Quantitative Skills & Reasoning	3
MATH 1111	College Algebra	3
MATH 1113	Pre-Calculus	3
MATH 1121	Introduction to Statistics	3
MATH 1540	Calculus I	4
PHYS 2211	Physics I: Classical Mechanics	4

TABLE 3

Students placed in MATH 0999 or 0997 are eligible for all courses **EXCEPT** those listed below:

BIOL 1107	Principles of Biology I	4
BIOL 2511	Anatomy & Physiology I	4
BIOL 2611	Microbiology	4
CHEM 1211	Principles of Chemistry I	4
GEOL 1121	Physical Geology	4
MATH 1113	Pre-Calculus	3
MATH 1121	Introduction to Statistics	3
MATH 1540	Calculus I	4
PHYS 2211	Physics I: Classical Mechanics	4

TABLE 4

Students placed in ENGL 0989 are allowed to take any course listed on Table 1 and all Math Courses.

Students placed in ENGL 0999 are allowed to take any course listed on Table 1, HLTH 2051 and all Math or Science courses.

Accuplacer Exam Information

Incoming students who have not yet attended any courses have one opportunity to retake the placement exam in one or more areas. There is a charge to retake the exam, no matter how many areas of the exam are retaken. Transfer students who were placed in learning support courses are not eligible to retake the exam unless it has been one year since they last attended any institution. Students who took the placement exam at another institution but did not attend are eligible to retake the exam.

Students who successfully complete the co-requisite option with a grade of 'C' or better are eligible to exit Learning Support.

Learning Support Grading

ENGL 0989: Grades of A, B, or C indicate that a student successfully completed requirements for the course. The student can now proceed to the co-requisite option (ENGL 1101 combined with ENGL 0999). Students who do not successfully complete the requirements for the course receive a grade of IP and will remain in the 0989 level course.

ENGL 0999: Grades of A, B, or C in ENGL 1101 indicate that a student successfully completed requirements for this course. Students who do not successfully complete the requirements for ENGL1101, by make a D or an F will receive a grade of IP for ENGL 0999 and must re-enroll in ENGL 0999 and ENGL 1101 the following semester.

MATH 0989: Grades of A, B, or C indicate that a student successfully completed requirements for the course. The student can now proceed to the co-requisite option (MATH 1111 combined with MATH 0999 or MATH 1001 combined with MATH 0997). Students who do not successfully complete the requirements for the course receive a grade of IP and will remain in MATH 0989.

MATH 0997: Grades of A, B, or C in MATH 1001 indicate that a student successfully completed requirements for this course. Student who do not successfully complete the requirements for MATH 1001, by make a D or an F will receive a grade of IP for MATH 0997 and must re-enroll in MATH 0997 and MATH 1001 the following semester.

MATH 0999: Grades of A, B, or C in MATH 1111 indicate that a student successfully completed requirements for this course. Students who do not successfully complete the requirements for MATH 1111, by making a D or an F will receive a grade of IP for MATH 0999 and must re-enroll in MATH 0999 and MATH 1111 the following semester.

NOTE: In some instances, instructors may issue a grade of 'F' when a student completely fails to put forth any effort in class. It should be noted however, that the 'F' grade is intended to designate that a student has not successfully completed requirements for exiting an area in the required number of attempts. For Learning Support courses, this grade WILL NOT count in the cumulative GPA. It does, however, count in the Financial Aid calculation of the HOPE GPA.

Regents' Testing Policy

Refer to the institution's policy regarding the Regents' Test posted on the President's Policies and Procedures webpage ([here](#)).

Student Academic Exclusion - Appeals Process

Refer to the institution's policy for academic exclusion – appeals process posted on the President's Policies and Procedures webpage ([here](#)).

Challenging Grades

Refer to the institution's policy for final course grade appeal posted on the President's Policies and Procedures webpage ([here](#)).

Repeating Courses

Although the record of all degree credit courses attempted will remain on the student's permanent record and in the cumulative GPA, only the last grade received for repeated courses will be used in calculating the graduation GPA. A student is encouraged to repeat courses in which they have earned grades of 'D' or 'F' in order to raise the graduation GPA. It is important to note that many institutions include grades for all courses attempted when computing an acceptable grade point average for admittance as a transfer student. Consult with Financial Aid section of the catalog concerning aid eligibility for repeated courses.

Minimum Grade Compliance Policy

English Courses Minimum Grades

Grades of 'C' or higher are required of all students in ENGL 1101 (Composition I), before progressing to ENGL 1102 (Composition II). Students must also complete ENGL 1102 with a 'C' or higher prior to enrolling in ENGL 2111/2112 (World Literature I or II) or ENGL 2120/2130 (British or American Literature).

Math Courses Minimum Grades

Grades of 'C' or higher are required of all students in MATH 1001 (Quantitative Skills and Reasoning) and MATH 1111 (College Algebra), before progressing to MATH 1121 (Introduction to Statistics). Students must also complete MATH 1111 with a 'C' or higher before enrolling in MATH 1113 (Pre-Calculus) and grades of 'C' or higher are required for all Math courses used to satisfy the Area A Math requirement.

Teacher Education Courses Minimum Grades

Grades of 'C' or higher are required of all students who enroll in EDUC 2110 (Investigating Critical & Contemporary Issues in Education), EDUC 2120 (Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts), or EDUC 2130 (Exploring Teaching & Learning).

Special Note for Teacher Education Students: Each of the teacher education courses requires the EGSC student to complete classroom experience sessions in a K-12 school in order to fulfill the essential requirements of the course. The purpose of the policy is to ensure that students who prepare to become educators possess appropriate qualities of character conducive to a K-12 setting. The Criminal Background Investigation (CBI) must be completed and approved by the committee prior to the student being placed in a K-12 classroom. Any teacher education student convicted of a crime of moral turpitude would be ineligible for placement in the K-12 classroom and unable to fulfill the essential requirements of the course. Additionally, it is possible such student would likely not be able to fulfill future student teaching course requirements nor receive eventual licensure. The above policy allows East Georgia State College to better advise students of the difficulties they face in obtaining future internships, student teaching, and licensure.

Credit Hours Awarded

Refer to the institution's definition of a credit hour posted on the President's Policies and Procedures webpage ([here](#)).

Criminal Background Investigation Procedures

Refer to the institution's policy for criminal background investigation procedures posted on the President's Policies and Procedures webpage ([here](#)).

Legislative Requirements

Students are required to satisfy a legislative requirement in United States History and the Constitution, plus Georgia History and its Constitution. Students may satisfy both constitution requirements by completing POLS 1101, American Government. Both history requirements may be satisfied by taking either HIST 2111, U.S. History to 1865, or HIST 2112, U.S. History since 1865. A grade of D or better is required to satisfy all legislative requirements. These courses may be used in other areas of the core for degree credit. In order to receive credit for an American Government or History course taken at an out-of-state institution, a student must take and pass the Georgia portion of these courses through an exam offered by East Georgia State College. Please contact the Dean of the School of Social Science for more details.

Academic Renewal

Refer to the institution's policy for final course grade appeal posted on the President's Policies and Procedures webpage ([here](#)).

Notification of Student Rights under FERPA

Please refer to the institution's policy for FERPA posted on the President's Policies and Procedures webpage ([here](#)).

Record Retention, Storage, and Disposal

Please refer to the institution's policy for retention, storage and disposal of records posted on the President's Policies and Procedures webpage ([here](#)).

Graduation

How to Apply

Students planning to graduate are required to complete the Graduation Application form with the assistance of their advisor. Students must submit the completed application to the Registrar's Office. The application deadline is always set as one semester before the planned graduation term. Actual deadline dates are posted on the College's Academic Calendar. A student may receive their diploma at the end of any semester in which all degree requirements are fulfilled. The diploma award date will be posted with the current or near future semester graduation date. In the event a student submits their application past the semester deadline when their requirements were satisfied, the diploma award date will not be posted retroactively. Students are assessed a \$35 graduation fee.

Graduation Requirements: Associate of Arts or Science

All completed disciplinary distinctions will be represented on the student's academic transcript. A two-year degree will be awarded to students who meet the following requirements:

1. A candidate must complete English 1101 and 1102 course requirements for Area A1 of the core curriculum with a minimum grade of C or higher or must demonstrate proficiency on the CLEP test for ENGL 1101.
2. A candidate must complete Mathematic course requirement for Area A2 of the core curriculum with a minimum grade of 'C' or higher.
3. Satisfy core curriculum Areas A-F (60 semester hours).
4. Satisfy the institutional requirements of one health, and two physical education/first aid courses (4 hours).
5. Complete requirements for the History and Constitution of the United States and Georgia as required by the State of Georgia. They may be met by completing American Government, POLS 1101 and one of the two U.S. History courses, HIST 2111/2112.
6. Must satisfy Regents' Reading and Writing Skills Requirements with a grade of A, B or C in ENGL 1101 & ENGL 1102.
7. Must meet the residency requirement by earning a minimum of 17 semester hours at East Georgia State College.
8. Must demonstrate proficiency in oral communication by completing COMM 1100 (*Public Speaking*) or COMM 1010 (*Interpersonal Communication*), in Area B of the core curriculum.
9. Must have a minimum 2.0 graduation GPA.
10. The formal approval of faculty.

NOTE: Courses used to satisfy required high school curriculum (RHSC) requirements may be used to satisfy graduation requirements.

Graduation Requirements: Bachelor of Science in Biology

The following requirements must be satisfied by all students seeking the baccalaureate degree:

1. All candidates must have an overall, minimum graduation GPA of 2.50.
2. All candidates must take the Educational Testing Service (ETS) by all senior level biology majors.
3. Degree candidates may earn credit by correspondence, or through transient credit, but not more than ten hours in the major discipline and not more than thirty total hours of credit earned in this manner will count toward degree requirements.
4. A candidate must complete English 1101 with a grade of C or higher or must demonstrate proficiency on the CLEP test. A baccalaureate degree candidate must earn a grade of C or higher in English 1102.
5. Must satisfy Regents' Reading and Writing Skills Requirements with a grade of A, B or C in ENGL 1101 & ENGL 1102.
6. A minimum grade of 'C' is required in all science and math courses.
7. Official transcripts from prior colleges must be on file.
8. Must complete 125 semester hours.
9. To remain in the program and to progress, a student will maintain a 2.0 overall GPA on all coursework.
10. Meet the residency requirement by earning a minimum of 30 semester hours at East Georgia State College.

Graduation Requirements: Bachelor of Arts in Fire and Emergency Services Administration (FESA)

The following requirements must be satisfied by all students seeking the baccalaureate degree in FESA:

1. All candidates must have a minimum graduation GPA of 2.00.
2. Degree candidates may earn credit by correspondence, or through transient credit, but not more than ten hours in the major discipline and not more than thirty total hours of credit earned in this manner will count toward degree requirements.

3. A candidate must complete English 1101 with a grade of 'C' or higher or must demonstrate proficiency on the CLEP test. A baccalaureate degree candidate must earn a grade of C or higher in English 1102.
4. Must satisfy Regents' Reading and Writing Skills Requirements with a grade of A, B or C in ENGL 1101 & ENGL 1102.
5. Official transcripts from prior colleges must be on file.
6. Must complete 125 semester hours.
7. To remain in the program and to progress, a student will maintain a 2.0 overall GPA on all coursework.
8. Meet the residency requirement by earning a minimum of 30 semester hours at East Georgia State College.

Graduation Requirements: Bachelor of Science in Nursing (BSN) RN to BSN Bridge Program

The following requirements must be satisfied by all students seeking the baccalaureate degree in Nursing:

1. All candidates must have a minimum cumulative and nursing coursework GPA of 2.50.
2. All candidates must satisfy all pre-requisite coursework prior to admission to the program, as follows:

BIOL 1103/1104 OR	Introductory Biology I/II OR
BIOL 1107/1108	Principles of Biology I/II
BIOL 2511 and BIOL 2512	Anatomy and Physiology I & II
BIOL 2611	Microbiology
MATH 1121	Introduction to Statistics
PSYC 2103	Human Growth & Development

3. A candidate must have a valid, current and unrestricted State of Georgia RN license.
4. A candidate must complete ENGL 1101 with a grade of 'C' or higher or must demonstrate proficiency on the CLEP test. A baccalaureate degree candidate must earn a grade of 'C' or higher in ENGL 1102.
5. Must satisfy Regents' Reading and Writing Skills requirements by earning a grade of 'C' or higher in ENGL 1101 and 1102.
6. A minimum grade of 'C' is required in all prerequisite courses as well as all science, math and nursing courses.
7. Official transcripts from previous colleges must be on file.
8. Must complete 120 semester hours.
9. To remain in and progress within the nursing program, a student must maintain a 2.50 overall GPA on all coursework.
10. To remain in and progress within the nursing program, a student will maintain satisfactory performance on clinical evaluations.
11. Meet the residency requirements by earning a minimum of 30 semester hours at East Georgia State College.
12. A candidate must complete the required application for graduation by deadline.

Graduation Exercises

Degrees are formally conferred at the close of the fall semester (December) and spring semester (May). Students who complete all requirements for their degree by the end of the summer semester are invited to participate in our fall commencement ceremony to receive their diploma. Degree candidates are required to attend the graduation rehearsal, which is scheduled one day prior to the commencement ceremony.

Summer graduation candidates may be eligible to participate in the spring semester ceremony. Refer to the institution's policy for commencement participation policy posted on the President's Policies and Procedures webpage ([here](#)).

Requirements for a Second Degree

Students may be awarded more than one Associate of Arts or Science degree with disciplinary distinction provided the student meets all of the requirements. Since the institution offers two baccalaureate degree programs, a student may elect to enroll in one of these programs following the completion of an Associate's degree.

Graduation with Honors

A graduation candidate who has taken a minimum of 25 semester hours at East Georgia State College and who has an overall cumulative average of no less than 3.5 will graduate cum laude. A student with a final cumulative average of 3.8 or better will graduate magna cum laude and a student with a 3.9 or better cumulative average will graduate summa cum laude.

Posthumous Degree Policy

Refer to the institution's policy for posthumous degree policy posted on the President's Policies and Procedures webpage ([here](#)).

Tuition and Fees

Tuition and Fees charged by East Georgia State College are approved by the University System of Georgia annually. Changes in tuition and fee rates are typically effective fall semester each year. Legal residents of the State of Georgia pay in-state tuition, while students who are not legal residents of the State of Georgia pay out-of-state tuition. Expenses include in-state tuition, out-of-state tuition, mandatory student fees and other special fees (including housing and meal plan expenses). Actual costs are determined when a student registers for classes each semester and are based on residency, campus code, credit hours, miscellaneous course fees, housing and meal plans. All tuition and fees are due and payable at the time of registration (no partial payments) and registration is not complete until all tuition and fees have been paid.

The Board of Regents set the full-time tuition rate at 15 credit hours. Fall 2016 students will pay tuition per-credit hour up to 15 hours. All students will pay a mandatory special institutional fee to help off-set budget reductions. For current EGSC tuition and fees, please visit the Business Services—Tuition and Fees webpage ([here](#)).

Part-Time Students: (*Less than 12 hours*)

- Any **Swainsboro** student taking 4 or more semester credit hours will pay a student service fee and athletic fee. Students taking 1-4 hours will pay one-half of the EGSC Institutional fee; however, students taking 5 or more hours will pay the full EGSC Institutional fee. Regardless of hours enrolled, students are required to pay the mandatory EGSC Access Card Fee, Health Fee, Technology Fee and Parking Fee.
- Any **Statesboro** student taking 4 or more semester credit hours will pay the GSU university fee and EGSC athletic fee. Students taking 1-4 hours will pay one-half of the EGSC institutional fee; however, students taking 5 or more hours will pay the full EGSC Institutional fee. Regardless of hours enrolled, students are required to pay the mandatory GSU Technology Fee, EGSC Access Card Fee, EGSC Technology Fee and Transportation Fee.
- Any **Augusta** student taking 4 or more semester credit hours will pay EGSC athletic fee. Students taking 1-4 hours will pay one-half of the EGSC Institutional fee; however, students taking 5 or more hours will pay the full EGSC Institutional fee. Regardless of hours enrolled, students are required to pay the mandatory AU Summerville Fees, EGSC Access Card Fee and EGSC Technology Fee.

Payment of Tuition and Fees

All tuition and fees are due in full (no partial payments) at time of registration. Registration and final fee payment deadline dates are published each semester on the Academic Calendar. *Registration is not complete until all tuition and fees have been paid in full. All tuition and fees must be paid by the final fee payment deadline to avoid the class drop for non-payment.* If any check is not paid on presentation to the bank on which it is drawn, a service charge will be incurred and any bank charges due to the return check will be passed on to the student. After two checks have been returned by any student's bank without payment, check payment privileges will be suspended.

Paying for the rising costs of a college education is a concern for nearly every student and family. To help you meet your educational expenses, East Georgia State College is pleased to offer Nelnet Business Solutions (NBS) as a convenient budget plan. This is not a loan program. You have no debt, there are no interest or finance charges, and there is no credit check. Enrollment in this plan is easy and available online. Students must be enrolled in classes before the Nelnet Payment Plan "Target Dates to Enroll By" deadline. These dates will be different each semester. For more information on the Nelnet Payment Plan, please visit the Business Services section of the East Georgia State College webpage ([here](#)).

Tuition/Fee Refunds

Students who formally withdraw from the college will be entitled to refunds of the institutional charges and other mandatory fees according to the following:

A pro rata percentage is determined by dividing the number of calendar days in the semester attending by the total calendar days in the semester. The total calendar days in a semester includes weekends, but excludes scheduled breaks of five or more days and days that students were on an approved leave of absence. The unearned portion shall be refunded up to a point in time that the amount earned equals 60%. Students withdrawing after the calculated percentage of completion is greater than 60% are NOT entitled to a refund of any portion of institutional charges. Students must contact the Records Office as soon as the decision is made to withdraw in order to formalize the decision. There will be no refund for reducing course load unless the institution is at fault.

Special Conditions: Students who do not formally withdraw, who are suspended for disciplinary reasons, or who leave the college when disciplinary action is pending are not eligible for a refund of any portion of any tuition or fee charge. A refund of all tuition and other mandatory fees shall be made in the event of the death of a student at any time during the semester. Ordinarily, refunds will be processed within 2 to 3 weeks of the date of the withdrawal.

When considering withdrawal from EGSC, students should consult with their instructors and advisors to determine if this is the best course of action. Withdrawals could impact student accounts, financial aid, tuition assistance and Veteran Benefits status, thus, students are encouraged to consult with their financial aid administrator prior to withdrawal. Students need to be aware that the withdrawal date is: the date the student began the institution's withdrawal process or officially notified the institution of intent to withdraw; or the midpoint of the period of enrollment for a student who leaves without notifying the institution; or the student's last date of attendance at a documented academically-related activity. Ceasing to attend class does not constitute an official withdrawal. Please see the financial aid section of this catalog for the Return to Title IV Official and Unofficial Withdrawal Policy.

Military Service Refunds

Students who are members of the Georgia National Guard or other reserve components of the Armed Forces who receive emergency orders to active military duty for an indefinite period are entitled to a full refund of tuition paid for that semester, in accordance with guidelines promulgated by the Chancellor.

Military personnel on active duty in the Armed Forces who, before the end of their present station assignment, receive emergency orders for a temporary or permanent change of duty location, are entitled to a full refund of tuition paid for that semester, in accordance with guidelines promulgated by the Chancellor.

For the first academic year the service member returns, the institution cannot increase the tuition and fee charges above the prior amount the service member was or would have been assessed for the academic year when the service member left the institution, unless there are sufficient veteran's education benefits or other service member education benefits to pay the increased amount of those tuition and fee charges.

Waiver of Mandatory Fees for U.S. Military Reserve and Georgia National Guard Combat Veterans

Eligibility

Eligible participants must be Georgia residents who are active members of the U.S. Military Reserve and/or the Georgia National Guard and were deployed overseas for active service in a location of locations designated by the U.S. Department of Defense as combat zones on or after September 11, 2001 and served for a consecutive period of one-hundred and eighty-one (181) days, or who received full disability as a result of injuries received in such combat zone, or were evacuated from such combat zone due to severe injuries during any period of time while on active service. Additionally, eligible participants must meet the admissions requirements of the applicable USG institution and be accepted for admission.

Benefits

Eligible participants shall receive a waiver of all mandatory fees charged by USG institutions including but not limited to:

1. Intercollegiate athletic fees;
2. Student health service fees;
3. Parking and transportation fees, where such fees are mandated for all students;
4. Technology fees;
5. Student activity fees;
6. Fees designated to support leases on facilities such as recreation centers, parking decks, student centers, and similar facilities; and
7. Any other such mandatory fees for which all students are required to make a payment.

Students receiving this waiver shall be eligible to use the services and facilities these fees are used to provide. This benefit shall not apply to housing, food service, any other elective fees, special fees or other user fees and charges (e.g. application fees).

Members of the armed services utilizing the military's tuition assistance programs to attend EGSC shall receive a waiver of all mandatory fees charges.

Tuition Waivers

Students coded as an out-of-state may be eligible for an out-of-state tuition waiver. A complete list of out-of-state waivers is available on the *Waivers and Tuition Classification* webpage ([here](#)).

Books

Books and supplies may be purchased at the East Georgia State College Bookstore, which is managed by Follett Higher Education Group. The Bookstore schedule will be posted at the beginning of each semester. Refunds on textbook purchases will be made when all of the following conditions are met:

1. Books are returned on or before the last day to register.
2. Books are in the same condition as when they were purchased. (If a book has a name written in it or any other markings, it will be considered a used book).
3. Sales receipts are presented. (SAVE YOUR RECEIPT). The bookstore buys back some used books which are in good condition during the final exam week. The list of books eligible for buy-back will be posted at that time.

Miscellaneous/Special Fees

A list of Miscellaneous/Special Fees is located on the *Tuition and Fees* section on the Business Services webpage ([here](#)). An explanation of those fees are listed below:

- Application Fee: An application fee is charged for the admissions application. The fee is non-refundable.
- Accuplacer Retest Fee: After initial examination, new students have one opportunity to retest, regardless of sections attempting. There is a non-refundable fee for this test. Students are encouraged to test before Orientation/Registration but the placement test must be re-taken before the first day of classes.
- Criminal Background Investigation (CBI) Fee: A non-refundable fee is charged for CBI. Criminal background investigations are required for every new or returning student who has ever been convicted of a crime, other than a traffic offense, or who has criminal charges pending at the time of application/reapplication. CBIs are also required for current students who: (1) are applying for admission to teacher education; (2) want to participate in study abroad; (3) work as a PREP Tutor and/or (4) enters the RN-BSN program. Students who wish to live in on-campus housing must also request a criminal background investigation, but the cost is covered by their application fee for housing.
- Graduation Fee: A non-refundable graduation fee is required prior to the start of the semester in which the student expects to graduate. Students at this point are expected to have filed a Graduation Application with the Records Office to have graduation requirements verified.
- Late Registration Fee: After Final Registration, a non-refundable late penalty fee will be assessed. This fee also applies if you are dropped from your class(es) for non-attendance or non-payment and then added back.
- Library Book Fines and Delinquent Fees: A student who has library books overdue or who is delinquent in any fee or fine will have his/her transcript withheld until the delinquency is removed. Nonpayment of these charges will prevent registration for a succeeding term.
- Identification Card/Access Card Fee: At the time of a student's first enrollment at East Georgia State College, the student will be issued a photographic identification/access card which is to be validated each semester the student is enrolled. There is a fee charged each semester for this card. Students must have this card to access computer labs, sporting events, housing complex, bookstore, etc. This card also serves as a library card. A fee is charged for replacements and must be paid at the time of re-issue.
- Orientation Fee: All incoming freshman will be assessed a non-refundable Orientation fee to cover the cost of materials and administration.
- Proctored Exam Fee: Students who need Proctored Exams from other college or institutions will be charged a fee per exam and must be paid at the Business Office with cash, check, VISA, Master Card or money order at the time of testing.

- **Remote Placement Testing Fee:** Students who are testing for another institution are charged a non-refundable fee to cover EGSC administration costs. The fee must be paid at the Business Office with cash, VISA, Master Card, or money order at the time of testing.
- **Return Check Fee:** If any check is not paid on presentation to the bank on which it is drawn, a service charge will be incurred.
- **Transportation Fee – Statesboro:** Students enrolled at East Georgia State College Statesboro may operate motor vehicles and use designated parking areas on the campus. **Motor vehicles will not be permitted on campus without parking permits.** The parking permit is a hang tag which may be obtained at the front office. The decal will hang from the rear view mirror. This fee is also used to ride the bus that runs between East Georgia State College – Statesboro and GSU.
- **Vehicle Registration – Swainsboro:** Students enrolled at East Georgia State College may operate motor vehicles on campus and use designated parking areas. **Motor vehicles will not be permitted on campus without parking permits.** The parking permit is a hang tag which may be obtained in the Business Office. The decal will hang from the rear view mirror.
- **Parking Fines:** For a complete list of parking fines, please see the Parking and Transportation Policy located on the President's Policy and Procedure webpage ([here](#)).
- **Other Fees:** Certain courses are offered by the College that requires students to pay an additional non-refundable class fee. Please see the full list on the *Tuition and Fees* section of the Business Services webpage ([here](#)).

Art 3D Design Fee
 Archery Equipment Fee
 Disc Golf Equipment Fee
 Lab Kit Fee (Integrated Science—Web Class Only)
 Bowling
 East Georgia State College—Statesboro students enrolled in Georgia Southern University PE and Healthful Living classes will be assessed a non-refundable class fee(s) per class.

Financial Responsibility of the Student

All financial obligations to the College must be paid promptly. East Georgia State College reserves and intends to exercise the right to withhold copies of educational records and/or to cancel classes for students who have outstanding financial obligation(s) to the institution. A student who is delinquent in financial obligations to the College shall not be allowed to register for the next term or to request a transcript to transfer credits to another institution. East Georgia State College is an educational institution, and therefore does not have the resources to perform extensive debt collection activities. For this reason, past due and delinquent accounts will be assigned to a collection agency. A student whose account is assigned to a collection agency will be responsible for paying any collection fees incurred.

For information regarding the Institution's policy regarding non-payment of fees, please see the EGSC Policy Regarding Non-Payment of Fees on the President's Policies and Procedures webpage ([here](#)).

Classification of Students for Tuition Purposes

A student is responsible for registering under the proper residency classification. Petitions for re-classification or waivers are not retro-active to prior terms. They will only be considered for the term listed on the form. For a full list of available out-of-state student waivers, please see the *Waivers and Tuition Classification* webpage ([here](#)).

Regents' Policies Governing the Classification of Students for Tuition Purposes

For an in-depth description of the Board of Regents policy regarding Classification of Students for Tuition Purposes, please refer to the University System of Georgia—Board of Regents Policy 4.3.2 ([here](#)).

Student Services

Student services at East Georgia State College are dedicated to the promotion of the physical, cultural, and personal development and well-being of the individual student. The student services program is designed to involve the student in co-curricular and extra-curricular activities of the college, so as to make them an integral part of the total college experience of the student. The functions of student services are to meet the needs of the individual students; to promote good communication and working relationships among students, faculty, and staff; and to heighten awareness of civic responsibility.

Counseling and Testing

Students may seek help at any time by contacting the college's Counseling and Disabilities Services Provider located in Jean A. Morgan student services building in room 113D. Services are also available at our East Georgia State College Statesboro and East Georgia State College Augusta locations. Testing is available to determine interests and aptitude. Academic advisors are assigned to students to assist in developing graduation plans.

Scholastic Aptitude Test (SAT)

The East Georgia State College code for students taking the Scholastic Aptitude Test (SAT) and requesting scores be sent to the institution is 5200. To have SAT scores reported directly to East Georgia State College use the above code when completing the SAT application. Inquiries regarding the SAT should be made to the Vice President for Student Affairs.

Minority Advising Program

The Minority Advising Program at East Georgia State College is open to all minority students. It is the purpose of the program to aid students in their efforts to achieve success in college. The program is directed by the Vice President for Academic Affairs. Students interested should contact the Vice President for Academic Affairs for additional information.

Student Activities

The student activities program is administered through the Office of Student Life and is sponsored and advised by the Student Government Association. These activities include movies, dances, lectures, concerts, field trips, student publications, intramurals, club activities, etc. Notices of coming activities are posted on the campus bulletin boards and sent to students via Catmail. Students who wish to suggest activities should contact the Student Government Association or Student Life Director.

Student Government

This campus organization governs student activities and represents the students in college affairs. Members and officers of the SGA are elected by the student body. Each extended East Georgia State College campus will have its own SGA consisting of a Vice President and Secretary/Treasurer, and a pre-determined number of Senators. All SGA units will be governed by and report to one President, and this President must be a full-time student at the Swainsboro campus. Each SGA will perform functions and duties as related to the specific campus it represents. Each SGA unit will consist of two (2) departments, the legislative department and the executive department. The Swainsboro Campus SGA is composed of three officers: the president, the vice-president, and the secretary-treasurer; three senators elected from the sophomore class; and three senators elected from the freshman class.

Student Email Accounts

For information regarding EGSC student email accounts, please see the *Student Email Accounts* section of the Campus Email Policy found on the President's Policies and Procedures webpage ([here](#)).

Student Publications

The official student publications on campus are *The Hoopee Bird*, the student newspaper; and *Wiregrass*, the literary magazine. These publications are produced by students under the supervision of faculty advisors. Financed in part by the Student Activity Fund, these publications provide opportunities for students in creative writing, reporting, business, and design.

Clubs

East Georgia State College offers its' students many opportunities to be involved in various clubs and organizations. For a complete listing of all EGSC clubs and organizations, please review the Student Handbook found on the President's Policies and Procedures webpage ([here](#)).

(Club membership is open to all students unless otherwise noted.)

Intramural Athletics

Intramural athletic activities are developed for students who wish to participate in both team and individual competitive sports activities including: volleyball, table tennis, flag football, basketball, softball and dodgeball.

Health Services

East Georgia State College, through contract with a third party medical provider, provides basic health services for its students in the Student Health Services Clinic located in the lower level of the Academic Building. The clinic provides basic medical screening and treatment, for non-life threatening diseases, or referral, health education and disease prevention information. Basic health services in the clinic are free to students and are covered by the East Georgia State College Student Health services fee of \$30 per semester. For more information and hours of operations, please see the Health Services website ([here](#)).

Alumni Association

Membership in the East Georgia State College Alumni Association is automatically conferred upon all graduates of the institution and is available to those students who have attended by not graduated. This organization, under the administrative supervision of the Office of Institutional Advancement, was formed after the college's first graduation. For more information, please contact the Development Coordinator at (478)289-2193 or visit the Association's webpage ([here](#)).

Services for Students with Disabilities

East Georgia State College is committed to assisting students in attaining their highest potential by providing reasonable academic accommodations for those students with various learning, physical and/or medical disabilities. Services presently available include counseling, liaison with faculty/staff, access to technology, and referral to other services. For assistance, please contact the Disability Services Provider in the counselor's office. In compliance with the requirements of the Americans with Disabilities Act (ADA), it is the policy of the college that it does not discriminate against an individual on the basis of his or her disability, as covered under the ADA and section 504 of the Rehabilitation Act of 1973. We also affirm that all programs of the college are open to regularly admitted students without regard to disability. No students will be denied access to any program or to any administrator or faculty person because of the person's disability. Any person, employee, or job applicant who has a complaint or grievance in regard to the ADA and section 504 or the Rehabilitation Act of 1973 should contact the Vice President for Business Affairs.

International Intercultural Studies Program

The University System of Georgia has established several International Intercultural Studies Programs for the benefit of students. The programs provide foreign study opportunities for selected students through charter and group service arrangements available to educational institutions. Further information may be obtained by contacting the Vice President for Academic Affairs.

Regents' Statement on Disruptive Behavior

The following is the policy of the Board of Regents regarding disruptive behavior in any institution of the University System. The rights, responsibilities and prohibitions contained in this statement are incorporated as a part of these regulations. The Board of Regents of the University System of Georgia reaffirms its policies to support full freedom of expression by each member of the academic community and to preserve and to protect the rights and freedom of its faculty members and students to engage in debate, discussion, peaceful and non-disruptive protest and dissent. The following statement relates specifically to the problem described below. It does not change or in any way infringe upon the Board's existing policies and practices in support of freedom of expression and action. Rather, it is considered necessary

to combat the ultimate effect of irresponsible, disruptive and obstructive actions by students and faculty that tend to destroy academic freedom and the institutional structures through which it operates.

A serious problem has appeared on many college and university campuses in the nation. Some students, faculty members, and others have on occasion engaged in demonstrations, sit-ins, and other activities that have clearly and deliberately interfered with the regular and orderly operation of the institution concerned. Typically, these actions have been the physical occupation of a building or campus area for a protracted period of time or the use or display of verbal or written obscenities involving indecent or disorderly conduct. These actions have gone beyond all heretofore recognized bounds of meeting for discussion, persuasion, or even protest in that: (1) acquiescence to demands of the demonstrators is the condition for dispersal and (2) the reasonable and written directions of institutional officials to disperse have been ignored. Such activities thus have become clearly recognizable as an action force, operating outside all established channels on the campus, including that of intellectual debate and persuasion which are at the very heart of education. The Board of Regents is deeply concerned by this problem.

Under the Constitution of the State of Georgia, under all applicable court rulings, and in keeping with the tradition of higher education in the United States, the Board is ultimately responsible for the orderly operation of the several institutions of the University System and the preservation of academic freedom in these institutions. The Board cannot and will not divest itself of this responsibility. Of equal or even greater importance, such action of force as has been described above destroys the very essence of higher education. This essence is found in the unhampered freedom to study, investigate, write, speak, and debate on any aspect or issue of life. This freedom which reaches its full flowering on college and university campuses is an essential part of American democracy, comparable to the jury system or the electoral process.

For these reasons and in order to respond directly and specifically to this new problem, the Board of Regents stipulates that any student, faculty member, administrator, or employee, acting individually or in concert with others who clearly obstructs or disrupts, or attempts to obstruct or disrupt any teaching, research, administrative, disciplinary or public service activity, or any other activity authorized to be discharged or held on a campus of the University System of Georgia is considered by the Board to have committed an act of gross irresponsibility and shall be subject to disciplinary procedures, possibly resulting in dismissal or termination of employment.

The Board reaffirms its belief that all segments of the academic community are under a strong obligation and have a mutual responsibility to protect the campus community from disorderly, disruptive, or obstructive actions that interfere with academic pursuits of teaching, learning, and other campus activities. The Board of Regents understands that this policy is consistent with resolutions adopted by the American Association of University Professors in April, 1968, by the Association of American Colleges in January, 1968, and the Executive Committee of the Association of Higher Education in March, 1968, condemning actions taken to disrupt the operations of institutions of higher education. (BoR Minutes, 1968-69, pp. 166-169; 1970-71, p. 98.)

Drug Free Schools Policy Statement

In compliance with the Drug Free Schools and Communities Act of 1989, (PL 101-226), East Georgia State College has developed an institutional drug and alcohol policy. Please review the policy regarding drugs and alcohol on the President's Policy and Procedure webpage ([here](#)).

Student Conduct Information and Regulations

College regulations provide guides for college life. A student is expected to display an attitude in which cooperation, good judgment and good taste are standards of life at college. Regulations are designed to protect the interest and well-being of the student, his or her family, the college, and society. Disciplinary measures are designed to be corrective and beneficial to the educational development of the student. Registered students are subject to the regulations outlined in the Student Handbook and in the institution's Student Code of Conduct. Please review both on the President's Policies and Procedures webpage ([here](#)) for more in-depth information regarding student conduct.

Violations

When a student is charged with violation of the conduct regulations, disposition of the case shall be according to constitutional requirements, due process, and in keeping with the procedures outlined in the in the Student Code of Conduct and Disciplinary Procedure Policy found on the President's Policies and Procedures webpage ([here](#)).

Child Care Facilities

No child care facilities are available on campus. The institution cannot be held responsible for children left unattended. Therefore, children should not be left unsupervised while on campus. Children are not permitted to accompany students to classes, laboratories, seminars, etc. Please see the policy regarding minor children on-campus posted on the President's Policies and Procedures webpage ([here](#)).

Associate-Degree Programs and Transfer Pathways

East Georgia State College offers both associate-degree programs and transfer pathways.

Associate of Arts and Associate of Science Programs: Associate of Arts and Associate of Science degree-programs are programs of disciplinary distinction which provide the two years of course work in a discipline area. These degree-programs may also be used as the first two years of course work toward the completion of a baccalaureate degree at a four-year institution. The programs of disciplinary distinction lead to the Associate of Arts (A.A.) or Associate of Science (A.S.) degree. Students in these degree-programs follow the Core Curriculum established by the Board of Regents of the University System of Georgia. The Core Curriculum is designed to facilitate the transfer of credit among the schools within the University System. The Core consists of 60 hours:

Area A	9 hours in Basic Skills (English and Mathematics)
Area B	4 hours of Institutional Option Courses
Area C	6 hours of Humanities and Fine Arts
Area D	11-12 hours Science, Mathematics and Technology
Area E	12 hours Social Sciences
Area F	18 hours of courses related to the student's disciplinary distinction

In order for a student to complete all requirements for the Associate of Arts or Associate of Science degree at East Georgia State College, students must complete an additional 4 hours consisting of:

2-hour Health Course AND
(2) 1-hour physical activity courses or a 1-hour physical activity course and a 1-hour First Aid Course

Transfer Pathways: Transfer pathways are programs which provide the first two years of course work toward the completion of a baccalaureate degree at a four-year institution. Transfer pathways lead to an Associate of Arts, Core Curriculum degree. Students in transfer pathways follow the Core Curriculum established by the Board of Regents of the University System of Georgia. The Core Curriculum is designed to facilitate the transfer of credit among the schools within the University System. The Core consists of 60 hours:

Area A	9 hours in Basic Skills (English and Mathematics)
Area B	4 hours of Institutional Option Courses
Area C	6 hours of Humanities and Fine Arts
Area D	11-12 hours Science, Mathematics and Technology
Area E	12 hours Social Sciences
Area F	18 hours of courses following the Area F designated by the University System of Georgia for that Transfer Pathway

In order for a student to complete all requirements for the Associate of Arts or Associate of Science degree at East Georgia State College, students must complete an additional 4 hours consisting of:

2-hour Health Course AND
(2) 1-hour physical activity courses or a 1-hour physical activity course and a 1-hour First Aid Course

Associate of Arts Degree Programs with Disciplinary Distinction

Art	History
Communication Arts	Political Science
Criminal Justice	Psychology
English	Sociology
Fire & Emergency Services Administration	

Associate of Science Degree Programs with Disciplinary Distinction

Biology	Mathematics
Business Administration	Recreation
Chemistry	

Transfer Pathways—Associate of Arts, Core Curriculum—Students should refer to the catalog of the college to which they plan to transfer to assure the Area F requirements of that institution are satisfied.

The Core Curriculum

East Georgia State College, in cooperation with other institutions of the University System of Georgia (USG) is designed to facilitate the educational progress of students as they pursue baccalaureate degrees. The Core Curriculum is subdivided into core areas A through F as outlined below. Area A, B, C, D and E totaling 42 credit hours are composed of general education courses. Area F varies dependent upon the type of degree program a student elects and is composed of 18 credit hours which supports the student's chosen baccalaureate major. A student completing any of the six areas in the approved core at East Georgia State College may transfer the hours to any institution of the University System of Georgia without loss of credit. This transferability is guaranteed by the Board of Regents and should a student encounter difficulty in transferring of credits earned at East Georgia State College, the student is urged to immediately contact the institution's Transfer Coordinator/Director of EGSC Statesboro, Registrar or Vice-President for Academic Affairs. The next two pages detail information concerning the Core Curriculum.

Area A (Academic Affairs Handbook 2.4.4) Requirements:

Students are required to complete Area A early in their college studies.

- If a student has completed 30 semester hours and *has not yet completed Area A(1)*, the student must enroll in a course that makes progress toward completing A(1) in order to take other college courses. In other words, after 30 semester hours, the student must be enrolled in one of the following courses: ENGL 1101, ENGL 1102 (or ENGL 0989 if they still have learning support requirements)
- If a student has completed 30 semester hours and *has not yet completed Area A(2)*, the student must enroll in a course that makes progress toward completing A(2) in order to take any other college courses. In other words, after 30 semester hours, the student must be enrolled in one of the following courses: MATH 1001, MATH 1111, MATH or 1113 (or MATH 0997 or 0989 if the student still has a mathematics learning support requirement).

Associate of Arts, Core Curriculum

Area A1	Communication Skills	6 hours
Learning Outcome: Student will be able to write effectively for a variety of audiences to demonstrate collegiate-level writing.		
ENGL 1101	Composition I	3
ENGL 1102	Composition II	3

*NOTE: Grades of 'C' or better are required for both Composition courses. Please see English 'C' Compliance Policy.

Area A2	Quantitative Skills	3 hours
Learning Outcome: Student should be able to analyze and apply mathematical concepts in various forms in order to solve a variety of quantitative problems.		

(Choose One)*

MATH 1001	Quantitative Skills & Reasoning	3
MATH 1111	College Algebra	3
MATH 1113	Pre-Calculus	3

*NOTE:

Grade of 'C' or higher is required for A2 Math courses.

College Algebra or higher is required for students seeking an A.A. with disciplinary distinction in Business Administration.

Pre-Calculus or higher is required for certain majors—please refer to the major requirements for the four-year program to which the student intends to transfer into.

Area B	Institutional Options	4 hours
Learning Outcome: Students will demonstrate the ability to speak and listen with the competence necessary to succeed in higher education and students will demonstrate the ability to (a) gather, (b) analyze and (c) evaluate information to make effective decisions.		

(Choose One)

COMM 1110	Public Speaking	3
COMM 1010	Intercultural Communication	3

(Required)

CATS 1101	Critical & Academic Thinking for Success	1
-----------	--	---

Area C	Humanities/Fine Arts	6 hours
Learning Outcome: Students will demonstrate the ability to effectively analyze works of literature, art or music and students will demonstrate the ability to analyze human behavior from a variety of perspectives.		

(Choose One)

ENGL 2111	World Literature I	3
ENGL 2112	World Literature II	3
ENGL 2120	British Literature	3
ENGL 2130	American Literature	3

(Choose One)

ART 1100	Introduction to Art	3
ART 2030 or 2031	Art History I, II	3
ENGL 2111 or 2112	World Literature I, II	3
ENGL 2120	British Literature	3

ENGL 2130	American Literature	3
FILM 1100	Introduction to Film	3
FREN 1001 or 1002	Elementary French I, II	3
FREN 2001 or 2002	Intermediate French I, II	3
MUSC 1100	Music Appreciation	3
SPAN 1001 or 1002	Elementary Spanish I, II	3
SPAN 2001 or 2002	Intermediate Spanish I, II	3
THEA 1100	Theatre Appreciation	3

Area D	Science, Mathematics and Technology	11-12 hours
--------	-------------------------------------	-------------

Learning Outcome: Students will demonstrate effective use of the scientific method and students will demonstrate the ability to solve problems (a) algebraically, (b) numerically and (c) graphically at the level necessary to succeed in higher education.

(Choose two)		8 hours
BIOL 1103/1104	Introductory Biology I, II	4
BIOL 1107/1108	Principles of Biology I, II	4
CHEM 1211/1212	Principles of Chemistry I, II	4
GEOL 1121	Physical Geology	4
GEOL 1122	Historical Geology	4
ISCI 1101	Integrated Science	4
PHYS 2211	Physics I: Classical Mechanics	4
PHYS 2212	Physics II: Electricity, Magnetism, Optics	4
(Choose One)		3-4 hours
MATH 1113	Pre-Calculus	3
MATH 1121	Introduction to Statistics	3
CSCI 1301	Programing Principles I	3
MATH 1540, 2012, 2013	Calculus I, II, III	4 each
BIOL 1103/1104	Introductory Biology I, II	4 each
BIOL 1107/1108	Principles of Biology I, II	4 each
CHEM 1211/1212	Principles of Chemistry I, II	4 each
GEOL 1121	Physical Geology	4 each
GEOL 1122	Historical Geology	4 each
ISCI 1101	Integrated Science	4 each
PHYS 2211	Physics I: Classical Mechanics	4 each
PHYS 2212	Physics II: Electricity, Magnetism, Optics	4 each

****NOTES on Area D requirements:**

Non-Science majors may fulfill Area D, at East Georgia State College, by taking two four-hour lab science courses (sequence not required) and three hours of mathematics; OR by taking three four-hour lab science courses.

Allied Health Professional Majors, including Nursing, are required to complete a sequence of two four-hour lab science courses (excluding ISCI 1101, GEOL 1121 or 1122). Please refer to the major requirements for the four-year program to which the student intends to transfer.

Students **cannot** satisfy Area D with combinations of BIOL 1103 & BIOL 1107 or BIOL 1104 and BIOL 1108.

The CSCI, MATH 1540, 2012 and 2013 courses are 4 hours each, 1 hour of which can be included in Area F (if applicable).

Area E	Social Science	12 hours
--------	----------------	----------

Learning Outcome: Students will demonstrate the ability to analyze human behavior from a variety of perspectives.

POLS 1101	American Government	3
(Choose one)		3 hours
HIST 2111	U.S. History to 1865	3
HIST 2112	U.S. History since 1865	3
(Choose two)		6 hours
ECON 2105	Principles of Macroeconomics	3
ECON 2106	Principles of Microeconomics	3
HIST 1111/1112	Western Civilization to/since 1648	3
HIST 2111/2112	U.S. History to/since 1865	3
HIST 2200	Black History	3
HIST 2300	History of Science	3
POLS 2301	Comparative Politics	3
POLS 2401	Global Issues	3
PSYC 1101	General Psychology	3
SOCI 1101	Introduction to Sociology	3

Area F	Courses Related to Program of Study/Transfer Pathway	18 hours
--------	--	----------

***NOTES on Area F requirements:**

Students should refer to the appropriate Area F requirements, following this section, for specific course requirements for transfer pathways and/or disciplinary distinctions.

Additional Institutional Requirements		4 hours
---------------------------------------	--	---------

HLTH 2051	Health	2
(Choose two)*		2
HLTH 2181	First Aid	1
PHED (XXXX)	*Please refer to 'Course Descriptions' section for complete listing of all activity courses.	1

*Students may choose to take two physical activity courses or they may choose to take one physical activity course and the First Aid (HLTH 2181) course.

Area F Requirements—Associate of Arts Degree with Disciplinary Distinction

The Area F requirements for the Associate of Arts degree consists of 18 credit hours related to a particular disciplinary distinction. Each disciplinary distinction is designed to provide a required foundation of courses for successful work on a specific major once the student transfers to a baccalaureate degree-granting institution. Because each receiving institution designs its own requirements for specific majors, it is important that:

- students decide as soon as possible their academic and career goals,
- become familiar with the applicable East Georgia State College degree requirements,
- decide where they intend to transfer, following graduation, and
- learn the requirements of the major at the institution to which they plan to transfer.

The student's academic advisor can assist with all of these decisions, and it is strongly recommended that the student include the academic advisor early in all career and academic planning. Some courses included in Area F may be prerequisites for specific courses required in a major at the baccalaureate degree-granting institution. Therefore, if a student completes an Associate of Arts degree at East Georgia State College and subsequently decides not to follow the corresponding major at the baccalaureate institution, the student may find it necessary to take additional courses in support of the new major.

How to Use the Following Section:

In this section of the catalog, we have provided the user with a complete list of area F requirements for the Associate of Arts degree with Disciplinary Distinction at East Georgia State College. Below are some points of reference to look for when perusing specific requirements.

- The header for each degree program contains the School for the Academic discipline responsible for advisement of this Disciplinary Distinction.
- Each Disciplinary Distinction will typically contain 3-4 subsections: 1) Required coursework; 2) Guided Electives; 3) Free Electives and/or Foreign Language.
- To the right of each subsection header, you will find the number of hours required within the section. In some cases a specific course(s) may be required within a section (Ex: Required: 9 hours). In others, the student may be able to choose from a group of courses (Ex: Guided Electives: 0-6 hours). This will be designated by the description, "(Choose...)"
- If the hour requirement for a subsection begins at '0,' the student is not required to complete any courses from the subsection as long as the total hours from the other sections equals 18 hours.
- Students should work closely with the advisor when deciding upon courses from the *Guided Electives* subsection. These course offerings should complement the required coursework and apply towards the major area of study in a four-year degree.
- Pay particular attention to the italicized comments within each area of Disciplinary Distinction for information unique to that degree.
- The detail information under each subsection lists the course information, including: prefix, number, description and number of credit hours.

Associate of Science, Core Curriculum

Area A1	Communication Skills	6 hours
----------------	-----------------------------	----------------

Learning Outcome: Student will be able to write effectively for a variety of audiences to demonstrate collegiate-level writing.

ENGL 1101	Composition I	3
ENGL 1102	Composition II	3

*NOTE: Grades of 'C' or better are required for both Composition courses. Please see English 'C' Compliance Policy.

Area A2	Quantitative Skills	3 hours
----------------	----------------------------	----------------

Learning Outcome: Student should be able to analyze and apply mathematical concepts in various forms in order to solve a variety of quantitative problems.

(Choose One)*

MATH 1111	College Algebra	3
MATH 1113	Pre-Calculus	3

*NOTE:

Grade of 'C' or higher is required for A2 Math courses.

Pre-Calculus or higher is required for certain majors—please refer to the major requirements for the four-year program to which the student intends to transfer into.

Area B	Institutional Options	4 hours
---------------	------------------------------	----------------

Learning Outcome: Students will demonstrate the ability to speak and listen with the competence necessary to succeed in higher education and students will demonstrate the ability to (a) gather, (b) analyze and (c) evaluate information to make effective decisions.

(Choose One)

COMM 1110	Public Speaking	3
COMM 1010	Intercultural Communication	3

(Required)

CATS 1101	Critical & Academic Thinking for Success	1
-----------	--	---

Area C	Humanities/Fine Arts	6 hours
---------------	-----------------------------	----------------

Learning Outcome: Students will demonstrate the ability to effectively analyze works of literature, art or music and students will demonstrate the ability to analyze human behavior from a variety of perspectives.

(Choose One)

ENGL 2111	World Literature I	3
ENGL 2112	World Literature II	3
ENGL 2120	British Literature	3
ENGL 2130	American Literature	3

(Choose One)

Area F Requirements—Associate of Science Degree with Disciplinary Distinction

The Area F requirements for the Associate of Science degree consists of 18 credit hours related to a particular disciplinary distinction. Each disciplinary distinction is designed to provide a required foundation of courses for successful work on a specific major once the student transfers to a baccalaureate degree-granting institution. Because each receiving institution designs its own requirements for specific majors, it is important that:

- students decide as soon as possible their academic and career goals,
- become familiar with the applicable East Georgia State College degree requirements,
- decide where they intend to transfer, following graduation, and
- learn the requirements of the major at the institution to which they plan to transfer.

The student's academic advisor can assist with all of these decisions, and it is strongly recommended that the student include the academic advisor early in all career and academic planning. Some courses included in Area F may be prerequisites for specific courses required in a major at the baccalaureate degree-granting institution. Therefore, if a student completes an Associate of Science degree at East Georgia State College and subsequently decides not to follow the corresponding major at the baccalaureate institution, the student may find it necessary to take additional courses in support of the new major.

How to Use the Following Section:

In this section of the catalog, we have provided the user with a complete list of area F requirements for the Associate of Science degree with Disciplinary Distinction at East Georgia State College. Below are some points of reference to look for when perusing specific requirements.

- The header for each degree program contains the School for the Academic discipline responsible for advisement of this Disciplinary Distinction.
- Each Disciplinary Distinction will typically contain 3-4 subsections: 1) Required coursework; 2) Guided Electives; 3) Free Electives and/or Foreign Language.
- To the right of each subsection header, you will find the number of hours required within the section. In some cases a specific course(s) may be required within a section (Ex: Required: 9 hours). In others, the student may be able to choose from a group of courses (Ex: Guided Electives: 0-6 hours). This will be designated by the description, "(Choose...)"
- If the hour requirement for a subsection begins at '0,' the student is not required to complete any courses from the subsection as long as the total hours from the other sections equals 18 hours.
- Students should work closely with the advisor when deciding upon courses from the *Guided Electives* subsection. These course offerings should complement the required coursework and apply towards the major area of study in a four-year degree.
- Pay particular attention to the italicized comments within each area of Disciplinary Distinction for information unique to that degree.

The detail information under each subsection lists the course information, including: prefix, number, description and number of credit hours.

Areas of Disciplinary Distinction—Associate of Science Degree

BIOLOGY			≥18 hours
Advising School: Math and Science			12 hours
Required:			
BIOL 1107	Principles of Biology I	4	
BIOL 1108	Principles of Biology II	4	
CHEM 1211	Principles of Chemistry I	4	
Required Electives:			8 hours
BIOL 2611	Microbiology	4	
CHEM 1212	Principles of Chemistry II	4	
Carryover from Area D*			1 hour
NOTE:			
<i>To carryover an hour from Area D, students should take MATH 1113, Pre-Calculus, in Area A as a pre-requisite to MATH 1540, Calculus I for the math requirement in Area D. A strong high school background in mathematics and sufficient aptitude are necessary to follow this path. Otherwise, the students should be encouraged to take MATH 1111 before attempting MATH 1113 which results in additional hours.</i>			

BUSINESS ADMINISTRATION			18 hours
Advising School: Social Sciences			12 hours
Required:			
ECON 2105	Principles of Macroeconomics	3	
ECON 2106	Principles of Microeconomics	3	
ACCT 2101	Principles of Accounting I	3	
ACCT 2102	Principles of Accounting II	3	
Guided Electives:			6 hours

BUSA 2105	Business Communications	3	
BUSA 2106	The Environment of Business	3	
CISM 2201	Fundamentals of Computer Applications	3	

CHEMISTRY			≥18 hours
Advising School: Math and Science			12 hours
Required:			
CHEM 1212	Principles of Chemistry II	4	
CHEM 2411	Organic Chemistry I	4	
CHEM 2412	Organic Chemistry II	4	
Electives:			8 hours
(Choose Two)			
BIOL 1107	Principles of Biology I	4	
BIOL 1108	Principles of Biology II	4	
MATH 2012	Calculus II	4	
PHYS 2211	Physics I: Classical Mechanics	4	
PHYS 2212	Physics II: Electricity, Magnetism, Optics	4	
Carryover from Area D*			1 hour
NOTE:			
<i>To carryover an hour from Area D, students should take MATH 1113, Pre-Calculus, in Area A as a pre-requisite to MATH 1540, Calculus I for the math requirement in Area D. A strong high school background in mathematics and sufficient aptitude are necessary to follow this path. Otherwise, the students should be encouraged to take MATH 1111 before attempting MATH 1113 which results in additional hours.</i>			

MATHEMATICS			≥18 hours
Advising School: Math and Science			9 hours
Required:			
MATH 2012	Calculus II		4
MATH 2013	Calculus III		4
Electives:			
(Choose Three)			
BIOL 1107	Principles of Biology I		4
BIOL 1108	Principles of Biology II		4
CHEM 1211	Principles of Chemistry I		4
CHEM 1212	Principles of Chemistry II		4
CSCI 1301	Programming Principles I		4
CSCI 1302	Programming Principles II		4
PHYS 2211	Physics I: Classical Mechanics		4
PHYS 2212	Physics II: Electricity, Magnetism, Optics		4
Carryover from Area D*			1 hour

NOTE:

To carryover an hour from Area D, students should take MATH 1113, Pre-Calculus, in Area A as a pre-requisite to MATH 1540, Calculus I for the math requirement in Area D. A strong high school background in mathematics and sufficient aptitude are necessary to follow this path. Otherwise, the students should be encouraged to take MATH 1111 before attempting MATH 1113 which results in additional hours.

RECREATION			18 hours
Advising School: Social Science			18 hours
Required:			
RECR 1530	Introduction to Recreation		3
RECR 2131	Introduction to Therapeutic Recreation		3
RECR 2530	Leadership & Programming in Leisure Services		3
ACCT 2101	Accounting I		3
SOCI 1101	Introduction to Sociology		3
PSYC 1101	Introduction to Psychology		3

The Transfer Pathway

The student is directed to the Academic Advising Center (ACE) to get a comprehensive list of all transfer pathways which East Georgia State College supports. The Area F requirements for an Associate of Arts Degree, Core Curriculum requires 18 hours of electives relating to the transfer pathway best suiting the student's four-year degree pursuits. Academic and faculty advisors will discuss appropriate electives when creating a graduation plan.

Bachelor of Science in Biology

General Requirements: Core Areas *A, B, C, D and E (above)

42 hours

Note: Biology majors are required to take MATH 1113 in core area A and MATH 1540 in core area D.

Area F

18 hours

BIOL 1107	Principles of Biology I	4
BIOL 1108	Principles of Biology II	4
CHEM 2411	Organic Chemistry I	4
CHEM 2412	Organic Chemistry II	4
SCIE 1101	Science in Society	1
*Carryover from Area D (MATH 1540)		1

Additional Institutional Requirements

4 hours

HLTH 2051	Health	2
(Choose two)*		
HLTH 2181	First Aid	1
PHED (XXXX)	<i>*Please refer to the 'Course Descriptions' section for a listing of all activity courses.</i>	1

*Students may choose to take 2 physical activity courses or they may choose to take 1 physical activity course and First Aid (HLTH 2181).

Required Biology Courses

26 hours

BIOL 3500	Ecology	4
BHCM 3100	Biochemistry	4
BIOL 3200	Genetics	4
BIOL 3400	Cell Biology	4
BIOL 3460	Plant Biology	4
BIOL 4550	Professional Skills for Biologist	3
(Choose one)		3
BIOL 4500	Undergraduate Research Project	3
BIOL 4800	Internship	3

**Student may take a maximum of 6 credit hours for BIOL 4500 and a maximum of 3 credit hours for BIOL 4800.

Other Required Courses

11 hours

PHYS 2211	Physics I: Classical Mechanics	4
PHYS 2212	Physics II: Electricity, Magnetism, Optics	4
MATH 1121	Statistics	3

General Biology Electives

8 hours

(Choose two from the following)		
BIOL 3300	Advanced Microbiology	4
BIOL 3600	Zoology	4
BIOL 3650	Terrestrial Ecology	4
BIOL 4410	Industrial Microbiology	4
BIOL 4750	Environmental Toxicology	4

Additional Electives

15 hours

One elective must have a BIOL or BCHM prefix
Six hours must be 3000-4000 level

- Complete 115 hours
- Maintain at least a 2.0 GPA
- Apply for graduation

Milestones

- Complete BIOL 4550
- Maintain at least a 2.0 GPA
- Complete at least 125 hours
- Graduate

***General Biology Electives:**

- BIOL 3300 4 hours
- BIOL 3600 4 hours
- BIOL 3650 4 hours
- BIOL 4410 4 hours

****Additional Electives (15 total hours):**

- 6 hours must be at the 3000 level

Bachelor of Arts in Fire and Emergency Services Administration

The Fire and Emergency Services Administration (FESA) Bachelor of Arts degree program is designed to create a career pathway for firefighters, emergency services personnel, and others interested in public affairs management. While the courses will be based out of the Swainsboro Campus, the program will be delivered in an online format to meet the complex scheduling demands of fire and emergency services personnel. Fire service, emergency service, disaster preparedness, and public management courses are blended into a vibrant and exciting degree program that will advance your knowledge and professional expertise. The program has been recognized by the Fire and Emergency Services Higher Education (FESHE) Initiative at the National Fire Academy, the nationally recognized standard in fire and emergency services education curriculum. Courses taken will be in three areas: Required FESA courses, Required Elective Courses in the FESA field, and Guided Electives. Electives allow for training to focus on specific career objectives.

General Requirements: Core Areas *A, B, C, D and E (above)

Course Descriptions

Below each course prefix and number, there are three numbers (Ex: 3-0-3). The first number listed is the number of lecture hours; the second number indicates the number of laboratory hours; and the third number indicates the number of credit hours awarded for successful completion of the course.

ACCT 2101 3-0-3	Principles of Accounting I Studies the underlying theory and application of financial accounting concepts.
ACCT 2102 3-0-3	Principles of Accounting II <i>Prerequisite: ACCT 2101</i> Studies the underlying theory and application of managerial accounting concepts.
ART 1010 2-2-3	Drawing I Introduction to the techniques, materials and principles of drawing.
ART 2011 2-2-3	Drawing II <i>Prerequisite: ART 1010</i> Continues the study into techniques, materials and principles of drawing.
ART 1020 2-2-3	Two-Dimensional Design/Color Theory Fundamentals of two dimensional design introduced through projects in a variety of media.
ART 1030 1-4-3	Three Dimensional Design Investigation of three dimensional forms and space using various materials and methods.
ART 1080 1-4-3	Smart Phone Photography An introductory course exploring the use of the smart phone as an image making device. This course will explore various aspects of smart phone photography including (but not limited to): technique, manipulation, social media, ethics, photo journalism, fine art photography, visual aesthetics and printing. Students must have a smart phone with a data plan (or wifi access) to use during the course.
ART 1088 1-4-3	Digital Photography I Comprehensive introduction to the medium of digital photography including: the digital camera, photographic technique, and computer based image manipulation using Adobe software. The class will include digital studio time, in-classroom discussions, and constructive critiques focused on image quality, presentation and concept.
ART 2088 1-4-3	Digital Photography II <i>Prerequisite: C or higher in ART 1088</i> This course will further develop students' skills in the medium of Digital Photography. This will include: An in-depth exploration of concepts as it relates to photography, honing skills in concept, production and building a successful portfolio. The students' understanding/workflow within the digital darkroom will also be explored at greater depth. The class will include digital studio time, in class discussions, and constructive critiques focused on image quality, presentation and concept.
ART 1100 3-0-3	Introduction to Art Complements art theory with art criticism to provide insight into the characteristics and scope of the visual arts.
ART 2050 1-4-3	Painting Acrylic painting emphasizing the exploration of individual problems of perception and expression through the study of styles and techniques in the past and present.
ART 2060 1-4-3	Pottery Basic methods of ceramic production including hand-building, wheel-throwing, and glaze application.
ART 2030 3-0-3	Art History I This is an introductory art history course that explores art from the ancient world up to the 15th century.
ART 2031 3-0-3	Art History II This is an introductory art history course that explores art from the 15th century up to the present day.
BCHM 3100 3-3-4	Biochemistry <i>Prerequisite: C or higher in BIOL 3400 and CHEM 2412</i> A study of the structure and function of biological molecules, enzymology, metabolism and bioenergetics. Upon completion of this course, students will: (1) describe the three dimensional structural and functional relationship of proteins; (2) trace intermediary metabolism from macromolecules to carbon dioxide including both anabolic and catabolic reactions of glucose; (3) explain enzymatic catalysis with regard to mechanism and kinetics; (4) explain the structure and function of major classes of macromolecules; (5) use technological resources to investigate biochemical problems; (6) apply the scientific method to address hypothetical problems.
BCHM 4100 3-3-4	Advanced Biochemistry <i>Prerequisite: C or higher in BCHM 3100</i> Continued study of the structure and function of biological molecules, enzymology, metabolism, and bioenergetics. Upon completion of this course students will: (1) describe nucleic acid processes at the molecular level; (2) trace metabolic pathways of lipids and amino acids; (3) explain energetic and mechanisms of photosynthesis; (4) describe integrated metabolism; (5) communicate clearly and effectively; (6) use technological resources at the appropriate level; (7) apply the scientific method to

address hypothetical problems; (8) demonstrate competence in the use of biochemical techniques and laboratory analysis.

BIOL 1000
3-0-3

Environmental Biology

Prerequisite: Exit or Exemption from English 0989 and Math 0989

Helps students identify and understand scientific concepts, ethical values, information sources, political processes, and alternative points of view that underlie environmental issues.

BIOL 1103
3-2-4

Introductory Biology I

Prerequisite: Exit or Exemption from English 0989 and Math 0989

A general biology course focused on cell structure and function, cell division, plant and animal energy pathways, genetics, evolution, diversity, structure and function of organisms, interaction with the environment, and global issues. This course is intended for non-science majors only and will not satisfy core requirements for science majors.

BIOL 1104
3-2-4

Introductory Biology II

Prerequisite: C or higher in BIOL 1103

A general biology course focused on cell structure and function, cell division, plant and animal energy pathways, genetics, evolution, diversity, structure and function of organisms, interaction with the environment, and global issues. This course is intended for non-science majors only and will not satisfy core requirements for science majors.

BIOL 1107
3-2-4

Principles of Biology I

Student must satisfy all learning support and co-requisite level requirements prior to this course.

A study of an organism's cellular basis, biology development and variability. Also includes the following topics: the chemical and cellular basis of life, the perpetuation of life and evolutionary biology.

BIOL 1108
3-2-4

Principles of Biology II

Prerequisite: C or higher in BIOL 1107

Studies an organism's inheritance, diversity, population and communities. Included are the following topics: the genetics and diversity of organisms, evolution, and ecology.

BIOL 2511
3-2-4

Anatomy and Physiology I

Prerequisite: C or higher in BIOL 1107 for Biology Majors; C or Higher in BIOL 1103/1107 for all other majors.

Covers the chemical basis of life, cells, metabolism, tissues, the integumentary system, skeletal system, and muscular system.

BIOL 2512
3-2-4

Anatomy and Physiology II

Prerequisite: C or higher in BIOL 2511

Covers the nervous, endocrine, respiratory, urinary, and reproductive systems.

BIOL 2611
3-2-4

Microbiology

Prerequisite: C or high in BIOL 1107 for Biology Majors; C or higher in BIOL 1103/1107 for all other majors.

Detailed study of microorganisms both prokaryotic and eukaryotic, including the foundation of microbiology, bacteria, bacterial diseases, viruses, fungi, protozoa, and control of microorganisms.

BIOL 3000
3-0-3

Evolution

Prerequisite: C or higher in BIOL 1107, BIOL 1108 and CHEM 1211.

An introduction to the theory evolution from classical studies to recent discoveries. Upon completion of this course, students will: (1) explain Darwin's basic principles of the theory of evolution; (2) compare and contrast basic principles of modern evolutionary theory with classical Darwinian evolution; (3) explain basic micro and macro evolutionary concepts; (4) describe the role of evolution in the formation of new species.

BIOL 3101
3-3-5

Human Anatomy, Physiology, and Histology

Prerequisite: C or higher in BIOL 3400

A study of the structure and functions of the human body for Biology Majors. Upon completion of this course, students will: (1) differentiate and demonstrate knowledge of human structure and function of body systems; (2) discuss the structure function relationships at all levels of organization in the human body; (3) demonstrate knowledge of tissue structure and function and the organization of tissues into organs and organ systems; (4) explain how homeostatic mechanisms regulate all body systems; (5) collect, present and analyze scientific data gathered in the laboratory.

BIOL 3200
3-3-4

Genetics

Prerequisite: C or higher in BIOL 3400 and CHEM 1211

A study of inheritance from Mendel's classic studies to modern molecular genetics. Upon completion of this course, students will: (1) describe a gene and explain genotype and phenotype; (2) demonstrate knowledge of the process of gene expression and regulation; (3) describe basic inheritance patterns and the chromosomal basis of heredity; (4) define the structure of an organism's DNA genome; (5) explain mutation as a source of genetic variability; (6) describe a historical perspective of genetics, identifying breakthroughs in discovery; (7) develop skills in analysis, problem-solving, communication and ethical perspectives as they apply to genetics.

BIOL 3300
3-3-4

Advanced Microbiology

Prerequisite: C or higher in BIOL 3400

Upon completion of this course, students will: (1) demonstrate knowledge of microbial genetics including inheritance of information, causes, consequences and uses of mutations, exchange and acquisition of genetic information; (2) compare and contrast prokaryotic and eukaryotic cells as they apply to clinical diagnostics, antimicrobial therapy and antibiotic resistance; (3) explain the interactions and impact of microorganisms and hosts to include the pathology and epidemiology; (4) trace microbial evolution and diversity and discuss the role of microorganisms in the environment; (5) demonstrate proficiency in basic lab skills and communicate the results of experiments effectively.

BIOL 3400

Cell Biology

- 3-3-4 *Prerequisite: C or higher in BIOL 1107, BIOL 1108 and CHEM 1211*
A study of cell structure and function at the cellular, sub cellular and molecular levels. Upon completion of this course students will: (1) explain the structure and function of macromolecules; (2) describe cellular structures and their functions; (3) compare and contrast methods of membrane transport and ways in which proteins are sorted within the intracellular compartments; (4) explain mechanisms of cellular communication; (5) explain the mechanisms of gene expression; (6) demonstrate knowledge of cell cycle and its regulation; (7) critically assess and utilize scientific information as applied to real world problems.
- BIOL 3440**
3-0-3 **Natural History**
Prerequisite: C or higher in BIOL 1107
Lecture series, field trips, and local walking tours utilizing East Georgia State College's walking trail. The course is designed to provide students with an overview of the natural history of five main topics - birds, reptiles and amphibians, mammals, arthropods and the woody plants of southeastern Georgia. Lectures encompass field biology techniques, habitat, descriptions, and identification of specimens. This course is designed for biology majors seeking a general understanding of nature of Georgia and sharing environmental concerns.
- BIOL 3450**
3-0-3 **Conservation Biology**
Co-Prerequisite: BIOL 3500
A course dealing with topical issues that highlight the roles of ecology, economics, history, sociology, philosophy and politics in the conservation and management of wild living resources. Upon completion of this course, students will be able to: (1) explain the ecological principles upon which conservation is based; (2) describe the major approaches to conservation, including the differences and common threads; (3) demonstrate how ecological principles are currently applied to the conservation; (4) demonstrate an understanding of basic conservation biology issues.
- BIOL 3460**
3-3-4 **Plant Biology**
Co-Prerequisite: C or higher in BIOL 1107 and BIOL 1108
Lecture series, and labs. The course is designed to provide students with an overview of the biology of vascular plants, including physiology, anatomy and morphology development, genetics, evolution and diversity, ecology and applied botany. This course is designed for biology majors seeking a general understanding of plant biology.
- BIOL 3500**
3-3-4 **Ecology**
Upon completion of this course, students will be able to: (1) describe interactions within a population, community and ecosystem; (2) explain movement of energy and biogeochemicals within and through individuals, populations, communities and ecosystems; (3) discuss current and future impacts on biodiversity from habitat loss, introduced invader species, overexploitation, habitat degradation and global climate change; (4) analyze data using statistical methods and communicate scientific information gathered in the lab.
- BIOL 3550**
3-3-4 **Entomology**
Prerequisite: C or higher in BIOL 1108
An introduction to the biology of insects, including introductory treatment of insect anatomy and morphology, insect physiology, insect life history, insect behavior, insect ecology, and the taxonomy of major insect families. The laboratory portion of this course includes a strong focus on field studies of insect biodiversity, insect collection and curation, with the identification of local species emphasized. Field trips are required.
- BIOL 3600**
3-3-4 **Zoology**
Prerequisite: C or higher in BIOL 1107 and BIOL 1108
A survey of animal biology including laboratory experience. Upon completion of this course, students will be able to: (1) explain the classification, organization, and diversity of the Animal Kingdom; (2) explain environmental issues and impact on animal species; (3) effectively use technology to research and present biological topics; (4) communicate effectively regarding biological subjects in oral and written form using appropriate scientific terminology; (5) use the scientific process of hypothesis testing through laboratory experiments.
- BIOL 3650**
3-3-4 **Terrestrial Ecology**
Prerequisite: C or higher in BIOL 3500
Upon completion of this course, students will be able to: (1) explain the interactions within populations, communities, and ecosystems in terrestrial environments; (2) describe the properties of soils and explain their influence on primary production; (3) describe the flux of energy and biogeochemicals within and through individuals, populations, communities, and ecosystems in terrestrial environments; (4) predict current and future impacts on biodiversity in terrestrial systems from habitat loss, introduced invader species, overexploitation, habitat degradation, and global climate change; (5) design experiments and surveys for terrestrial systems that incorporate appropriate statistical methodology.
- BIOL 3900**
3-0-3 **Biotechnology**
Prerequisite: C or higher in BIOL 3200 and BIOL 3400
A study of current topics and issues in biotechnology. Upon completion of this course, students will be able to: (1) explain commonly used biotechnology techniques and their application; (2) explain the major types of biotechnology including forensic, medical, microbial, agricultural and animal biotechnology; (3) discuss the ethical issues related to applications of biotechnology.
- BIOL 4010**
3-0-3 **Principles of Virology**
Prerequisite: C or higher in BIOL 3400 or permission of instructor
The basic thesis of the course is that all viruses adopt a common strategy for survival: 1) viral genomes are protected by enclosure in a protein particle; 2) viral genomes encode gene products that promote an infectious cycle; 3) infection patterns can overcome or co-exist with host defenses. The course will emphasize the common reactions that must be completed by all viruses for successful reproduction. The mechanism by which a small chemically defined infectious particle (a virus) is able to take over the genetic expression of the infected cell and exploit it for its own propagation remains a subject of intense research worldwide. Virtually all life forms serve as virus hosts. Therefore, study of the commonalities as well as the variances among virus-host relationships offers a fascinating and fertile area of study for biology students. Introduction methods will include

lectures by the instructor, selected videos that illustrate complex concepts, and a term paper and presentation by students.

BIOL 4200

3-0-3

Bioinformatics

Prerequisite: C or higher in BIOL 3200 and BIOL 3900

A study of computational resources for biology applications. Upon completion of this course, students will be able to: (1) review biological databases and to use them proficiently; (2) explain the complexities of the genome and the annotation process; (3) demonstrate computer skills for retrieving and organizing biological information.

BIOL 4300

0-3-1

Biotechnology Laboratory

Prerequisite: C or higher in BIOL 3900 and BIOL 3300

A stand-alone laboratory course that concentrates on the fundamental laboratory techniques used in biotechnology. Upon completion of this course, students will: (1) master biotechnology laboratory skills through participation in a multi-week project; (2) explain the theories and design of experiments for the project applying those technologies; (3) develop skills in associated computer technologies appropriate to the project; (4) establish a detailed and accurate laboratory notebook.

BIOL 4400

3-3-4

Medical Entomology

Prerequisite: C or higher in BIOL 3550

Upon completion of this course, students will: (1) understand the global health impact of insect transmitted diseases; (2) describe the diversity of human pathogens and their insect vectors; (3) identify the major types of insects that transmit diseases to people and animals; (4) describe the biology of specific vector-pathogen interactions and disease in humans; (5) describe the methods used to control the vectors and diseases and list the barriers to effective control of many insect-transmitted diseases.

BIOL 4410

3-3-4

Industrial Microbiology

Prerequisite: C or higher in BIOL 3300

Upon completion of this course, students will: (1) demonstrate knowledge of cultivation and utilization in bioprocesses engineering including fermentation systems and downstream processing; (2) explain methods for the production and application of bioengineered enzymes; (3) describe the processes involved in biomanufacturing of fuels, industrial chemicals, pharmaceuticals, food additives and food products; (4) demonstrate knowledge of environmental biotechnology, including waste water treatment, bioremediation and biomining.

BIOL 4500

3-0-3

Undergraduate Research Project

Prerequisite: Permission of faculty research supervisor.

Students may conduct research with professors in the Department of Biology. Through this research project, students will: (1) gather accurate information about a possible career path; (2) effectively use the steps of the scientific method; (3) communicate in-depth scientific information effectively in oral and written form using appropriate terminology and charts/graphs; (4) collect and analyze data and present results in appropriate formats including chart, graph and oral/written form.

BIOL 4550

3-0-3

Professional Skills for Biologist

Prerequisite: C or higher in BIOL 4500 or BIOL 4800

The course is designed to provide students with the necessary professional skills to pursue a career in the biological fields. These skills include the analysis of biological data, written (scientific paper), visual (poster) and oral (talk) presentations of scientific data, ethics and job application. Students will use the data that they collected during the BIOL 4500 or BIOL 4800.

BIOL 4700

3-0-3

Interdisciplinary Applications of Biology

Prerequisite: Consent of Instructor

Capstone problem-solving course required for all biology majors. Upon completion of this course, students will: (1) use library and internet resources to gather, organize, and understand information; (2) apply biological principles and information to real world issues; (3) analyze real world issues from a scientific, political, economic and social perspective; (4) effectively and clearly communicate scientific information in written and oral form.

BIOL 4750

3-3-4

Environmental Toxicology

Prerequisite: C or higher in BCHM 3100 or BIOL 3500

The foundations of environmental pollutants and biological health. Upon completion of this course, students will: (1) describe dose-response relationships; (2) describe absorption, distribution, storage, biotransformation, and elimination of toxicants; (3) describe the chemodynamics of contaminants in the environment including fate and transport; (4) perform risk assessment; (5) describe methods to test and regulate hazardous substances.

BIOL 4800

3-0-3

Internship

Prerequisite: Permission of Internship Coordinator

An internship or research project is required of all biology majors. Internships need to be approved 3-6 months prior to registration in the course. Upon completion of this internship, students will: (1) gather accurate information about a possible career path; (2) effectively use methodology associated with the profession such as the scientific method, problem solving in the work environment, or assuming responsible tasks of the profession; (3) communicate in-depth scientific information effectively in oral and written form using appropriate terminology and media; (4) collect and analyze data and interpret results in chart/graph and oral/written form.

BUSA 1105

3-0-3

Introduction to Business

Integrative study of the functional areas of business: finance, operations, marketing, human resources, etc.

BUSA 2105

3-0-3

Business Communications

Emphasizes both interpersonal and organizational communications including written and oral exercises appropriate to business practice.

BUSA 2106**The Environment of Business**

- 3-0-3 Legal, regulatory, political, social, ethical, cultural, environmental and technological issues which form the context for business including an overview of the impact of demographic diversity on organizations.
- CATS 1101**
1-1-1 **Critical & Academic Thinking for Success**
This CATS 1101 course is the freshman seminar course at East Georgia State College. The course serves as a guide and support for students as they transition into college and develop their identity as student scholars. Methods of instruction include both discussion of key topics in class (thinking) and completion of assignments outside of class (doing). The required readings and class presentations guide students in their growth as scholars who pose problems, discover solutions, resolve controversies, evaluate knowledge and use effective communication skills. The course includes a badging (passport/portfolio) activity that enables students to self-regulate and take responsibility for their learning and production of knowledge. Lab activities linked to the course provide students with a venue for the practice of critical thinking, student engagement and effective communication. The course connects the new student to the resources and people on campus that can help the student be successful.
- CHEM 1211**
3-2-4 **Principles of Chemistry I**
Prerequisite: MATH 1001 or MATH 1111 may also be taken concurrently by written permission from the instructor
The fundamental principles, concepts, and theories, of chemistry are presented including nomenclature, chemical symbols, formulas, equations, and stoichiometry. This course will examine atomic structure, periodic law, chemical bonding, molecular structure and polarity, as well as basic chemical reactions such as oxidation-reduction reactions and acid-base reactions. Thermochemical concepts, as well as the properties of solids, liquids, and gases will be discussed. The laboratory will introduce students to chemical safety the use of basic equipment, and methods of data collection, as well as the synthesis, isolation, and analysis of chemical compounds.
- CHEM 1212**
3-2-4 **Principles of Chemistry II**
Prerequisite: C or higher in CHEM 1211
A continuation of CHEM 1211, with emphasis on solution processes, chemical equilibrium, kinetics, acid-base chemistry, thermochemistry and electrochemistry. The laboratory will emphasis methods of analysis related to each of these chemical concepts.
- CHEM 2411**
3-2-4 **Organic Chemistry I**
Prerequisite: C or higher in CHEM 1212
An overview of the fundamental principles, theories and concepts of organic chemistry. The course will introduce the major organic functional groups, with an emphasis on the structure, nomenclature, and reactions of alkanes, alkenes, alkynes, aromatic compounds, and alcohols. The concepts of isomerism, stereochemistry, and reaction mechanisms will be discussed. The laboratory activities will familiarize students with the techniques used to produce, isolate, and characterize organic compounds, as well as maintain a formal laboratory notebook.
- CHEM 2412**
3-2-4 **Organic Chemistry II**
Prerequisite: C or higher in CHEM 2411
This course will continue with the concepts introduced in CHEM 2411, by discussing the structure, nomenclature, and reactions of ethers, aldehydes, ketones, carboxylic acids, esters, and amines, as well as derivatives of these functional groups. In addition, students will be exposed to methods used for analyzing and determining molecular structure, including mass spectroscopy, NMR, IR, UV, and visible spectroscopy techniques. The laboratory will introduce students to the methods for the synthesis, purification, and analysis of organic compounds.
- CHOI 1001**
3-0-3 **21st Century Skills I: Communication Skills: Social, Leisure and Self-Advocacy**
This course is designed to be an introductory course to 21st Century Skills necessary for personal growth and career development. The course will provide a student with the opportunity to gain effective interpersonal and intrapersonal communication techniques for success in college, career, and life. Well-developed social interaction skills are critical for developing positive self-esteem, building relationships, and ultimately for acceptance into society. Students are exposed to experiences that are designed to further develop their ability to communicate effectively with others, establish friendships, and develop positive social relationships. Students will also begin the process of developing their Person-Centered Plan. Students will receive guidance from CHOICE Staff and family members to develop a "toolbox" of methods and resources that enable the student to choose their own pathways to success.
- CHOI 1002**
2-1-3 **Learning and Technology**
This course emphasizes learning and innovation skills, information, media and technology skills and life and career skills. This interactive learning course provides opportunities for learners to explore and build skills for college work and develop a foundation of behaviors, habits and skills that will enable students to succeed and thrive in the working world.
- CHOI 1003**
3-0-3 **Workplace Readiness**
The course is designed to introduce students to the process of career decision-making, educational planning, and job searching. Students will evaluate their personal career interests, values, skills and aptitudes. Students will understand the importance of matching career options to their personal preferences and how those preferences may change over time due to maturity and experiences. Job Shadowing is also a component of this course. Classroom exercises conducted prior to and following the job shadow are designed to help students connect their experiences to their course work and relate the visits directly to career pathways, related skills requirements, all aspects of an industry and post-secondary education options. This is a very interactive course and students will frequently use online tools and applications including multi-media programs, career assessments and research. Students will develop a job search portfolio and participate in a mock job interview.
- CHOI 1004**
3-0-3 **21st Century Skills II: Career Exploration and Planning**
The course is designed to introduce students to the process of career decision-making, educational planning, and job searching. Students will evaluate their personal career interests, values, skills and aptitudes. Students will understand the importance of matching career options to their personal preferences and how those preferences may change over time due to maturity and experiences. This is a very interactive course and students will frequently use online search tools and applications

include multi-media programs, career assessments and research. Student will develop a job search portfolio and participate in mock job interview.

CHOI 2005
2-2-3

Independent Living Skills I: Learning and Earning

This course is designed to prepare students for responsible decision making in a variety of areas that confront young adults as they prepare to move into life beyond college. The primary focus of this course is the development of essential skills for living on their own, in a family or with others. Students are likely to try to balance family, career and community roles, manage their resources and develop lasting relationships. This course focuses on practical information and skills related to such topics as interpersonal and family relationships, financial literacy, career preparation, life management, healthy living, foods and nutrition, and housing.

CHOI 2006
3-0-3

Career Planning

This course focuses on instructional methods, materials and curricula to introduce students to the fundamentals of planning, organizing and implementing a comprehensive job search campaign. Emphasis is placed on identification of individual career goals, assessments of skills and abilities, exploration of career options, analysis of the job market, and effective use of employment search tools (e.g. resumes, cover letters, interviewing, networking, and management of career pathways and resources. Discussion and debate are encouraged and includes presentations by Recruiters and Employer Representatives

CHOI 2007
3-2-4

Independent Living II: Empowered Transition

Prerequisite: C or higher in CHOI 2005

This course is designed to help students to begin deliberate preparation for their professional lives after graduation, whether they plan to enter the workplace immediately, continue in their current profession or move on to third and fourth year programs or professional schools. As a result of this dual purpose, students are asked to demonstrate their ability to apply key knowledge and skills by planning, completing and presenting a culminating project linked to one of more area of personal communication and technology skills including additional relevant 21st century skills via completing a Career Interest Capstone Project. This initiative provides the students with a Capstone Project to showcase the skills they have acquired while participating in the CHOICE Program at East Georgia State College over the past two years. It combines both academic as well as career requirements intended to challenge the students' ability, stretch their limitations, and celebrate their individuality. The work component of the course (laboratory) provides students with on the job training opportunities that are directly related to their career goal and course of study identified through their Person-Centered Plan and Career Portfolio. This learning experience is designed to bridge the gap between program and work. Appropriate supervision by CHOICE staff will be maintained.

CISM 2201
2-2-3

Fundamentals of Computer Applications

An in-depth investigation of the operating system and suite of applications. Emphasis will be placed on showing how word processors, spreadsheets, relational databases, and presentation graphics software can be used together to produce effective results. Plus, the utilization of computer technology to enhance organizational communications and decision making will also be examined.

COMM 1010
3-0-3

Intercultural Communication

This course examines the basic elements of interpersonal communication and culture as the two relate to one another. An introduction to principles and skills of effective communication between individuals, students will study a variety of topics, including verbal and non-verbal channels, cultural identity, conflict resolution, listening and communication barriers.

COMM 1110
3-0-3

Public Speaking

Presents the fundamental principles of effective oral communication. Students will prepare and deliver impromptu, extemporaneous, and manuscript speeches which inform or persuade the audience; special purpose speeches such as introductions or acceptance speeches; and use visual aids in oral presentations. Required of all students.

COMM 1112/1113/1114
0-2-1

Communications Production (Print Media)

Practical application of principles of writing, editing, art, layout and design through desktop publishing of literary and art magazine or other College publication.

COMM 1115/1116/1117
0-2-1

Communications Production (Theatre)

Credit awarded to students who have been designated by the director of a theatrical production of the College as members of the cast, crew, or production team.

COMM 2001
0-0-3

Communication Arts Portfolio

Prerequisite: COMM 1110 or COMM 1010

This three-credit hour Directed Study with a qualified Art, Communications or English professor is focused on the development of a portfolio to demonstrate the student's proficiency in one or more areas of Communication Arts.

COSP 1101
1-0-1

Correll Scholars Program Seminar

The Introductory course in the Correll Scholars Program that is premised upon introducing first year scholars to the value and importance to the local community and the State of Georgia, as well as surveying the many facets of the Wiregrass/Pine Barrens region of the State of Georgia.

COSP 1102
1-0-1

Correll Scholars Program Seminar on State and Regional Issues

Prerequisite: C or higher in COSP 1101

The second required seminar of the Correll Scholars Program, this course builds upon the content of the first course, an introduction to service and a variety of issues of local importance, expanding the focus to the impact of these issues statewide and regionally. Methods of evaluation of student success include short essays, quizzes, journal assignments, examinations, presentations, and portfolio development.

COSP 2101

Correll Scholars Program Seminar on National and International Issues

1-0-1	<p><i>Prerequisite: C or higher in COSP 1102</i></p> <p>As the third required seminar of the Correll Scholars Program, this course builds upon the content of the two earlier courses with an introduction to service and a variety of issues of national and global importance. Methods of evaluation of student success include short essays, journal assignments, examinations, presentations, and portfolio development.</p>
COSP 2102	Correll Scholars Program Practicum
1-0-1	<p><i>Prerequisite: COSP 2101</i></p> <p>This final course in the Correll Scholars Programs provides the student with the opportunity to observe the practice of service learning, academic research and professional development by providing a structured and extended on-campus experience related to a student's career interests. During the course, students are expected to integrate classroom knowledge with work experience, develop practical career-related skills and training, explore a career before graduation, and obtain work experience and professional attributes for future employment. To complete this course, students must work a total of 50 hours with an EGSC faculty member and complete three learning modules on D2L and a final research summary paper. Practicum assignments are subject to the approval of the Director of the Correll Scholars Program.</p>
CRJU 2000	Introduction to Social Science Research Methods
3-0-3	<p><i>Prerequisite: SOCI 1101; May be taken concurrently with SOCI 1160 and/or MATH 1121.</i></p> <p>Introduction to Social Science Research Methods provides the student with a comprehensive treatment of research methods commonly used in the social sciences to analyze social phenomena in a rigorous and scientific manner. Topics include critical evaluation of research, ethics in research, issues of accuracy such as objectivity, validity, and reliability, the research process, inductive and deductive approaches, quantitative and qualitative studies, surveys, experimental studies, and use of existing database resources. Students will learn the necessary practical skills required for the practice and application of research and the skills required for both written and oral dissemination of research results.</p>
CRJU 2501	Introduction to Criminal Justice
3-0-3	A survey of the law enforcement agencies on the local, state, and federal levels and an overview of the administration of justice in the United States.
CRJU 2601	Criminology
3-0-3	Evaluation of the scope of crime, its causes, society's reaction to criminals, correctional treatment of criminals, and post-release problems.
CRJU 2701	Courts and Basic Criminal Procedures
3-0-3	Introduces criminal procedures, including theory of an investigation, conduct at crime scenes, collection and preservation of physical evidence, court presentation, and rules regarding admissibility of evidence.
CSCI 1301	Programming Principles I
3-2-4	<p><i>Prerequisite: C or higher in MATH 1111</i></p> <p>Provides a fundamental understanding of computer programming with emphasis on "object-oriented", structured, top-down development and testing. Concepts include the following: an overview of computer system design and JAVA programming, problem solving and algorithm development using simple data types and control structures, arithmetic and logical operators, selection structures, repetition structures; text files, arrays (one- and two- dimensional), implementation and testing of programmed problem solutions, modular programming including subprograms or equivalent.</p>
CSCI 1302	Programming Principles II
3-2-4	<p><i>Prerequisite: C or higher in CSCI 1301</i></p> <p>Software development techniques in an object oriented computer language, a continuation of CSCI 1301. Emphasis is on advanced programming techniques such as system methods, recursion, data driven and event-driven design and implementation, GUI, algorithm efficiency and file processing techniques.</p>
ECON 2105	Principles of Macroeconomics
3-0-3	The American economy and its place in the global economy. The impact of government policies on economic performance is emphasized.
ECON 2106	Principles of Microeconomics
3-0-3	Analysis of how individual households and firms behave in specific markets. The focus will be on how costs, prices and outputs are determined in a variety of market structures.
EDUC 2110	Investigating Critical & Contemporary Issues in Education
3-0-3	<p><i>Prerequisite: C or higher in ENGL 1101</i></p> <p>Students engage in analysis of critical and contemporary educational issues in the socio-political contexts of education settings in Georgia and the U.S., examining the teaching professional from perspectives from within and outside the school. Students interpret the meaning of education and schooling in a diverse culture and examine the moral and ethical responsibilities of teaching in a democracy. A practicum is required in preschool or elementary school for this course. Students must earn a grade of 'C' to pass the course.</p>
EDUC 2120	Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts
3-0-3	<p><i>Prerequisite: C or higher in ENGL 1101</i></p> <p>Course examines 1) the nature and function of culture; 2) the development of individual and group cultural identity; 3) definitions and implications of diversity; and 4) the influences of culture on learning, development, pedagogy. Future teachers acquire knowledge of teaching children from diverse backgrounds. A practicum is required in preschool or elementary school for this course. Students must earn a grade of 'C' to pass the course.</p>
EDUC 2130	Exploring Teaching and Learning

- 3-0-3 *Prerequisite: C or higher in ENGL 1101*
Course explores aspects of learning and teaching through examining individual and group learning processes, with the goal of applying knowledge to enhance the learning of all students in a variety of educational setting and contexts. A practicum is required in preschool or elementary school for this course. Students must earn a grade of 'C' to pass the course.
- EGAC 1010**
0-2-1 **Basic Computer Skills**
Introduces concepts necessary to become computer literate. Students will be introduced to the basic hardware and software components of computer systems. Through a variety of hands-on exercises, they will learn how to use an operating system, navigate the internet, and manage e-mail. They will also be introduced to the basic features of word processing, spreadsheets, relational databases, and presentation graphics software.
- ENGL 0989**
3-0-3 **Foundations of College English**
Institutional Credit Only
Foundations for College English prepares students for college-level reading and writing. Using paired reading and writing assignments that help students work with concepts in context, students will build competency in recognizing, comprehending and using appropriate grammar, vocabulary, punctuation, and structure in sentences, paragraphs and essays.
- ENGL 0999**
1-0-1 **Composition I Support**
Institutional Credit Only
A course designed to support students who enroll in Composition I. Topics will include competencies required for effective writing in a variety of contexts with an emphasis on exposition, analysis, and argumentative, including an introduction to a variety of research skills. Supplementary reading may include essays or a novel.
- ENGL 1101**
3-0-3 **Composition I**
Prerequisite: Exit ENGL 0989 and eligible to enroll in ENGL 0999 as a co-requisite or exited all English Learning Support requirements.
Focuses on skills required for effective writing in a variety of contexts with an emphasis on exposition, analysis, argumentation including an introduction to a variety of research skills. Supplementary reading will include essays and a contemporary novel.
- ENGL 1102**
3-0-3 **Composition II**
Prerequisite: C or higher in ENGL 1101
A literature-based composition course that develops writing skills beyond the levels of proficiency required by ENGL 1101. Emphasizes interpretation and evaluation of literature that incorporates a variety of more advanced research methods, culminating in a documented research paper. Supplementary reading includes a contemporary novel.
- ENGL 2111**
3-0-3 **World Literature I**
Prerequisite: C or higher in ENGL 1102
A survey of the literary masterpieces from the classical period to the mid-seventeenth century. Authors studied include Homer, Sophocles, Chaucer, Dante, Shakespeare, and Donne. Emphasis is placed on reading the complete texts and discussing the literary periods.
- ENGL 2112**
3-0-3 **World Literature II**
Prerequisite: C or higher in ENGL 1102
A survey of the literary masterpieces from the mid-seventeenth century to the present. Authors studied include John Keats, Gustave Flaubert, Henrik Ibsen, Anton Chekhov, Emily Dickinson, and T.S. Eliot. Emphasis is placed on reading the complete texts and discussing literary periods.
- ENGL 2120**
3-0-3 **British Literature**
Prerequisite: C or higher in ENGL 1102
A survey of important works of British literature.
- ENGL 2130**
3-0-3 **American Literature**
Prerequisite: C or higher in ENGL 1102
A survey of important works of American literature.
- ENGL 2140**
3-0-3 **Survey of Children's Literature**
Prerequisite: C or higher in ENGL 1102
Prepares students to demonstrate an understanding of the traditions and chief characteristics of literature written for and read by children and young adults, and to become familiar with some of the noted authors, illustrators, and scholars of the genre. Students will study genre distinctions, gender politics, and both philosophical and theoretical approaches to understanding the world that children's literature engages, and they will demonstrate skills in critical thinking, analytical reading, discussion supported by textual evidence, and writing about children's and young adult literature. Students will be evaluated through essays and formal letters, journal/blog assignments, examinations, and a website presentation project.
- ENGL 2200**
3-0-3 **Creative Writing**
Prerequisite: All English Learning Support requirements must be satisfied.
In order to cultivate a clear analytical view of the human condition it is necessary to study the works of accomplished literary artists and engage in the creation of original works. The course will explore the technical and aesthetic elements of poetry, drama, and narrative prose, focusing on the modes of writing, methods of development, and the refinement of expressive language skills. Workshop sessions, in which student writing will be critiqued by peers and the instructor, will be followed by public readings and performances, resulting in a final portfolio. In addition, the course will also examine the procedures for submission to literary journals, theater companies, and contests.
- ENGL 2989** **Environmental Literature of the United States**

3-0-3	<i>Prerequisite: C or higher in ENGL 1102</i> A survey of American writers who explore the physical and spiritual relationship between humanity and the natural world, with emphasis on the symbiotic nature of that relationship.
ENGL 2999	Special Topics in Literature
3-0-3	<i>Prerequisite: C or higher in ENGL 1102</i> This course focuses on a specific theme, culture or genre of literature. Topics will be announced when the course is offered.
ENGL 3000	Environmental Literature of the United States
3-0-3	<i>Prerequisite: C or higher in ENGL 1102 and for junior or senior level students only</i> A survey of American writers who explore the physical and spiritual relationship between humanity and the natural world, with emphasis on the symbiotic nature of that relationship.
FESA 2101	Principles of Emergency Services
3-0-3	This course provides an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire department as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; and life safety initiatives.
FESA 2102	Fire Behavior and Combustion
3-0-3	This course explores the theories and fundamentals of how and why fires start, spread and are controlled.
FESA 2104	Fire Prevention
3-0-3	This course provides fundamental knowledge relating to the field of fire prevention. Topics include: history and philosophy of fire prevention; organization and operation of a fire prevention bureau; use and application of codes and standards; plans review; fire inspections; fire and life safety education and fire investigations.
FESA 2105	Building Construction for Fire Protection
3-0-3	<i>Prerequisite: FESA 2101</i> This course provides the components of building construction related to firefighter and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations and operating at emergencies.
FESA 2106	Fire Protection Systems
3-0-3	This course provides information relating to the features of design and operation of fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection and portable fire extinguishers.
FESA 2109	Principles of FES Safety and Survival
3-0-3	This course introduces the basic principles and history related to the national firefighter life and safety initiatives, focusing on the need for cultural and behavioral change throughout the emergency services.
FESA 3101	Fire and Emergency Services Administration
3-0-3	This course is designed to be a progressive primer for students who want more knowledge about fire and emergency services administration. The course demonstrates the importance of the following skills, necessary to manage and lead a fire and emergency services department through the challenges and changes of the 21st century: Persuasion and influence, accountable budgeting, anticipation of challenges and the need for change, and using specific management tools for analyzing and solving problems. A central part of the course focuses on how the leadership of a fire and emergency services department develops internal and external cooperation to create a coordinated approach to achieving the department's mission.
FESA 3102	Fire Prevention Organization and Management
3-0-3	This course examines the factors that shape fire risk and the tools for fire prevention, including risk reduction education, codes and standards, inspection and plans review, fire investigation, research, master planning, various types of influences, and strategies.
FESA 3103	Ethics in Public Service
3-0-3	This course increases student proficiency in making ethical decisions in the provision of emergency service. No other government services are granted the same degree of public trust, so ethics can be challenging and complex. Students will discover how to consider problems in terms of their ethical implications. Students will also learn a model for making ethical decisions.
FESA 3104	Community Risk Reduction
3-0-3	This course provides a theoretical framework for the understanding of the ethical, sociological, organizational, political, and legal components of community risk reduction, and a methodology for the development of a comprehensive community risk reduction plan.
FESA 3105	Emergency and Disaster Planning
3-0-3	This course examines concepts and principles of community risk assessment, planning, and response to fires and natural and human-caused disasters, including National Incident Management System--Incident Command Systems (NIMS ICS), mutual aid and automatic response, training and preparedness, communications, civil disturbances, terrorist threats/incidents, hazardous materials planning, mass casualty incidents, earthquake preparedness, and disaster mitigation and recovery.
FESA 3106	Fire Analysis and Investigation

- 3-0-3 This course examines the technical, investigative, legal, and social aspects of arson, including principles of incendiary fire analysis and detection, environmental and psychological factors of arson, legal considerations, intervention, and mitigation strategies.
- FESA 3107**
3-0-3 **Advanced Principles in Fire and Emergency Services Safety and Survival**
This course broadens the scope of the national firefighter life safety initiatives, and emphasizes their importance at the supervisory and managerial levels. This course also focuses on the need for cultural and behavioral change throughout the emergency services field, and the role of the supervisor and/or chief officer in this process. This course examines each of the 16 Life Safety Initiatives and the role of leadership and management in their implementation.
- FESA 3108**
3-0-3 **Managerial Issues in Hazardous Materials**
This course presents current issues in management of a department-wide hazardous materials program. It includes issues that are pertinent to officers and managers in public safety departments, including regulations and requirements for hazardous materials (hazmat) preparedness, response, storage, transportation, handling and use, and the emergency response to terrorism threat/incident. Subjects covered include State, local and Federal emergency response planning, personnel and training, and operational considerations such as determining strategic goals and tactical objectives.
- FESA 3109**
3-0-3 **Strategies and Tactics for Fire and Emergency Services**
This course is designed for the Fire Officer who is responsible for commanding a fire or emergency scene involving multiple companies. Subject areas include principles and tactics of fire service ground control, including fireground factors and management, command operations and functions, life safety, personnel, equipment, and extinguishing agents.
- FESA 3110**
3-0-3 **Natural Disaster Management**
This course covers basic principles of natural disaster management. This course highlights several hazard types as topical investigations, as well as the processes and considerations of management options for preparedness, response, recovery, and mitigation. This will include but not be limited to understanding basic natural hazard mechanisms, the range of physical and human impacts, linkages to demographic and environmental transitions, and both structural and non-structural mitigation techniques. All management techniques are framed within existing U.S. Federal guidelines.
- FESA 3111**
3-0-3 **Fire-Related Human Behavior**
This course presents a study of human behavior in fire and other emergency situations. Students will examine current and past research on human behavior, systems models, life safety education and building design to determine interactions of these areas in emergency situations. Students will develop an understanding of a best-practice building life safety system as one that combines knowledge in the areas of the best possible outcomes in terms of human survivability in an emergency.
- FESA 4101**
3-0-3 **Political and Legal Foundations of Fire Protection**
This course examines the legal aspects of the fire service and the political and social impacts of legal issues. This course includes a review of the American legal system and in-depth coverage of legal and political issues involving employment and personnel matters, administrative and operational matters, planning and code enforcement, and legislative and political processes with regard to the fire service.
- FESA 4102**
3-0-3 **Applications of Fire Research**
This course examines the basic principles of research and methodology for analyzing current fire-related research. The course also provides a framework for conducting and evaluating independent research in the following areas: fire dynamics, fire test standards and codes, fire safety, fire modeling, structural fire safety, life-safety, firefighter health and safety, automatic detection and suppression, transportation fire hazards, risk analysis and loss control, fire service applied research and new trends in fire-related research.
- FESA 4201**
3-0-3 **Seminar in Fire and Emergency Services**
This course is designed for advanced students and presents a series of topics only occasionally encountered. Much of the material is supplemental to previous course work. Students are expected to present a research project to the class.
- FESA 4202**
3-0-3 **Practicum**
The Practicum is designed to give students supervised practical application of previously studied knowledge and skills. Practicum experiences can occur in a variety of locations appropriate to the nature and level of experience. This course provides the student with structured and individualized experiential learning opportunities in the emergency services. Students will work with a coordinator or faculty member from the College. The student's experience will be related to academic studies and must contribute significantly to professional development. Arrangements must be made prior to registration, including acceptance of initial proposal and assignment. A written final report must be submitted. May be repeated for a maximum of six credit hours.
- FESA 4203**
3-0-3 **Capstone in Fire and Emergency Services**
This capstone course allows students to analyze specific program related issues and problems using the knowledge and understanding gained by completing the required courses in the program and a significant number of the major courses. This is a capstone course to be taken after all other Fire Science courses have been satisfactorily completed.
- FILM 1100**
3-0-3 **Introduction to Film**
This course will introduce students to the academic study of film. After taking this course, students will have a better understanding of and appreciation for film as an art form and a business. Students will learn film history, including its major filmmakers, narrative and non-narrative modes of filmmaking, stylistic components, and the language of film style.
- FREN 1001**
3-0-3 **Elementary French I**
Beginning French, designed for the student who has had little or no exposure to the language. Emphasis will be placed on speaking, reading, and writing French through the study of grammar, composition, and pronunciation. Students will be introduced to the culture of French-speaking regions and countries. Classes will be conducted in the language to the fullest extent possible. This course is intended to be used for students who must satisfy a CPC deficiency in foreign language;

however, it may also be used as humanities credit in certain majors and transfer pathways.

FREN 1002 3-0-3	<p>Elementary French II <i>Prerequisite: FREN 1001 or high school equivalent</i> A continuation of French I with increased emphasis on conversation, reading, writing and further study of the culture of French-speaking regions and countries. Classes will be conducted in the language.</p>
FREN 2001 3-0-3	<p>Intermediate French I <i>Prerequisite: FREN 1002 or high school equivalent</i> Continued study of the fundamentals of French with increased emphasis on composition and reading. Classes will be conducted in the language.</p>
FREN 2002 3-0-3	<p>Intermediate French II <i>Prerequisite: FREN 2001 or high school equivalent</i> Completion of essential grammar study including selected readings from representative authors in French and written literary analysis. Classes will be conducted in the language.</p>
GEOL 1121 3-2-4	<p>Physical Geology <i>It is strongly recommended that student take MATH 1001 or MATH 1111 prior to or while taking this course.</i> Provides both science and non-science majors alike with information about the physical composition of earth and the internal and external processes operating in the evolution of this planet. Mineral and rock identification, map reading skills, and written exercises are emphasized in the lab.</p>
GEOL 1122 3-2-4	<p>Historical Geology <i>Prerequisite: GEOL 1121</i> Provides both science and non-science majors alike with information about the physical and biological evolution of earth throughout geologic time. Absolute and relative age dating, fossil identification, and written exercises emphasizing application of the scientific method to geology are emphasized in the lab.</p>
GEOL 1123 3-0-3	<p>Environmental Geology <i>Prerequisite: Exit or exemption from ENGL 0989 or MATH 0989</i> Introductory course designed to provide both science and non-science majors alike with an understanding of the relationships between geology, geologic hazards, and human activities.</p>
HIST 1111 3-0-3	<p>Western Civilization to 1648 The first half of a two semester survey of the political, social, and cultural developments of western civilization. The primary emphasis will be on the ancient and medieval periods.</p>
HIST 1112 3-0-3	<p>Western Civilization since 1648 The second half of a two semester survey of the political, social, and cultural developments of western civilization. The primary emphasis will be on the modern period.</p>
HIST 2111 3-0-3	<p>U.S. History to 1865 A survey of United States history from the fifteenth-century Age of Discovery through the Civil War of 1861-1865. Content includes the history of Georgia and its constitutional development. Successful completion of this course satisfies the legislative requirements in U.S. and Georgia history.</p>
HIST 2112 3-0-3	<p>U.S. History since 1865 A survey of United States history from Reconstruction to the present. Includes the history of Georgia and its constitutional development. Successful completion of this course satisfies the legislative requirements in U.S. and Georgia history.</p>
HIST 2200 3-0-3	<p>Black History <i>Prerequisite: HIST 2111 or 2112</i> This course will survey the chronological period from the beginning of the Atlantic slave trade in the 1400s to the post-civil rights movement years of U.S. history. It will divide black history into essentially 3 broad phases: slavery, Jim Crow and modern times. It will identify the black leaders in each phase and cover the issues that most affect the black population during each phase.</p>
HIST 2300 3-0-3	<p>History of Science <i>Prerequisite: C or higher in ENGL 1101</i> This subject introduces the history of science from antiquity to the present. Students develop a definition of what has come to be called "science" in the Western tradition, through exploration of pre-scientific concepts such as alchemy and astrology to the work of pre-day scientists. The course also provides an overview of founders and theories in astronomy. Finally, students will discuss the impact of technology and its influences, positive and negative, on globalization.</p>
HLTH 2051 2-0-2	<p>Health Increases the student's understanding of the human body and the health habits necessary for the maintenance of an efficient and productive life in today's society.</p>
HLTH 2181 0-2-1	<p>First Aid Covers the theory and practice of standard first aid and CPR. Methods and techniques taught in this course will allow the student to qualify to take the American Red Cross Community CPR test and the American Red Cross Standard First Aid test. The American Red Cross has a minimum charge for certification.</p>
HLTH 2200	<p>Introduction to Nutrition, Fitness and Sport</p>

3-0-3	<p><i>Prerequisite: BIOL 2511</i></p> <p>The purpose of this course is to provide the Exercise Science student with current knowledge and information in the development of the nutritional needs and requirements necessary for the maintenance of an efficient and productive life in today's active society.</p>
INTC 1100 3-0-3	<p>Introduction to Information Technology</p> <p>For students majoring in information technology. Topics include foundations in hardware, software, data and procedures. Students are introduced to structured programming techniques, systems development, database design and networking. Business ethics, interpersonal skills and team building are emphasized.</p>
INTC 1200 3-0-3	<p>Foundations of System Analysis</p> <p>Surveys methods of information system design and implementation. A project-based class which demonstrates by example and experience the process of building systems from needs analysis and definition through specifications and implementation.</p>
INTC 1300 3-0-3	<p>Foundations of Project Management</p> <p>An introduction to project management techniques and tools as applied to information systems projects including: resource and personnel management and allocation, product testing, scheduling, and project management software.</p>
INTC 1400 3-0-3	<p>Basic Database Applications and Design</p> <p>A foundation course in terminology, concepts and applications of database processing including file organization and data structures. The course emphasizes database design using various modeling techniques. Students are expected to design, create and process a database to demonstrate competency in the course content.</p>
INTC 1500 3-0-3	<p>Basic Networking</p> <p>Introduces terminology, applications of communications and networking as essential elements of computer and business information systems. Students gain experience with communications hardware, software, media, LAN and WAN systems.</p>
INTC 1600 3-0-3	<p>Introductory Webmaster</p> <p>Focuses on the writing of HTML code, knowledge of basic control structures, language syntax, file structures and the planning and design of web pages for target audiences. Students will learn techniques for client interfacing, project development, paper mock-up and on-line mock-up of webpages. In addition, the course focuses on hypertext design and navigation, application interface, copyright and ownership issues, ethics and privacy, licensing and trademark issues.</p>
INTC 2100 3-0-3	<p>Internship in Information Technology</p> <p><i>Prerequisite: INTC 1100</i></p> <p>Students complete internships with local businesses to focus and apply information technology skills. Hours may vary, but generally range between 20-40 hours per week. Employers agree to evaluate student performance in the workplace in coordination with the college. Students must articulate clear goals and objectives and document their progress.</p>
INTC 2150 3-0-3	<p>Information Technology Seminar</p> <p><i>Prerequisite: INTC 1100</i></p> <p>Selected topics to develop skills necessary to function competently in the business world of information technology. Topics could include: resume writing, electronic resumes, cover letters, group and individual interviewing techniques, job research, portfolio development, business ethics and professional organizations.</p>
INTC 2400 3-0-3	<p>Intermediate Database Design</p> <p><i>Prerequisite: INTC 1400</i></p> <p>An intermediate level skills course in database design. Topics include reports, forms, OLE fields, sub forms, macros, VBA and the switchboard manager. An introduction to relational database theory and database design is included. This course continues the study of relational databases with additional topics. Student teams create a database to demonstrate competency in course content and skills.</p>
INTC 2500 3-0-3	<p>Intermediate Networking</p> <p><i>Prerequisite: INTC 1500</i></p> <p>An intermediate course in terminology, concepts and applications of data communications technology including network topologies, network devices, standards and protocol analysis. Hands-on experience provided in the use of data communications hardware, software, facilities and media.</p>
INTC 2600 3-0-3	<p>Intermediate Webmaster</p> <p><i>Prerequisite: INTC 1600</i></p> <p>An intermediate course in web page production. Topics include: the application of graphics, sound video, and animation in the creation of interactive multimedia web sites. Students will gain familiarity with a variety of browsers and plug-ins and will focus on the skill of analyzing leading edge software tools. Students will examine graphic and image formats and processing using leading edge software tools.</p>
ISCI 1101 3-2-4	<p>Integrated Science</p> <p><i>Prerequisite: Exit or Exemption from Math 0989</i></p> <p>A multi-disciplinary course for non-science majors. Students are introduced to fundamental principles of astronomy, biology, chemistry, geology, and physics. The course will focus on the scientific method and critical thinking and will include written laboratory exercises.</p>
ISCI 2001 2-2-3	<p>Life and Earth Science for Early Childhood Education Teachers</p> <p>An Area F course for education major with an integrated overview of the core of Life and Earth Science content covered in the K-5 Georgia Performance Standards. Topics include the solar system, earth processes, and characteristics of living organisms, biodiversity, and the natural history of Georgia. Students will gain conceptual understanding through inquiry-oriented activity based pedagogical strategies in order to have experiences learning science content in the ways they will be expected to teach</p>

in the future.

ISCI 2002 2-2-3	<p>Foundations of Physical Science <i>Prerequisites: C or higher in MATH 1001, MATH 1111 or MATH 1113 plus a C or higher in one Area D laboratory science Biology, Physics, Geology, Integrated Science or Chemistry.</i> Course for Area F early childhood education majors, it will provide additional content in the physical sciences, particularly physics, and chemistry, with special emphasis in those topics listed in the K-5 Georgia Performance Standards. Conceptual understanding of these topics will be emphasized through exploration and experimentation.</p>
LACS 1100 3-0-3	<p>Latin American Culture An introduction to Latin American culture and society, with an emphasis on literary, social, and historical topics, themes, and processes that have shaped, and continue to shape the region.</p>
MATH 0989 3-0-3	<p>Foundations for College Algebra <i>Institutional Credit Only</i> This course provides additional instruction for students who are deficient in basic mathematics. It will include a review of arithmetic, basic geometry, an introduction to algebra, signed numbers and introduction to polynomial expressions.</p>
MATH 0997 1-0-1	<p>Quantitative Skills and Reasoning Support <i>Institutional Credit Only</i> This course provides additional instruction for students who are deficient in basic mathematics and enrolled in MATH 1001. This course places quantitative skills and reasoning in the context of experiences that students will be likely to encounter. It emphasizes information in context from a variety of representations, understanding of both the information and the processing, and understanding which conclusions can be reasonably determined.</p>
MATH 0999 1-0-1	<p>College Algebra Support <i>Institutional Credit Only</i> A course designed to support students who enroll in college algebra. Topics will include factoring, radical expressions, solutions of linear equations with applications and equations involving rational expressions, graphing linear equations and quadratic equations with applications, the study of functions, their graphs, inequalities, and linear quadratic piece wise defined rational, polynomial, exponential, and logarithmic functions. Appropriate applications will be included.</p>
MATH 1001 3-0-3	<p>Quantitative Skills and Reasoning <i>Prerequisite: Exit MATH 0997</i> Course places quantitative skills and reasoning in the context of experiences that a student will likely encounter. Emphasis is place on acquiring skills that will enable a student to construct logical arguments based on rules of inference and to develop strategies for solving quantitative problems.</p>
MATH 1111 3-0-3	<p>College Algebra <i>Prerequisite: Exit MATH 0989 and eligible to enroll in MATH 0999 as a co-requisite or exited all MATH Learning Support requirements</i> A functional approach to algebra that incorporates the use of appropriate technology. Emphasis will be placed on the study of functions, their graphs, inequalities, and linear quadratic piece-wise defined rational, polynomial, exponential, and logarithmic functions. Appropriate applications will be included.</p>
MATH 1113 3-0-3	<p>Pre-Calculus <i>Prerequisite: C or higher in MATH 1111 or SAT Math Score 530 or higher</i> Prepares students for calculus, physics, and related technical subjects. Topics include an intensive study of algebraic and trigonometric functions with applications.</p>
MATH 1121 3-0-3	<p>Introduction to Statistics <i>Prerequisite: C or higher in MATH 1001 or MATH 1111</i> Emphasizes a practical approach to statistics. Topics include descriptive statistics, probability, the binomial and normal distributions, hypothesis testing, estimation, correlation, and regression.</p>
MATH 1540 4-0-4	<p>Calculus I <i>Prerequisite: C or higher in MATH 1113 or consent of instructor</i> Topics include a study of limits and continuity, derivatives of algebraic and transcendental functions with applications, the definite integral, the Fundamental Theorem of Calculus, and applications of the integral to areas and volumes.</p>
MATH 2008 3-0-3	<p>Foundation of Numbers and Operations <i>Prerequisite: C or Higher in MATH 1001, MATH 1111 or MATH 1113</i> Area F introductory mathematics course for early childhood education majors. The emphasis will be on understanding and use of major concepts of number and operations. As a general theme, strategies of problem solving will be used and discussed in the context of various topics.</p>
MATH 2012 4-0-4	<p>Calculus II <i>Prerequisite: C or higher in MATH 1540</i> Topics include techniques of integration, further applications of the integral, a study of exponential and logarithmic functions, improper integrals, indeterminate forms, infinite series, and power series.</p>
MATH 2013 4-0-4	<p>Calculus III <i>Prerequisite: C or higher in MATH 2012</i> Topics include polar coordinates, parametric equations, and multi-variate calculus including partial differentiation, multiple integration, and vectors in two-dimensional and three-dimensional space.</p>
MSCI 1111	<p>Introduction to Military Science</p>

0-2-1	<p><i>Co-requisite: MSCI 1510</i></p> <p>Instruction provides the basics of the U.S. Army and its role in National Defense. Includes the following subjects: the roles of the U.S. Army in national defense, organization and branches of the U.S. Army and its role, customs and traditions of the service, military writing, implementing a personal physical fitness program, role of the ARNG and USAR, and roles of the commissioned and non-commissioned officer.</p>
MSCI 1510 0-2-1	<p>Mountaineering</p> <p><i>Co-requisite: MSCI 1111</i></p> <p>A course designed to introduce mountaineering skills, fundamentals and knowledge.</p>
MSCI 1122 2-0-2	<p>Basic Military Leadership</p> <p>Continues the development of critical military skills, leadership, and management techniques. Provides basic leadership techniques and principles, professional ethics and senior subordinate relationships. Skills development includes instruction in basic marksmanship techniques including safety procedures and firing Army small arms weaponry. One weekend field trip is required.</p>
MSCI 2121 2-0-2	<p>Basic Military Skills</p> <p><i>Prerequisite: MSCI 1122</i></p> <p>Instruction and practical exercises covering basic skills necessary as a future leader in the U.S. Army. Includes the following subjects: land navigation and map reading, basic first aid, survival and communications.</p>
MSCI 2122 2-0-2	<p>Basic Military Tactics</p> <p><i>Prerequisite: MSCI 1122</i></p> <p>Introduces students to the fundamentals of Army leadership and management techniques. Focus is placed on the mission, organization and composition of small unit teams, principles of offensive operations stressing firepower, movement, communications techniques and introduction to troop leading procedures.</p>
MUSC 1100 3-0-3	<p>Music Appreciation</p> <p>Introduction to Music History and Literature.</p>
NURS 3101 3-0-3	<p>Transition into Professional Nursing</p> <p><i>Prerequisite: Admission into RN-BSN Program</i></p> <p>This course is designed to build upon a solid liberal education base, previous nursing knowledge and skills obtained at the Associate Nursing degree level. This course will focus on nursing theory, the role of evidence-based practice in nursing. This course will investigate nursing professional roles as advocates for the patient and the profession, inter-professional team member; critical analysis of national and global socio-political, economic, cultural, ethical-legal, professional certification and professional issues affecting nursing practice and health care.</p>
NURS 3102 3-2-4	<p>Health Assessment</p> <p><i>Prerequisite: Admission into RN-BSN Program</i></p> <p>This course is designed to build upon assessment skills acquired in the ASN and clinical practice setting. Current skill levels will be enhanced through didactic instruction for clients across the lifespan. The interview process will be explored, emphasizing health history. A cultural approach will be included. The clinical/simulation laboratory hours will allow for the practice of new assessment techniques and offer an opportunity to develop interview skills.</p>
NURS 3103 3-0-3	<p>Nursing Research: Introductory Evidence-Based Practice</p> <p><i>Prerequisite: MATH 1121 and Admission into RN-BSN Program</i></p> <p>This novice level course teaches basic nursing research techniques and introduces the role of research as a foundation for evidence-based nursing practice. The course will introduce the practical application of research to nursing practice. The critique of published nursing research will enhance the understanding of the research process and its application to evidenced-based nursing. Students will read and analyze published scholarly research. The student will apply the principles learned through select written activities.</p>
NURS 3104 3-6-5	<p>Health Promotions in Communities</p> <p><i>Prerequisite: 'C' or higher in NURS 3101</i></p> <p>A course which emphasizes the health problems of individuals, families and groups found across the lifespan in the community. This course provides an in depth examination of the theories and principles of community and public health nursing. Emphasis is placed on community health assessment, identification of vulnerable populations and the exploration of global health issues. Students apply the concepts learned in the classroom in a variety of community settings. Prevention and health promotion are themes that will be explored.</p>
NURS 4115 3-6-5	<p>Professional Nurse as Leader/Designer/Manager/Coordinator</p> <p><i>Prerequisite: 'C' or higher in NURS 3101</i></p> <p>A course which reviews specific principles of leadership and management as they relate to health care delivery and to specific nursing roles. This course expands the evidence-based knowledge of nurse leader/designer/manager concepts for the Associate degree prepared students. The course is designed for the student that is progressively developing into competent status and provides opportunity to observe and practice these concepts in the clinical setting as a coordinator of care. Concepts discussed include, but are not limited to, human resource management, self-care, high quality and safe patient care, group and organizational dynamics, communications and fiscal management incorporating an introduction to Lean Six Sigma principles.</p>
NURS 4116	<p>Ethics in Nursing</p>

For an up-to-date copy of this procedure page on the EGSC website.

3-0-3	<p><i>Prerequisite: Admission into RN-BSN Program</i></p> <p>A course which explores current models for ethical decision-making. This course will focus on ethical and moral principles utilized in the healthcare setting. Selected ethical dilemmas in nursing practice will be analyzed. Case studies that illustrate the principles and dilemmas faced such as informed consent, refusal or treatment, and quality of life in the health care setting will be discussed. There will be an emphasis on the self-evaluation of personal and professional values.</p>
NURS 4117 3-12-7	<p>Current Trends, Issues and Intervention: Implementation of Evidence-Based Practice</p> <p><i>Prerequisite: 'C' or higher in NURS 3103 and NURS 4115</i></p> <p>A course designed to be taken in the final semester of the RN-BSN curriculum. As a capstone course, the synthesis of nursing curriculum and core curriculum concepts are applied. Continuous self-evaluation of professional role synthesis is emphasized. The student assumes the meaningful role of professional nurse as care provider, researcher, teacher, manager, and advocate for individual patients, communities and global health issues. Critical critique and inquiry will be utilized for exploration of a nursing problem/issue in a clinical setting. Under the guidance of a faculty mentor, the student will submit a proposal to formulate and complete an evidence-based project aimed at quality improvement to provide high quality healthcare. The student will submit a professional portfolio articulating the pursuit of excellence in nursing practice, professional growth and development, and the value of lifelong learning to nursing practice.</p>
PHED 1011 0-2-1	<p>Archery</p> <p>Emphasizes development of archery techniques, skills and safety. Students may be required to purchase some basic equipment.</p>
PHED 1021 0-2-1	<p>Badminton</p> <p>Fosters the development of basic techniques and strategies of badminton.</p>
PHED 1031 0-2-1	<p>Touch/Flag Football</p> <p>Develops football skills and provides friendly class competition.</p>
PHED 1041 0-2-1	<p>Dance</p> <p>Emphasizes basic techniques in square, folk and social dance.</p>
PHED 1051 0-2-1	<p>Softball</p> <p>An activity that provides time for development of softball skills and strategies.</p>
PHED 1061 0-2-1	<p>Volleyball</p> <p>Emphasizes the development of volleyball skills, team coordination, and strategies.</p>
PHED 1071 0-2-1	<p>Fitness Walking</p> <p>Teaches an individual the fundamentals of walking for exercise and helps the individual achieve some level of physical fitness that is fun as well as recreational.</p>
PHED 1081 0-2-1	<p>Foundations of Health Promotion</p> <p>Concepts of weight control, physical fitness, and wellness will be stressed. A health promotion profile will be developed for each individual's needs.</p>
PHED 1091 0-2-1	<p>Beginning Golf</p> <p>The fundamentals of golf including etiquette, rules, and proper technique.</p>
PHED 1101 0-2-1	<p>Aerobics</p> <p>Introduces aerobic skills and knowledge.</p>
PHED 1141 0-2-1	<p>Weight Training</p> <p>Teaches a student the fundamentals and proper techniques of weight training. The student will demonstrate the various skills and techniques necessary to execute various weight training lifts and design a program to meet his/her individual needs.</p>
PHED 1151 0-2-1	<p>Tennis</p> <p>Stresses basic tennis techniques, etiquette and rules.</p>
PHED 1161 0-2-1	<p>Basketball</p> <p>Fundamentals of basketball will be taught and practiced.</p>
PHED 1171 0-2-1	<p>Recreational Outdoor Sports and Activities</p> <p>Provides the student varied experiences in activities such as tennis, horse shoes, back packing, canoeing and other recreational activities.</p>
PHED 1181 0-2-1	<p>Recreational Indoor Sports and Activities</p> <p>Affords the student varied experiences in activities such as card games, billiards and other recreational activities.</p>
PHED 1191 0-2-1	<p>Soccer</p> <p>Develops both cognitive and psychomotor skills in soccer within the realm of friendly competition.</p>
PHED 1201 0-2-1	<p>Team Handball</p> <p>Develops fundamental motor skills such as running, throwing, catching, jumping, and defensive and offensive strategies.</p>
PHED 1211	<p>Introduction to Jogging</p>

0-2-1	Teaches the fundamentals of jogging for exercise and health. Enables individuals to achieve some level of physical fitness that is fun and recreational.
PHED 1221 0-2-1	Introduction to Disc Golf Instruction in the fundamentals and proper techniques of disc golf: driving, midrange play, and putting. In addition, students will learn fundamentals of individual and team competition. Students will develop a thorough knowledge of all aspects of this game.
PHED 1231 0-2-1	Beginning Bowling The course teaches students the fundamentals and proper techniques of bowling; approach, the swing, and the follow-through of the life-time activity. In addition, the student will learn the fundamentals of individual competition as well as team competition. Finally, the students will develop a thorough knowledge of all aspects of the life-time activity.
PHED 2011 3-0-3	Foundations of Health & Physical Education Studies the historical and philosophical foundations of health, physical education and recreation. Emphasis will be placed on the individual's area of concentration. This will include professional characteristics, qualifications, abilities and future employment. A practicum is required for this class. Membership in the Student Professional Association of Georgia Educators (SPAGE) is recommended.
PHED 2021 3-0-3	Games and Activities for Preschool and Elementary Children The study and practice of various group activities and lead-up games to team sports. A practicum is required in preschool or elementary school for this course. Membership in the Student Professional Association of Georgia Educators (SPAGE) is recommended.
PHED 2031 0-2-1	Practicum in Health, Physical Education and Recreation The study and practice of individual and group activities in a real setting is extremely valuable. A practical experience with local school systems, parks and recreation organizations, and health agencies will be arranged for each student.
PHED 2041 3-0-3	Introduction to Health and Recreation Fields An introductory course into the health and recreation fields for non-education majors.
PHED 2101 0-2-1	Intermediate Aerobics <i>Prerequisite: PHED 1101</i> Introduces intermediate aerobic skills.
PHED 2151 0-2-1	Advanced Tennis Designed for the student who has developed skills beyond the beginner. In this course, additional shots (lob, drop, etc.) will be taught as well as planning and decision-making in shot selection and game strategy.
PHYS 2211 3-2-4	Physics I: Classical Mechanics <i>Prerequisite: C or higher in MATH 1113</i> Classical Mechanics in an introductory, calculus-based course emphasizing the principles of classical physics. Although Newtonian mechanics is emphasized, other select topics in classical physics including thermodynamics and oscillatory motion are discussed.
PHYS 2212 3-2-4	Physics II: Electricity and Magnetism, Optics <i>Prerequisite: C or higher in PHYC 2211</i> Electricity and Magnetism, Optics is a calculus-based course emphasizing the principles of classical physics.
POLS 1101 3-0-3	American Government A study of the political structures and actual functions of the various levels of government in the United States. The national government plus state and local governments of Georgia will be emphasized. Successful completion satisfies the legislative requirements for instruction in the constitutions of the U. S. and Georgia.
POLS 2101 3-0-3	Introduction to Political Science <i>Prerequisite: C or higher in POLS 1101</i> This course is designed to provide a foundation for and a focus on the theories and language of the discipline and on political inquiry.
POLS 2201 3-0-3	State and Local Government <i>Prerequisite: C or higher in POLS 1101</i> A three (3) hour survey course providing students with an introduction to state and local governments. The course examines political actors, institutions, formal rules and informal processes associated with federal system of intergovernmental relations. Particular emphasis is placed on policymaking at the state and local level. Because of the federal nature of the U.S. political system, the course will also focus on current events at all levels of government.
POLS 2301 3-0-3	Comparative Politics <i>Prerequisite: C or higher in POLS 1101</i> Comparative Politics introduces students to important theoretical approaches to comparing different political systems, and then helps students employ empirical analysis to address such questions as: Why does democracy flourish in some environments and not others? How does the nature of political institutions influence public policy? How are interests aggregated and represented in different political systems? By addressing these kinds of questions in the context of past and present political systems, student develop a broader understanding of the variety of ways that people can organize a political system and a deeper understanding of human political diversity. Students also familiarize themselves with the theoretical approach specific to comparative politics and with the methods used by social scientists generally.
POLS 2401	Global Issues

3-0-3	<i>Prerequisite: POLS 1101</i> Acquaints the student with institutions and issues surrounding the world political system, including, but not limited to diverse topics such as theories of war, industrial development, international political economy, trade, national security, and terrorism. Current global issues are also explored. Students learn to think both normatively and descriptively. Additionally, the students are afforded a cursory introduction to the discipline of political science.
POLS 4300 3-0-3	Public Budgeting and Decision Making This course introduces students to the theory and practice of public budgeting and strategic decision-making. It emphasizes budgeting in local government because of its historical role as an incubator for fiscal innovations and its accessibility to citizens. This course equips students with basic competence in technical terminology, institutional environment, management systems, and technological aspects in budgeting and finance.
POLS 4890 3-0-3	Personnel Management for Fire and Emergency Services This course examines relationships and issues in personnel administration and human resource development within the context of fire and emergency services-related organizations, including personnel management, organizational development, productivity, recruitment and selection, performance management systems, discipline and collective bargaining.
PROB 1101 1-0-1	Problem Solving I An interdisciplinary course in science and mathematics. Projects from a variety of areas including biology, chemistry, geology, mathematics and physics will be considered. Emphasis will be placed upon the interdisciplinary nature of the sciences. <i>Available only as a directed study course.</i>
PROB 1102 1-0-1	Problem Solving II A continuation of PROB 1101. Students may select a second project <i>Available only as a directed study course.</i>
PSYC 1101 3-0-3	General Psychology An introduction to the study of psychology as an experimental quantitative science in understanding one's self and others. Major topics include learning principles, personality development, the nature of conflict and adjustment and individual tests and measurements.
PSYC 2101 3-0-3	Psychological Adjustment <i>Prerequisite: PSYC 1101, SOCI 1101 or consent of the instructor</i> Examines the dynamics of both normal and non-integrative adjustment. Conflicts, fears, anxieties, and frustrations are studied in order that effective mental hygiene and emotional stability may be developed in the individual.
PSYC 2102 3-0-3	Psychology of Abnormal Behavior <i>Prerequisite: PSYC 1101 or consent of the instructor</i> Studies current views of abnormal behavior. Consideration will be given to theories and research regarding prevention, causation, and treatment of undesirable behavior.
PSYC 2103 3-0-3	Human Growth and Development <i>Prerequisite: PSYC 1101, SOCI 1101 or consent of the instructor</i> A study of growth and development from conception to death, emphasizing the various phases of development and their relation to the processes of maturation and learning. Emphasis is placed on the development of motor skills, emotional behavior, intellectual skills, personality characteristics, and social awareness at various stages.
RECR 1530 3-0-3	Introduction to Recreation Historical examination of the leisure services profession, sociological, economic, psychological, political and technological consideration for the delivery of leisure and recreational services in a contemporary society.
RECR 2131 3-0-3	Introduction to Therapeutic Recreation An overview of the models of therapeutic recreation practices. Students will demonstrate an understanding of the underlying philosophical and historical underpinning for the therapeutic recreation profession. Students will demonstrate knowledge of the rationale for the inclusion of therapeutic recreation in the health care delivery system. Students will demonstrate an understanding of the etiology of disease with the specific implications for the provision of therapeutic recreation service delivery.
RECR 2530 3-0-3	Leadership and Programming in Leisure Services The course provides a basic understanding of the practice and theory of recreation program development and leadership in various service settings. It covers the process of recreation programming, principles of leadership, meeting the needs of a diverse population, and the implementation of programs and activities.
SCIE 1101 1-0-1	Science in Society <i>Prerequisite: Completion of BIOL 1107, GEOL 1121, CHEM 1211, PHYS 2211 or ISCI 1101</i> The objective of this course is to introduce students to various forms of published scientific literature. Students will learn how to read, interpret, and critique scientific journal articles, as well as do literature searches using scientific databases. In the first half of the course, students will read selected articles provided by the instructor and, as a class, analyze and critique the articles. In the second portion of the course, the students themselves will select and interpret a journal article of their choice and present their analysis to the class. The goal is to have students become more familiar with the reading and understanding of scientific literature which will benefit them as they pursue a career in a scientific discipline.
SOCI 1101 3-0-3	Introduction to Sociology The structure of society is examined along with the interacting forces which produce change, stability, and continuity in the society. Humankind as a social being is analyzed.
SOCI 1160	Social Problems

- 3-0-3 *Prerequisite: SOCI 1101*
Deals with the major social problems in society from the sociological perspective. Emphasis is placed upon identifying the problems in order that they can be dealt with constructively.
- SOCI 2000**
3-0-3 **Introduction to Social Science Research Methods**
Prerequisite: SOCI 1101; May be taken concurrently with SOCI 1160 and/or MATH 1121.
Introduction to Social Science Research Methods provides the student with a comprehensive treatment of research methods commonly used in the social sciences to analyze social phenomena in a rigorous and scientific manner. Topics include critical evaluation of research, ethics in research, issues of accuracy such as objectivity, validity, and reliability, the research process, inductive and deductive approaches, quantitative and qualitative studies, surveys, experimental studies, and use of existing database resources. Students will learn the necessary practical skills required for the practice and application of research and the skills required for both written and oral dissemination of research results.
- SOCI 2293**
3-0-3 **Introduction to Marriage and Family**
Prerequisite: SOCI 1101
Value systems, the relationship of the family to other social institutions, communication problems and marital problems are among the topics investigated.
- SPAN 1001**
3-0-3 **Elementary Spanish I**
Designed for the student who has had little or no exposure to the language. Emphasis will be placed on speaking, reading and writing Spanish through the study of grammar, composition, and pronunciation. Students will be introduced to the culture of Spanish-speaking regions and countries. Classes will be conducted in the language to the fullest extent possible. This course is intended to be used for students who must satisfy a CPC deficiency in foreign language; however, it may also be used as humanities credit in certain majors and transfer pathways.
- SPAN 1002**
3-0-3 **Elementary Spanish II**
Prerequisite: SPAN 1001 or high school equivalent
Increased emphasis on conversation, reading, and writing and further study of the culture of Spanish-speaking regions and countries. Classes will be conducted in the language.
- SPAN 2001**
3-0-3 **Intermediate Spanish I**
Prerequisite: SPAN 1002 or high school equivalent
Continued study of the fundamentals of Spanish, with increased emphasis on composition and reading. Classes will be conducted in the language.
- SPAN 2002**
3-0-3 **Intermediate Spanish II**
Prerequisite: SPAN 2001 or high school equivalent
Completion of essential grammar study including selected readings from representative authors in Spanish and written literary analysis. Classes will be conducted in the language.
- THEA 1100**
3-0-3 **Theatre Appreciation**
Survey and critical appreciation of Theatre.
- THEA 1110**
3-0-3 **Fundamentals of Acting**
Prerequisite: COMM 1110
An introduction and exploration will focus on the principles of the art of acting and explore the methods, styles and techniques. Instruction includes class lectures, exercises, and scene study. No prior acting experience required. This course will examine acting methods, styles and techniques helping students learn life skills such as: developing an informed perception, articulating a vision, developing self-confidence and self-discipline, problem solving and decision making. Studying acting will enhance the student's imagination, critical thinking and will refine cognitive and creative skills.

****NOTE:** East Georgia State College reserves the right to (1) withdraw any course, (2) limit the enrollment in any course or class section, (3) fix meeting time of all classes and sections and (4) offer such additional courses as demand and faculty warrant.

EGSC Executive/Administrative Staff

Dr. Bob Boehmer	President B.A., J.D., University of Oregon
Donald D. Avery	Vice-President for Student Affairs A.A., Brewton Parker College; B.B.A., M.B.A., Ed.D., Georgia Southern University
Walter “Ty” Fagler	Manager of Infrastructure Services A.A., East Georgia College
Rebecca S. Foskey	Director of Accounting Services A.A., East Georgia College; B.B.A., Georgia Southern University
Cliff Gay	Vice-President for Business Affairs A.A., East Georgia College; B.S., M.A.C.C., Georgia Southern University
Wiley Gammon, Jr.	Chief of Police/Director of Public Safety B.A., Georgia State University; M.S. Columbus State University
Elizabeth W. Gilmer	Vice-President for Institutional Advancement B.S. University of South Carolina; M.B.A., Georgia Southern University
Michelle Miller Goff	Director of Business Operations A.A., East Georgia College
David Gribbin	Director of Institutional Research A.A., Valley Community College; B.S., M.S., Illinois State University; M.Acc., Georgia Southern University
Sherri Helms	Director of Student Conduct B.A., LaGrange College; M.S., Fort Valley University
Karen L. Jones	Associate Vice-President for Enrollment Management A.A., East Georgia College; B.S. Troy University; M.A. Ashford University
Caroline Joyner	Director of East Georgia State College—Statesboro A.A., Coastal Georgia Community College; B.B.A., M.B.A., Georgia Southern University
Nick Kelch	Director of East Georgia State College—Augusta B.A., University of South Carolina; M.A., Victory Christian College
Norma Sumner Kennedy	Associate Vice-President of Institutional Advancement A.A., East Georgia College; B.S., Georgia Southern University
Stacey Grant	Director of Physical Education Complex/Military Resource Center B.S., M.Ed., Georgia Southern University
Deborah Kittrell-Mikell	Director of Academic Advisement B.S., M.S., M.S., Ed.S., Ed.D. Georgia Southern University
David McFarren	Manager of Enterprise Services A.A., East Georgia College; B.B.A., Georgia Southern University
Georgia T. Mathews	Student Affairs Director - Admissions A.A.S., A.A., East Georgia College; B.A., M.A., Ashford University
Teresa S. Oglesby	Manager of Support Services A.A., East Georgia College; B.B.A., Georgia Southern University
Tabithia Ross	Registrar A.A., East Georgia College; B.S., M.Ed., Georgia Southern University
Michael P. Rountree	Vice-President for Information Technology Services A.S., East Georgia College; B.B.A., M.B.A., Georgia Southern University
Sylvia R. Rozier	Director of Nursing A.S., Middle Georgia College; B.S., M.S., Georgia College and State University; D.N.P., Georgia Regents University
Jean Schwabe	Director of Community Learning Center B.S.Ed., Georgia Southern University; Masters – Reading, School Counseling, Edu. Leadership, Georgia Southern University
Vicki B. Sherrod	Director of Student Life A.A., East Georgia College; B.B.A., Georgia Southern University
Mary Claffey Smith	Chief of Staff/Legal Affairs B.A., Augusta State College; M.C.J., University of South Carolina; J.D., Mercer University
David Steptoe	Director of Plant Operations
Angela Storck	Director of Housing B.B.A., M.Ed., Kent State University
Ruth M. Underwood	Director of Dining Operations A.A., Brewton-Parker College
Kristin Ott Waters	Director of Academic Center for Excellence A.A. East Georgia College; B.A., Brewton-Parker College
Sheila D. Wentz	Director of Financial Accounting A.A., Armstrong State University; B.B.A., M.B.A., Georgia Southern University
Vera M. Williams	Director of Financial Accounting

A.A., East Georgia State College; B.B.A., Georgia Southern University; M.B.A., University of Phoenix Online
Charles A. Wimberly, Jr. **Athletic Director**
 A.A., East Georgia College; B.S., Georgia Southern University; M.S., Troy State University
Tracy M. Woods **Director of Human Resources/Career Services/Title IX Coordinator**
 A.A., East Georgia College; B.B.A., American InterContinental University

EGSC Faculty

David Altamirano **Assistant Professor of Sociology**
 B.S., M.A., Georgia Southern University

Da'Mon Andrews **Assistant Professor of Mathematics**
 B.S., Georgia Institute of Technology; M.Ed., Georgia Southern University

Keith J. Barrs **Assistant Professor of Mathematics**
 B.S., Armstrong Atlantic State University; M.S., Georgia Southern University

Armond Boudreaux **Assistant Professor of English**
 B.S., University of West Alabama; M.A., Ph.D., University of Southern Mississippi

Larry Braddy **Assistant Professor of Psychology**
 B.S., Mercer University; B.A., M.Ed., University of Georgia

James Brady **Assistant Professor of Communications**
 B.A., M.A., University of Pittsburgh

Alan Brasher **Professor of English**
 B.A., University of Montevallo; M.A., Ph.D., University of South Carolina

Thomas Caiazza **Professor of Political Science**
 A.A., Miami-Dade Community College; B.A., M.A., University of Central Florida; Ph.D., Clark Atlanta University

Kim S. Carr **Assistant Professor of Mathematics**
 B.S., M.ED., Georgia College & State University; Post Graduate, Georgia Regents University

Randy Carter **Assistant Professor of Political Science**
 B.A., Mississippi University of Women; M.P.P.A., Mississippi State University

Paul Cerpovicz **Professor of Chemistry**
 B.S., Westfield State College; Ph.D., Kansas State University

Howard L. Cheek **Dean of the School of Social Sciences and Professor of Political Science and History**
 B.A., M.P.A., Western Carolina University; M. Div., Duke University; Ph.D., The Catholic University of America

David Chevalier **Interim Biology Chair and Associate Professor of Biology**
 B.S., University of Tours, France; M.S., University of Montpellier, France; Ph.D., University of Zurich, Switzerland

Brittany L. Current **Assistant Professor of Criminal Justice**
 B.A., University of Toledo; M.S., Troy University; M.S., Saint Leo University; Ph.D., Saybrook University

Valerie Czerny **Associate Professor of English**
 B.A., Eckerd College; M.A., University of Arizona; Ph.D., Florida Atlantic University

Jeniba Dart **Associate Professor of Spanish**
 B.A., Armstrong Atlantic State University; M.A., Universidad de Salamanca

Gina Denton **Assistant Professor of English**
 B.A., University of Tennessee; M.A., M.F.A., Ph.D., University of Memphis

John Derden **Director of the Vision Series and Heritage Center**
 A.A. Reinhardt College; B.S., M.A., Ph.D., University of Georgia

Reid S. Derr **Professor of History**
 B.A., Franklin and Marshall College; M. Div., Covenant Theological Seminary; M.S. and Ph.D., University of Southern Mississippi

Darlene Dickens **Instructor of Biology**
 A.A., East Georgia College; B.S., Georgia College; M.Ed., Georgia and State University

Antre' M. Drummer **Assistant Professor of Mathematics**
 B.S., M.S., Georgia Southern University

Johnna Eaton **Assistant Professor of Physical Education**
 B.S., M.S., Georgia Southern University

Ronald Ellison **Assistant Professor of Speech**
 B.S.Ed., Tennessee Temple University; M.A., University of Georgia

John E. Gleissner **Instructor of Mathematics**
 B.S., M.S., M.S., University of South Carolina

Natasha Goss **Assistant Professor of Accounting and Business**
 A.A., East Georgia College; B.B.A., M.A., Georgia Southern University

Raymond L. Hayes **Assistant Professor of Economics**
 B.S., Tennessee Technological University; M.B.A., University of Northern Colorado; M.A., Central Michigan University; M.S., Troy State University

Pamela L. Hoke **Instructor of English**

- B.A., M.A., George Mason University; Ed.D., Nova Southeastern University
Kenneth Homer **Associate Professor of English and Reading**
 B.A., California State University; M.A., Fresno Pacific College, Fort Hays State University
- Patricia Homer** **Assistant Professor of English**
 B.A., Augusta State University; M.A., Georgia Southern University
- Corrina J. Honeycutt** **Instructor of English**
 B.A., B.S., East Tennessee State University; M.A., Kansas State University
- Mark Hovind** **Associate Professor of Speech**
 B.A., Ohio State University; M.A., University of South Carolina; Ph.D., University of Oklahoma
- Jeffery Howell** **Associate Professor of History**
 B.A., University of Mississippi; M.Div., Mid America Baptist Theological Seminary; M.A., Ph.D., Mississippi State University
- Courtney Joiner** **Associate Professor of History**
 B.A., M.A., Georgia Southern University
- Tori Kearns** **Professor of Psychology**
 B.A., Swarthmore College; M.A., Ph.D., University of South Carolina
- Jing Kersey** **Assistant Professor of Mathematics**
 B.S., Hubai University; M.S., Georgia Southern University
- Brett G. Larson** **Assistant Professor of Political Science**
 B.A., Patrick Henry College; M.A., Ph.D., Catholic University of America
- Steve Lavender** **Assistant Professor of English**
 B.A., Kennesaw State; M.F.A., Georgia College
- Deborah Lee** **Assistant Professor of Psychology**
 B.S., University of South Alabama; M.S., Georgia Southern University
- Jaehyuk Lee** **Assistant Professor of Economics**
 B.A., Hanyang University; M.A., The University of Oklahoma; Ph.D., Auburn University
- Jason Lee** **Instructor of Math and Science**
 B.S., M.Ed., Armstrong Atlantic State University
- Candace Lynn** **Assistant Professor of Mathematics**
 B.S., M.S., Georgia Southern University
- Daniel K. Mancill** **Associate Professor of Political Science**
 B.A., M.A., Mississippi State University
- Robert Marsh** **Assistant Professor of Math**
 B.S.N.E., M.S.N.E., Georgia Institute of Technology; B.B.A., M.B.A., Georgia Southern University
- Walter C. Mason** **Professor of Physical Education**
 B.S., Berry College; M.S., Ph.D., Vanderbilt University
- Deena McKinney** **Director of Distance Education/Professor of History**
 B.A., University of North Carolina; M.A., Ph.D., University of Georgia
- Dana Nevil** **Professor of English**
 A.B., M.A., University of Georgia; Ph.D., Georgia State University
- Carmine Palumbo** **Dean of the School of Humanities and Professor of English**
 B.A., Greensboro College; M.A., Virginia Polytechnic Institute and State University; Ph.D., University of Louisiana
- Jessica Palumbo** **Assistant Professor of English**
 B.A., University of Georgia; M.A., Georgia Southern University
- Joseph R. Pittman** **Assistant Professor of Biology**
 B.S., Shorter College; M.S., University of West Georgia; ABD., Mississippi State University
- Desmal Purcell** **Associate Professor of Art**
 B.A., Armstrong Atlantic State University; M.A., Georgia Southern University
- J. Edward Schneider** **Associate Professor of Biology**
 B.S., Bethany Nazarene College; M.P.H., Ph.D. University of Oklahoma
- Martiana Segal** **Assistant Professor of Biology**
 B.S., University of Bucharest; M.S., Ph.D., Purdue University
- Sandra Sharman** **Professor of Reading**
 B.S., University of Mississippi; M.A.T. and M.Ed., East Tennessee State University; Ph.D., University of Georgia
- Amelia J. Simmons** **Assistant Professor of English**
 B.S., M.S., Georgia Southern University
- Breana Simmons** **Associate Professor of Biology**
 B.A., Olivet College; M.A., Michigan State University; Ph.D., University of Georgia
- LaShaune N. Smith** **Assistant Professor of Mathematics**
 B.S., M.S., Ph.D., University of South Carolina
- James H. Smoyer, III** **Assistant Professor of Biology**
 A.A., East Georgia College; B.S., M.S., Georgia Southern University
- David Strickland** **Professor of Sociology; Director of First-Year Experience**
 B.A., Southeastern College; M.A., Georgia Southern University
- Jessica Todd** **Associate Professor of English and Spanish**

	B.A., M.A., Georgia Southern University
Thomas A. Upchurch	Professor of History
	B.S., M.S., Delta State University; Ph.D., Mississippi State University
Sebastian V. Verdis, Jr.	Associate Professor of Speech
	B.A., Towson State University; M.A., Emporia State University
Harry L. Vogel	Associate Professor of Sociology
	B.S., James Madison University; M.A., Western Kentucky University; Ph.D., Kansas State University
Mina Vora	Associate Professor of Mathematics
	B.S., Gujarat University; M.S. Georgia Southern University
Mary A. Waalkes	Associate Professor of History
	B.S., M.A., Ph.D., University of Colorado
Beverley E. Walker	Director and Assistant Professor of the Fire and Emergency Services
	B.S., M.S., Georgia State University; M.Ed., Columbus State University; Graduate, Executive Fire Officer Program, National Fire Academy
Gale Watson	Assistant Professor of Mathematics
	B.A., West Liberty State College; M.A., Ph.D., Ohio States University; M.S., University of Oregon
Jimmy Wedincamp	Dean of the School of Mathematics and Natural Science; Professor of Biology
	A.A., East Georgia College; B.S., M.S., Georgia Southern University; Ph.D., Louisiana State University
Mary Kathleen Whitaker	Associate Professor of English
	B.A., Armstrong State College; M.A., Georgia Southern University
Yelena White	Associate Professor of Physics
	B.S. Kazakh St. National University; M.S., Ph.D., Vanderbilt University
Shawna Williams	Assistant Professor of Spanish
	B.S., M.A., Georgia Southern University
Eric Wruck	Associate Professor of Psychology
	B.A., M.S., California State University; M.S., Ph.D., Texas A&M
Fang "Christine" Xie	Associate Professor of Mathematics
	B.E., University of Petroleum-China, Beijing; M.T., M.S., Georgia Southern University
Lisa S. Yocco	Assistant Professor of Mathematics
	B.S., Augusta College; M.S., Florida State University
Connie Young-Johnson	Assistant Professor of Speech
	B.S., California State University; M.A., University of Southern California

EGSC Professional Staff

Pamela E. Adams	Accountant II

Glossary

Academic Dismissal	Dismissal from the college for failure to maintain the required grade point average or failing to exit a learning support area within the number of attempts allowed.
Academic Year	The college academic year consists of two 15-week semesters (fall and spring) and a shorter summer semester.
Accuplacer	A test evaluating a student's proficiency in Mathematics, Reading, and Writing for the purpose of determining proper course placement.
Accredited or Approved	A school that has met the standards of quality imposed by professional groups and/or accrediting agencies.
American College Testing (ACT)	The ACT Assessment Program (ACT) is a comprehensive guidance oriented service that helps colleges, high schools, and students in the transition from high school to college. Students participate in the program by completing an educational/biographical questionnaire, an interest inventory, and four tests of educational development in English, mathematics, social studies, and natural sciences. After analyzing the information obtained, ACT prepares reports for use by students, high schools, and colleges in career and college planning, admission and placement, and academic advising. One of two national tests a student may take to complete admission requirements. This test measures mathematical and verbal skills much like the Scholastic Aptitude Test (SAT).
Associate Degree— Associate of Arts (A.A)	A post-secondary degree granted after at least two years of full-academic study beyond the completion of high school and the fulfillment of college graduation requirements.
Audit	To enroll in a course as an observer or listener without receiving academic credit. A "V" appears on the record instead of a grade.
Baccalaureate Degree— Bachelor of Arts (B.A.)/ Bachelor of Science (B.S)	A post-secondary degree granted after completing at least four years of full-time academic study beyond the completion of high school and the fulfillment of college graduation requirements.
Core Curriculum	A degree program established to provide uniformity among and within the units of the University System. The Core, prescribed as the first two years of college, provides for 60 semester hours of study, of which 42 are in general education and 18 are in a major area of study.
Course Load	A full-time student usually enrolls for 4 or 5 academic courses plus a physical education course. Most courses carry 3 semester hours credit each, while physical education courses may carry 1 or 2 hours credit.
Learning Support Courses	Courses within the college's program of remedial study planned to correct deficiencies and improve a student's competence in areas of English, and Mathematics.
Full-Time Student	A student enrolled for a minimum of 12 credit hours each semester.
Good Standing	A designation that signifies a student is eligible to continue, to return, or to transfer. It implies good academic standing.
Grade Point Average (GPA)	Calculated by dividing the number of quality points earned by the number of credit hours attempted. Institutional Credit - Credit awarded by an institution that is nontransferable and does not count toward graduation.
Matriculation	The process of enrolling into college.
Overload	Course loads of 18 semester hours or more during the fall or spring semester. Students may not register for more than 17 semester hours without written permission from the Vice President for Academic Affairs.
Part-Time Student	A student enrolled in fewer than 12 credit hours each semester.
Permanent Record	The student's official academic record housing the Registrar's Office.
Quality Points	Points per semester hour assigned to a passing grade indicating the numerical value of the grade (A=4, B=3, C=3, D=1, F=0, WF=0)
Required High School Curriculum (RHSC)	The required high school curriculum is the course of study students should follow in high school to prepare for college and applies to those graduating from high school 2012 or thereafter. This requirement was formerly known as college preparatory curriculum (CPC).
Scholastic Aptitude Test (SAT)	The SAT is a multiple choice test made up of verbal and math sections. The verbal questions test your vocabulary, verbal reasoning, and understanding of what you read. The math questions test your ability to solve problems involving arithmetic, elementary algebra, and geometry.
Semester Credit Hours	The amount of credit assigned to each course. Example: English Composition (ENGL 1101) = 3 semester credit hours.
Transcript	An official copy of a student's academic record at an institution.
University System of Georgia	All state-operated, public institutions of higher education in Georgia composed of 4 research universities, 4 comprehensive universities, 9 state universities, 12 state colleges, Georgia Public Libraries and the Georgia Archives.
